Government of West Bengal, in the Labour Department, by order Nos. 2870Dis./D/15L-8/52, dated 28th October 1952 and 4705Dis./D/15L-19/53, dated the 10th December 1953, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Gulf Oil (India), Ltd., P/13, Mission Row Extension, Calcutta-1, and their employees represented by Gulf Oil Workers' Union, regarding the matters specified in the following schedule to this Tribunal for adjudication.

SCHEDULE.

(1) Bonus.

(2) Whether the Company was justified in terminating the services of Shri T. C. Mehta? What relief is he entitled to?

AWARD.

At the outset the Company's lawyer raised the preliminary objections that the Union through its the then Secretary Mr. Basu settled the case and filed a statement to the effect that the bonus issue has been settled and the issue concerning Shri Mehta is not at all a part of the cause taken up by the Union and

therefore it has been contended that the Union or the workmen cannot now take up the case of bonus at this stage. The other point taken is that Shri Mehta claims that he is a permanent employee of the Company in its branch at Delhi and therefore his discharge at a time when he was working in Calcutta Branch on deputation cannot give the Tribunal of West Bengal, any jurisdiction to hear the said issue. On the two points my decision are as follows :—

It appears from the record that on the 13th August 1952, Mr. Basu, the then Secretary of the Union, expressed that the bonus issue has been settled and that the issue regarding Shri Mehta was not a part of the cause taken up by the Union. It also appears that thereafter Shri Sarkar appeared on the scene and ousted Shri Basu and himself appeared as the representative of the said Union after taking into confidence the whole body of the workmen concerned. Government made this reference long after the said settlement of Shri Basu of August 1952. The workmen are now represented by Shri Sarkar who challenged the said statement of Shri Basu and ousted him. As the said statement has not been recorded and as the reference has been made on the basis of the challenge made by Shri Sarkar, I hold that the alleged "no dispute" as entered by Shri Basu cannot be taken cognizance of by this Tribunal and I hold that the dispute as referred by Government is still continuing between the Company and its workmen.

Regarding Mehta it is admitted that Mehta was sent to Calcutta Branch from Delhi by the Head Office at Bombay and that the said Head Office at Bombay terminated his services when he was working at Calcutta. The fact is not that the Head Office struck off Mehta's name from Delhi Branch establishment ; on the other hand, the Head Office terminated the services of Mehta in the Calcutta Branch where the name was being borne on its establishment for the time being. When the Company has its Head Office at Bombay and branch office at Calcutta and when the termination of service was done by the Head Office in respect of an employee working in the Calcutta Branch, the Company is to be held to be existing at Calcutta as well, where it has its branch office and where Mr. Mehta was working at the time of termination of his service. So this Tribunal has jurisdiction to hear this reference regarding discharge of Mehta.

Issue No. 2.—Whether the Company was justified in terminating the services of Shri T. C. Mehta. What relief is he entitled to?

First I take up the question of Shri Mehta. He was appointed by Messrs. Bird & Co. (also called F.W. Heilgers & Co.) on the 13th December 1948 on probation for six months at Delhi Branch. Bird & Co. was the Managing Agents of Messrs. Silvertown Lubricants (India), Ltd., under which name the Gulf Oil (India), Ltd., was then doing business. From the 1st April 1949, *i.e.*, before the probationary period of Shri T. C. Mehta expired the Silvertown Lubricants (India), Ltd., got rid of the Managing Agency of Bird & Co. At that time Shri Mehta had not completed his probationary period and it is not his contention that at that time he was confirmed in service. It was clearly stated in the letter of appointment (Ext. 1)—

> "You will be on probation for six months after which your appointment to our regular staff will be considered."

This letter of appointment was given by Bird & Co., not on behalf of any other Company. On the other hand, the following lines seem to be very significant, viz.,—

> "We have pleasure in appointing you to our staff in the Silvertown Lubricants (India), Ltd., section in grade 'C' ".
>
> "You will be on probation for six months after which your appointment to our regular staff will be considered".

The Company contends that Bird & Co., i.e., the Managing Agents, had their own staff also and Shri Mehta was appointed by Bird & Co. as its own employee, it may be to deal with the matters relating to the said Bird & Co.'s business, so far as Silvertown Lubricants, Ltd., was concerned. So it was stated in the letter—

"To our staff in the Silvertown Lubricants (India), Limited, Section".

It appears from the evidence that the employees appointed by Bird & Co. on behalf of Silvertown Lubricants (India), Ltd., were given option to join or not the services on the 1st April 1949, after the Managing Agency of Bird & Co. had ceased. There is no clear evidence that Shri Mehta was given any such option. No document to show any such option is forthcoming. However when there is no evidence that Silvertown Lubricants (India), Ltd., appointed Shri Mehta as a probationer and when there is no such case at all on the side of the Company, the question is whether Shri Mehta was appointed by Silvertown Lubricants (India), Ltd., as its own employee on the 1st April 1949, as a permanent hand or as a temporary hand. I find from the evidence that Mehta was transferred from Delhi office to Calcutta Office in August 1949, Ext. D5, dated 3rd August 1949, is the introduction letter by which the Delhi Office introduced Mehta to the Calcutta Manager Mr. Hempson and I find that in this letter it was clearly stated that Shri Mehta was being sent to Calcutta Office on deputation from Delhi. It also appears from the evidence that after reaching Calcutta Office he was taken in as a member of the provisional Provident Fund which had effect from 1st August 1949 and contributions from his salary were deducted from month to month for some time and that afterwards when the said Provident Fund System did not meet with the approval of the Head Office, the matter was dropped and his contributions were refunded like those of other employees. It also appears that from July 1950, the Company introduced a Provident Fund Scheme and since then Shri Mehta was a member thereof and he made contribution regularly from his salary. It also appears from the evidence that the Company paid him advance for travelling allowance to cover his expense of travelling from Delhi to Calcutta. It also appears that when a month later on Shri Mehta's wife came over from Delhi to Calcutta to join Shri Mehta, the Company bore Shri Mehta's wife's travelling expense also. From these circumstances I am clearly convinced that Shri Mehta was neither a probationer nor a temporary hand when he was transferred from Delhi to Calcutta (in August 1949) and that on the other hand I find that he was a permanent employee in the services of this Company and that he was transferred to Calcutta from Delhi on deputation to deal with some specific job. He was also paid Calcutta allowance, originally at the rate of Rs. 100 per month and later on at the rate of Rs. 150 per month in addition to his basic pay at the rate of Rs. 100 per month. He received Calcutta allowance at the rate of Rs. 150 per month up to March 1950. Thereafter he was not paid any Calcutta allowance but he was paid house rent at the rate of Rs. 20 per month with effect from April 1950. Although Shri Mehta's wife came over to Calcutta some time in November 1949, the fact is that Shri Mehta continued to get the Calcutta allowance at the rate of Rs. 150 per month up to March 1950. From the circumstances I may reasonably infer that the said Calcutta allowance was paid to him as "deputation allowance". So when his family came over to Calcutta, the Company was unwilling to pay him the Calcutta allowance any longer after March 1950, and since that time he was being paid house rent at the rate of Rs. 20 per month.

Mehta's specific job in the Calcutta Office was finished in the latter part of 1951 and accordingly the Company by letter, Ext. 3, dated the 26th October 1951, terminated his services with effect from 1st November 1951 and proposed to pay him one month's salary in lieu of notice and two months' salary in lieu

of earned leave due and he was asked to receive payments of his Provident Fund dues.

Shri Mehta's contention is that he has been victimised because he was insisting upon having payment of his Calcutta allowance at the rate of Rs. 150 per month in addition to house rent at the rate of Rs. 20 per month and when after specific job he was concerned in in Calcutta Office was finished, he applied for two months' leave with effect from 1st November 1951. Taking this advantage the Company terminated the services with effect from 1st November 1951. This termination of service of a permanent hand having led to the industrial dispute between Shri Mehta and the Company, the act of the employer, viz., the Company, becomes subject to scrutiny and it is for the employer to justify his act as having been inspired by real trade reason and not under the influence of a motive of unfair labour practice or any other extreneous consideration reflecting on the point of *bona fides* (Imperial Tobacco Company *vs.* Their workmen, 1952, 2 L.L.J., page 829). In the letter, Ext. 3, the Company made out that—

> "As Delhi has no vacancy, and as the task for which Mr. Mehta was specifically employed in Calcutta has ended, the Company have no other option but reluctantly to terminate his employment".

It appears from the newspaper (Ext. 4) (*Statesman*), issued on 7th March, Friday, 1952—

> that applications were invited by this Company for Delhi Office for the post of Junior Accountant on a scale of salary, 100—7/8—160 and dearness allowance.

From the evidence I find that Shri Mehta was doing the work of Assistant Accountant at Delhi Office when he was transferred from Delhi to Calcutta Office and that his job at Calcutta was also one of accountancy. The fact that so soon after the termination of the services of Shri Mehta, the Company wanted a candidate for similar post in its Delhi Office clearly indicates that there was really no reason to dispense with the services of Shri Mehta in the way as has been done by the Company. So my finding is that the Company was not justified in terminating the services of Shri T. C. Mehta.

Now the question is what relief he is entitled to? In the long written statement Mr. Mehta did not claim his reinstatement. Later on he prayed for reinstatement but it was an alternative prayer. At the trial however he prays for his reinstatement in service. The ordinary and normal remedy of such unjustifiable termination of services of a permanent hand would be reinstatement but in the present case there are certain circumstances which cannot be overlooked in order to consider whether reinstatement should be ordered or not. The claim for compensation as made by Shri Mehta is a long one consisting of as many as ten/eleven items and the total amount of the claim is to the tune of Rs. 27,490. The Company by its letter [Ext. B(3)] admitted the following claims only :—

(1) Extra allowance up to 31st October 1951.

(2) Salary for two months and a half in lieu of earned leave, with this remark that although two months' leave is under the rules of the Company allowed to be accumulated, additional half month's leave as a very special case and an exceptional one too, granted to him.

(3) Salary for notice period.

(4) Railway fare to Delhi.

(5) Provident Fund moneys.

Shri Mehta's claim for increment in salary and for compensation for throwing him out of permanent employment is not accepted by the Company. Mehta

wants to say that the words "*extra allowance*" in Ext. B(3) mean the Calcutta allowance but it appears from the perusal of the letters [Exts. A, A(i)], and B(4), that extra allowance here means Calcutta house rent allowance of Rs. 20 per month. The reasons as stated in paragraph 2 of this letter [Ext. B(4)] are quite satisfactory. It appears that the other employees in the Calcutta Office were being paid house rent and not Calcutta allowance. So the deputation was over long ago and when Shri Mehta's family also came over to Calcutta about a month after Shri Mehta's transfer from Delhi, the Company rightly discontinued the Calcutta allowance from April 1950. As regards the claim for increment I find there is no evidence that there was any rule for such increment or that the Company ever agreed to give him such increment. The certificate purporting to have given to Shri Mehta by the Calcutta Manager Mr. Hempson, dated 1st November 1951, cannot be used as an authority to bind the Company and compel it to grant Calcutta allowance and increment in pay. In this letter also there is no mention of any increment in salary. The sentence runs thus :—

> "All along he was drawing a salary of Rs. 100 with dearness allowance amounting to Rs. 100, house rent of Rs. 20 and extra allowance at the rate of Rs. 150, all making a total of Rs. 370 per month".

Mr. Hempson always looked upon Shri Mehta with favour. It is not correct that Shri Mehta was receiving house rent and Calcutta allowance at the same time or that he was receiving house rent "all along" or that he was receiving Calcutta allowance "all along." It is a fact that before April 1950, he was not paid any house rent and that after March 1950, he was not paid any Calcutta allowance. The contention made by the learned lawyer on behalf of the Company is that it may be that Shri Mehta himself wrote out this certificate on an old letter form of this Company and put it up before Mr. Hempson for his signature and the latter simply put signature without verifying the facts stated. The other documents produced by Shri Mehta, viz., Ext 5, has evoked serious controversy about its genuineness. This letter purports to be a letter written by Shri Mehta under date 12th May 1950 to the Calcutta Division Manager and it purports to have been endorsed by Mr. Hempson in the following way; "*Confirmed, Barry Hempson*". The Company contends that Mehta's evidence that Hempson was in Calcutta on that date and he made this endorsement and put down his signature is entirely false, and that on that date Mr. Hempson was in Bombay. Mr. Hempson is no longer in the service of this Company. He is now in England. It appears from Ext. L., dated the 11th May 1950, and Ext. L(i), dated 12th May 1950 and Exts. H, H(i) written by Mr. J. Ball from Calcutta to Mr. Barry Hempson and from the abstract of the travelling and entertaining expenses of Mr. Hempson for the month of May 1950 and from Ext. E that Mr. Hempson left Calcutta on the 10th May 1950 and was in Bombay on the 12th May 1950. In these circumstances the Company may rightly contend that it has lost all confidence in the honesty of Shri T. C. Mehta. So I am of opinion that there should be no order of reinstatement in this present case. He is however entitled to get his salary and dearness allowance for 2½ months in lieu of his earned leave and salary and dearness allowance for one month in lieu of notice (and his wages and dearness allowance for the month of October 1951, if the same are in arrears) and also Provident Fund dues and house rent allowance at the rate of Rs. 20 per month up to 30th November 1951 plus railway fare (inter class) from Calcutta to Delhi by Express Train and compensation for unemployment at the following rate:—

> He will get basic pay Rs. 100 and dearness allowance Rs. 100 per month for a period of 4 months and I direct that these payments shall be made by the Company to Shri T. C. Mehta within 10 days from the date of publication of the Award.

Issue No. 1.—Bonus.

Next I take up the issue No. 1, *i.e.*, bonus. In the reference the year for which bonus is claimed is not mentioned. But in the statement filed by the workmen (excluding the clerks) bonus is claimed for the years 1951 and 1952, and the contention is that although in the said two years, September bonus equivalent to one month's wages for each year has been paid to the workmen, no bonus out of profit was paid in respect of the said two years. The bonus already paid is claimed by the Company as a condition of service and they are now out to demand profit sharing bonus for the said two years and they claim for the same at one month's wages. The September bonus is called Puja bonus. From the evidence I find that before 1948, the Company did not pay any bonus. It would appear from Ext. J, a certified statement filed by the Company that in 1948, the Company made a profit of over Rs. 1,57,000 and in that year it paid Puja bonus at 2/3rd month's wages and April bonus at one month's wages. In 1949, the Company made profit of Rs. 58,000 and paid both the bonuses at one month's wages on each occasion. Similar payment was made in 1950, also, although in that year the Company suffered loss of over 2 lakhs. In 1951 the Company made profit of Rs. 63,000 and paid the Puja bonus at one month's wages and in 1952, the Company suffered loss of about Rs. 2,23,000, and still paid Puja bonus at one month's wages. It is a Company, the business of which is to sell oil products and not petrol or motor spirit. So it is not a big concern like the reputed Oil Companies operating in India. As there has been huge loss in the year 1952, the claim for profit sharing bonus for that year is to be rejected. The question is whether out of the profit of about Rs. 63,000 in the year 1951, the workmen (about 31 in number) should get profit sharing bonus in addition to Puja bonus already paid. From the system followed by the Company it may be said that Puja bonus at one month's wages is a implied condition of service of these workmen because I find that in the years of loss also such bonus was paid ungrudgingly. The Labour Commissioner's file shows that the dispute or demand for bonus was not made before latter part of 1952. So the claim for bonus in respect of the year 1951, is a belated one. Moreover before Sarker came on the scene, his predecessor Mr. Basu once settled the matter with the Company and gave up the claim for bonus. As the account of the year 1951 had already been closed long before the demand for profit sharing bonus in respect of the said year was made, the said claim is now untenable. The closed account of the Company cannot now be re-opened. Therefore my award is that the entire claim for bonus for the years 1951 and 1952 is to be rejected.

AWARD.

The Government of West Bengal, in the Department of Labour, referred the industrial dispute between Messrs. Walford Transport, Ltd., and their workmen, to Shri M. L. Chakravarti, Judge, Industrial Tribunal by Order No. 6009Dis./D/4L-27/53, dated 30th December 1953. While this proceeding was pending before Shri M. L. Chakravarti the order of reference was rescinded and a fresh order of reference was made to this Tribunal by Order No. 563/Dis./D/10L-27/54, dated 9th February 1954. The proceeding before this Tribunal in connection with this reference is still pending.

Shri Rakhal Chandra Sarkar, an employee of the Company, filed on 26th February 1954 a complaint under section 33A of the Industrial Disputes Act stating that on 31st December 1953 he was served with a notice of discharge by the Company on the ground of shrinkage of business. It is alleged in the application of the workman that this order of retrenchment was by way of victimisation and unfair labour practice for his legitimate trade union activities. It is further stated that this employee was arbitrarily chosen by the management of the Company ignoring the recognised principle of 'first come last go'. The petitioner, therefore, prays that he should be reinstated to his old post.

The Company in its written statement states that on account of fall in business it was compelled to retrench 11 employees inclusive of the applicant on 31st December 1953 and that before this retrenchment the Company informed the Labour Commissioner about the necessity for drastic reduction of expenses. Out of these 11 persons only two have raised objections and filed applications under section 33A of the Industrial Disputes Act and made false allegations against the Company and its officers. Shri Sarkar was selected for retrenchment and after due consideration of his case an attempt was made to fit him in some alternative job which was not successful. The opposite party was, therefore, bound to retrench him. The claim of the applicant for reinstatement should be rejected.

On the date of hearing on 7th June 1954 the parties filed a joint petition of compromise by which the Company agreed to re-employ the applicant with effect from 7th June 1954 without any break of service. Perused the petition of compromise. I find that the terms of the petition are reasonable and should be accepted. I, therefore, accept the petition of compromise filed by the parties on 7th June 1954 and award accordingly. The petition of compromise which appears as Appendix "A" to this Award shall form a part of this Award.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 2933-Dis./D/11L-181/53, dated the 6th August 1953, referred an industrial dispute existing between Messrs. Venesta, Ltd., Kamarhati, 24-Parganas, and their workmen represented by Venesta Factory Workers' Union, Sagore Dutt Ghat

Road, Kamarhati, 24-Parganas, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

The reference was received in the office of this Tribunal on 12th August 1953 and usual notices were issued to the parties for appearance and written statements. Both parties filed written statements and 18th May 1954 was fixed for hearing, on which day the case was heard. The Union in its statement stated among others that the relation between the Company and the Union was cordial. In 1950, the Company introduced a number of new machines and made far reaching alterations in its lines of production, as a result of which the workmen found that their workloads have intensified and increased. After lapse of sometime, the workmen demanded revision of their existing scales of pay and introduction of production bonus. The Company, however, produced incentive bonus Scheme for a trial period of 12 months from the date of commencement of the scheme. The trial scheme was made operative for certain classes of workers from 2nd June 1952 and the Union provisionally accepted it. It was understood that the scheme would be applied to almost all employees within a reasonable time. There was certain anomalies in this scheme and the Union demanded the inclusion of all employees within the scheme. The Company proposed certain amendments which the Union could not accept. The percentage of bonus earned by the Metal Foil Department and Fittings Department are widely divergent. The bonus of the Metal Foil Department was never more than 12 to 13 per cent. whereas bonus in the Fittings Department was much higher. Since the number of workers receiving the higher rate of wages is very small, the trial scheme has not been of much help to the already starving employees. The Union therefore suggested that there should be separate scheme for the Fittings and Metal Foil Departments and that bonus for the productive workers and maintenance workers and general mazdoors should be the same. In place of 1/5th in the proposed scheme, the Union suggests that the indirect workers should get 50 per cent. of the bonus.

In the Company's statement, it stated among others that it increased basic rates wherever workloads have intensified with the introduction of the new machines in recent years. Over and above, and not connected with this increase in basic rate, the Company introduced a Scheme of incentive bonus for productive workers. This scheme was prepared by a fully qualified expert who later on worked out a scheme for non-productive workers. The incentive scheme under review is however for the non-productive workers whose work are in most cases shared between both Metal Foil and Fittings Departments but rarely in the same ratio. It is for this reason that the Company offered the non-productive workers an incentive bonus based on the combined efforts of both departments. The Company considers that this basis for the non-productive workers' incentive scheme calculation is a more equitable system for the two departments also. Unfortunately, the trial period set for the original scheme for productive workers coincided with the well-known recession in the tea trade. This recession commenced from about fourth month of the trial period and still persists. The Company submitted that the incentive bonus is not a condition of service, etc.:—

The issues as per schedule to the order of reference are—

(1) Are amendments which the Company proposed to introduce to the incentive bonus scheme introduced in 1952 for the benefit of the workers in Metal Foil and the Fittings Departments fair and reasonable and if not, whether the amendments should be dropped?

(2) Is the incentive bonus scheme which the Company propose to introduce for the general mazdoor and the maintenance workers a fair scheme and should the workmen be asked to accept it?

FINDINGS.

Issues Nos. 1 and 2.—Both are taken together. The trial scheme of incentive bonus was put into operation from June 1952. It was provisionally made for the trial period of 12 months from the date of commencement. The Union accepted the scheme. The Union says that it understood that the scheme would be applied to all categories of workers within a reasonable time. In fact, the incentive bonus scheme for the general mazdoors and maintenance workers is one which the Company wants to introduce to meet this demand of the Union.

The working of original scheme during the trial period revealed certain anomalies in it and they required alteration. Mr. Wilton, the present Manager of the Company, has in his evidence before the Tribunal explained those anomalies and the changes which are sought to be introduced to do away with them. The incentive scheme in original was prepared by a U. K. expert in Time and Motions study. His services were requisitioned to frame this scheme after local survey. Unfortunately, the expert is not available now. The original scheme which was the result of very careful and detailed examination and scrutiny of work and time taken for its completion is a document which has been produced by Mr. Wilton. There being no dispute regarding the original scheme and I am not making any attempt to quote it in this award. The basic part of the scheme is given in an extract (Ext. A). Previous to this scheme, there was a system of profit earning in the Fittings Department. This system had a low basic wage and a high profit earning. One of the main purpose of the new scheme was to get rid of this anomaly and also to pay a fair incentive to be earned on the increased basic rates. Mr. Wilton explained the utility of the scheme by working out examples of the earnings of a particular man in 12 weeks before the scheme in a slack period and 12 weeks after the scheme. The basis for the scheme is of course the world wide standard which puts the incentive scheme at 33 per cent. of the basic wages. The reasons for introducing the amendment in the scheme are explained in paragraphs 3 and 4 of the Company's letter to the Assistant Labour Commissioner, dated 27th February 1953 (Ext. C), and those for introduction of the new scheme or rather extension of the scheme to general mazdoors and maintenance workers is outlined in paragraph 2 of that letter. Mr. Wilton has explained what he meant by an indirect worker. He said a worker who is not actually concerned with the manufacturing process is an indirect worker, e.g., import and export mazdoors, maintenance workers and general mazdoors who are attached to these two departments—Metal Foil and Fittings Departments—come under this category. Durwans and the clerical staff are of course excluded from operation of this scheme. Mr. Wilton explains the purpose behind lumping of bonus earnings together and taking them into one pool for its distribution among the direct workers of the two said departments. He said that the main purpose was to equalise the average bonus earnings by all the direct workers. The essence of the incentive bonus scheme is to ensure a small amount of money as bonus payable to the employees of a particular department which if kept separate from other departments, may not earn anything while others may earn profit during a slack period. There is slack period in these two departments. It may be that the direct workers of the Fittings Department left to themselves may earn more profit comparatively higher than that earned by their colleagues in the Metal Foil Department and in the Metal Foil Department the direct workers would be going without any profit at all during the slack period. This incentive bonus scheme was prepared only to remove this apparent anomaly. The Union is anxious to see that the benefits of the scheme go to workers of all grades in the factory. It is only reasonable that the two departments. Metal Foil and Fittings, should share the incentive bonus equally. The entire thing is even now in an experimental stage. The scheme is provisionally made for a year only, and there cannot be any reasonable objection to give the scheme after the

changes made in it a fresh trial for another year and to see at the end of the period how it operates, not only in the case of the direct workers, including those of the Fittings Department, but in case of all.

The Union's objection to the introduction of the new scheme for maintenance workers and general mazdoors is that in place of 1/5th of the total earnings under the incentive scheme, being set apart for distribution among the indirect workers, 50 per cent., *i.e.*, 1/2 of the earnings should be set apart for them. Mr. Wilton said that the suggestion was unacceptable for in the first place, it would take away all the incentive from the workers who come under the benefits of this scheme to become some day as direct workers and at the same time, it would place them almost in the same position as the direct workers although they are not making any contribution in any way to the manufacturing process. Lastly, it is undesirable that the bonus payable to an indirect worker should be equal to that payable to direct worker who contributes to the manufacturing process. 1/5th would approximately be 14 per cent. of the earnings. Further, in setting apart this money for the indirect workers, the Company is not drawing from the pool mentioned above but drawing on from its own funds. The Union, on the contrary, could not assign any particular reason why the indirect workers should be placed almost on a footing of equality with the direct workers under the incentive bonus scheme. On a consideration of all these, I find the amendments to the incentive bonus scheme are fair and reasonable and should be introduced. The scheme as amended be put into operation for a period of 12 months only from the date of the operation of this award.

The incentive bonus scheme for the general mazdoors and the maintenance workers is also a fair scheme and I would ask the workmen to accept it. This should be also put into operation for a period of 12 months only from the date of the operation of this award. This is my award.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Rabi Ranjan Chatterji against Messrs. Walford Transport, Ltd., in connection with Government order No. 563Dis./D/10L-27/54, dated 9th February 1954. (Case No. 29/54).

For the Company : Shri S. C. Sen, Advocate.

The Government of West Bengal, in the Department of Labour, referred the industrial dispute between Walford Transport, Ltd., and their workmen, to Shri M. L. Chakravarti, Judge, Industrial Tribunal by order No. 6009Dis./D/4L-27/53, dated 30th December 1953. While this proceeding was pending before Shri M. L. Chakravarti the order of reference was rescinded and a fresh order of reference was made to this Tribunal by order No. 563Dis./D/10L-27/54, dated 9th February 1954. The proceeding before this Tribunal in connection with this reference is still pending.

Shri Rabi Ranjan Chatterji, an employee of this Company filed on 26th February 1954 an application under section 33A of the Industrial Disputes Act complaining that he was discharged by a notice, dated 31st December 1953 without the permission of the Tribunal on the ground of shrinkage of business. It is further stated that the plea of the Company as to the grounds of retrenchment is baseless, and the retrenchment in question is an instance of unfair labour practice. The petitioner, therefore, prays that he should be reinstated to his post.

The Company in its written statement opposes the application and states that on account of a fall in business it had to retrench 11 persons inclusive of the applicant on 31st December 1953. Before the retrenchment the Company informed the Labour Commissioner about the necessity for drastic reduction of expenses. Out of the 11 persons retrenched only 2 have raised objections under section 33A of the Industrial Disputes Act and made allegations against the Opposite Party which they knew were entirely false. Since the section in which Rabi Ranjan Chatterji worked was itself abolished and it was only manned by one employee, the question of 'last come first go' does not arise and the application of Rabi Ranjan Chatterji should be rejected.

On the date of hearing on 7th June 1954 the parties filed a joint petition of compromise. On a perusal of this petition of compromise it appears that the

terms thereof are reasonable and should be accepted. This petition of compromise appears as Appendix "A" to this Award. I, therefore, accept the petition of compromise in Appendix "A" and award accordingly. The Appendix "A" shall form a part of this award.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 3361Dis./D/9L-3B/53, dated 4th September 1953, referred an industrial dispute existing between Messrs. Bloomfield Tea Estate, Darjeeling (Managing Agents Messrs. Goenka & Co.) and their workers numbering twenty represented by Darjeeling District Chia Kaman Mazdoor Union, Chowk Bazar, Darjeeling, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

The reference was received in the office of this Tribunal on 9th September 1953 and usual notices were issued to both parties for appearance and written statement.

The parties filed their written statements in due course and the case was heard on 4th May 1954, the day fixed for its hearing and the days following. The Union's case, briefly stated, is that Shri Balman Manager and 19 others, all permanent workers of the Estate, were dismissed from service without assigning any reason whatsoever. They are active members of the Union and Union organisers of the tea gardens. Shri Balman Mangar is one of the leaders and the executive committee member of this Union. They incurred the displeasure of the Management for their Union activities. Purna Singh Ray, Dalbahadur Ray and Gokul Sing Ray were dismissed by the Manager. Purna Sing was since reinstated. Regarding the remaining 18 workers including Shri Balman

Mangar, the Manager refused work for them from the date of the reopening of the garden on the 16th March 1953 without assigning any reason whatsoever. The garden was closed on 26th November 1952. The Union enclosed copies of correspondence between them and the authorities. Regarding the dismissal of the workers, it claimed their reinstatement and compensation alleging that the dismissal was arbitrary and opposed to principles of natural justice.

The Bloomfield Tea Estate Company, Limited (hereinafter called the Company), in a written statement denied the allegations of the Union and stated among others that the workers were dismissed, not arbitrarily but on justfiable grounds. They were retrenched for economic reasons. It alleged that—

(1) Balman Mangar was residing in the garden with family. His employment was opposed by some workers of the garden. Accordingly a panchayet, was summoned and the Panchayet's letter, dated 7th October 1953, will be produced at the time of hearing.

(2) Kabirdhan Rai—Wife and daughter are working. He has been dealing in meat at Phulbazar since the garden was closed.

(5) Bahadur Bhujel—He is physically unfit, his three sons and one daughter are working in the garden. He is aged 80 years.

(6) Shomraj Mangar—Only wife is working. He was a daffadar on a monthly pay but from reopening not working willingly.

(8) Manbahadur Rai—Wife and sisters are working. He is in the garden looking after domestic cattle.

(9) Dawa Tshering Lama—He was a school teacher. Since closure of the garden there was no school. None of the family is working but staying in the garden.

It is not clear from this written statement whether the Company retrenched this staff or refused employment for some other reasons.

The Issue as per schedule to the order of reference is—

FINDINGS.

One of 20 employees mentioned in the schedule to the order of reference named Shri Tekbir (No. 16) is dead. His death is admitted on both sides. He is said to have died in September 1953. Any proceeding regarding a dead person is a nullity. His case is, therefore, left out of consideration. Of the remaining 19 employees, Dhanbahadur Bhujel (No. 3), Budhiman Bhujel (No. 4), Bahadur Bhujel (No. 5), Shomraj Mangar (No. 6) and Manbahadur Kami (No. 7), in all five—were re-employed after the reference was received. This is admitted on both sides. The question of their re-employment or refusal of employment and/or compensation do not arise in this case. None of them has been examined. No one is coming forward to press any claim for compensation. Therefore, their cases are also left out. It is not in the interest of the industry to unnecessarily rake up the past and thereby create bitter feelings where such feelings had been removed.

Two out of the remaining employees stand on a different footing. They are Dalbahadur Rai (No. 19) and Gokul Singh Rai (No. 20). They were retrenched before the garden was closed. They were also refused employment when the garden reopened. Admittedly, the garden was closed on 26th November 1952 and reopened on 16th March 1953. The employment was refused in cases of all these employees, when the garden reopened on the 16th March 1953. This is the Union's case in paragraphs 1 and 3 of their written statement.

The written statement of the Company is a hopeless document, for it is impossible to make out what the defence of the Company really is. It is included in the written statement, a report of an officer who made an enquiry on the spot. It is only in paragraph 3 of it that the Company denies that there has been any arbitrary and/or high-handed action in the matter of retrenchment of the labourers mentioned in the terms of reference. This apparently conveys the idea that all of these employees were retrenched. It does not state anywhere the reasons for such retrenchment. On a reference to the Labour Commissioner's file and the correspondences that passed between the Union and the management, some of which appear as annexure to Union's written statement, it appears that only Dalbahadur Rai and Gokul Sing Rai were retrenched before the garden was closed and the other employees were refused employment on the day the garden re-opened for their refusing to sign an undertaking in favour of the Management. The learned representative of the Company, who conducted the case before the Tribunal, made an endeavour to place some materials

relevant to the enquiry but not all. I was not a little surprised to find that the Management has at last taken up an unhelpful attitude in the matter of defence in this case. All that I was able to gather from the learned representative for the Management that the retrenchment was made for economic reasons and that the management did not really refuse employment to any of these employees but that the majority of the workers objected to their employment. These employees did not sign the undertaking which the majority of the workers did. Only two out of them, namely, Lagha Mangar and Dhanbir *alias* Dhanbahadur Mangar joined but they also left on receiving higher wages elsewhere. Others stayed out on an inducement from the Union in the hope of getting very handsome compensation for the period of unemployment. Lastly, all worked in the neighbouring gardens during the period of their unemployment. The cases of the aforesaid employees are to be examined in the light of this defence. I will take up the case of retrenchment of Dhal Bahadur Rai and Gokul Sing Rai first. It appears from the materials on record that Purna Sing Rai, Chowkidar, was also retrenched along with these two employees. Dhalbahadur was a Munsi and Gokul Sing was a chaprasi. All are permanent employees of very long standing and residents within the Estate. It further appears that Purna Sing was subsequently taken into service. It has naturally been very seriously commented from the side of the Union that the plea of retrenchment on economic grounds is apparently a false one, for otherwise one out of three would not have been taken in by the Company. It has also been urged by the Union that the economic grounds suggested now on the side of the management for retrenchment are not supported by any reliable evidence in the case. At any rate, an economic crisis could not be averted in the way as alleged by the Management. Further, in effecting this retrenchment, the well-settled principle "Last Come First Go" was not followed. It is clear from Annexure "B", a copy of a letter of the Assistant Labour Commissioner, Darjeeling, dated 16th June 1952, to the Manager of this tea estate, which has not been controverted or denied in any way from the side of the management, that the management prepared a list for retrenchment of 71 persons recruited between 1947 and 1949 and that these three persons were not in that list. Admittedly, Dalbahadur Rai and Gokul Singh Rai are very old employees of the estate. The management has not made any attempt to explain this very significant fact, namely, why employees who are very junior to these two persons were left out and that these two old employees with a good record of service, holding position of trust and responsibility (one of them has filed a good certificate from the Manager) were retrenched. This establishes two points in favour of the employees, namely, (i) the principle "Last Come First Go" was not followed; and (ii) the economies sought to be made by this retrenchment is negligible in comparison with the alleged heavy losses sustained by the Company. Regarding the question of loss sustained by the Company, the entire onus is upon it to show by evidence that at the relevant time, the Company was running at an enormous loss and that it decided to economise in all possible matters.

The evidence on the side of the management consists of sworn testimony of O.P.W. 1 C. B. Rai, Head Clerk and Accountant of the estate and a few reports of the Directors previous to that of 1950 and two slips signed by the present Manager, who has not deposed in this case to prove that. The present Managing Agents Messrs. Goenka & Company purchased the garden from the last owners Messrs. James Finlay & Co. in 1946. He said that the financial condition of the garden is bad. He proved the balance-sheets of 1948, 1949 and 1950 and the statement prepared by Mr. Wallace, the present Manager (Ext. J). The accounts were not produced before the Tribunal. The statement (Ext. J), said to be drawn up by Mr. Wallace showing a total loss of Rs. 1,51,848-8-0p., in 1952, is not supported either by the evidence of Mr. Wallace or by the accounts of which they are supposed to be an extract.

The accounts of 1951 are also not forthcoming. Ext. K—Directors' report of 1950—shows that the future of 1951 is *very 'brigh* and the accounts of that year show a profit of Rs. 27,769-2-9p. The accounts of the relevant years 1951 and 1952 have been withheld, and the only natural presumption, which a court of law is entitled to draw is that the same, if produced would be unfavourable to the management in this case. Tea Industry as a whole was passing through critical times and the State Government had to intervene in the matter to help the industry as far as possible, to carry on its work of production as before. This Tribunal can take a judicial notice of this fact. But that does not amount to saying that all the tea gardens, including the one in dispute, had suffered considerable loss in the relevant year, namely 1952. No such presumption can be drawn from them. Two other documents purporting to be notice issued by the Company dated 13th November 1952 and 10th March 1953 (Exts. E and A), closing the garden and reopening it were casually referred to. They are, beside the point, Ext. F which shows that the garden was closed *sine die* with effect from 26th November 1952, in view of the heavy losses sustained by the Company during the past years and the present financial crisis due to slump in the tea market and the uneconomic high cost of production, the services of the employees were terminated with immediate effect. The monthly paid staff was promised a month's salary in lieu of notice. This neither proves the loss which the Company is said to have sustained in the past, nor the crisis due so slump in the market, nor it shows that the services of the employees were terminated on proper payment. In fact, this has no connection with the retrenchment of the two employees now under consideration. It appears from Exts. 2 and 3 that these two employees were served with notices on 7th May 1952. They were continuing in service despite that. Exts. 2 and 3, dated 12th June 1952, is the second notice which threatened the employees with stoppage of rations from the next ration date. It is not the Company's case that the services of these two employees were terminated by notice (Ext. D) along with others when the garden was closed. Ext. F does not refer to this Company. Even if it is assumed for the sake of argument, that a similar notice was issued by this Company as well, this only shows that a material change in conditions and circumstances has been brought about by the food relief and financial encouragement by the Government in the form of guarantee to the bankers and the consequential interim sanction of funds by the bank. In fact, the financial crisis, alleged by the management, was over by this time. This in any event, does not relate to the relevant period, namely, May/June 1952, when these two employees were retrenched. P. W. 1 Dalbahadur has deposed in this case. He said he had been in the service of this Company for the last 27 or 28 years and was getting wages at the rate of Rs. 58 per month at the time of retrenchment. He did not work anywhere since the retrenchment. He is a resident employee and as such a permanent one. He categorically denies that he worked in the Risheehat Tea Estate. He said that his employment was opposed by the other workers when the garden reopened. He went for the employment of the garden sometime after, when he was refused on the ground that he would not get it without signing an undertaking offered by the management. Gokul Sing Rai has not deposed. I will presently discuss the case of refusal of work in connection with other workers. In my view, the undertaking, pursuant to a resolution contained in Ext. G, of which Ext. G-1 is the English translation, is a document, which an employee is not under the Standing Orders obliged to sign, or execute as a condition of getting reemployment. The undertaking is not an agreement for it does not bind the Company. It contains, among others, clauses which take away an acknowledged legal right of an employee to approach the authorities in case of delay in payment of wages, and encourages, among other things, espionage in service. Both are objectionable, and the employees in refusing to sign this document did nothing wrong to justify refusal of employment to them. In any view of the

matter, the retrenchment and refusal of employment to these two employees are not justified. Both of them, in normal course, are entitled to reinstatement in their former or equivalent posts. As to compensation, they being permanent employees in the service of this estate, are ordinarily entitled to wages for the entire periods of non-employment. But regard being had to the present condition of the tea industry and of this Company in particular, it is undesirable that they should get the wages for the entire period. Further, both these employees had worked temporarily in the neighbouring garden during the period of unemployment. There cannot be any reasonable objection to that for one must earn to live. But it has been proved in this case that none of these employees had been in employment throughout the period of their non-employment under this Company. This Tribunal considering the facts and circumstances of this case, allows the two employees three months' wages as compensation for the period of their non-employment. The management is directed to pay this amount within a month from the date of the operation of this Award. The employees shall present themselves to the Manager of the garden for employment within a week from the date of the operation of this award.

As to the remaining 12 employees, the Management's position seems to be this : (i) the Management did not refuse employment to any, it was the majority of the workers who objected to their employment; (ii) they refused to sign an undertaking which other workers signed ; (iii) two out of them joined but subsequently left on getting higher wages in the Risheehat Tea Estate; (iv) all stayed out on an inducement from the Union in the hope of getting handsome compensation for the period of unemployment; and (v) all worked in the neighbouring gardens during the period of unemployment. The Union of course denies the management's case. Seven of these workers have deposed in this case. Of them P. W. 7 Lagha Mangar is a resident employee. He worked for about 11 years and was drawing a salary of Rs. 24-12 as per month at the time of discharge. He admits that the other workers opposed his employment when he presented himself for work on the reopening date. He did not work anywhere after the closing of the garden. He did not work in the Risheehat Tea Estate. His wife is working here. Then he admitted that almost all the workers had to work elsewhere to make their both ends meet during the time the garden was closed. They worked in the Risheehat Tea Estate. P. W. 8 Shri Dhanbir said that he was in service for the last 25 or 26 years and his wages were Rs. 29-4 when the garden was closed. He said that almost all the workers including himself worked for one in the Risheehat Tea Estate when their garden was closed. He said he refused to sign the undertaking for it contained objectionable clauses. Nothing has been said that they were given work and then subsequently left the service of the estate on getting higher wages. Nothing like that was suggested in their cross-examinations. It is now idle to argue that they resumed but subsequently left on getting higher wages elsewhere. It is now proved beyond doubt from the evidence of both sides as also from the evidence of the Company's Head Clerk, from the Manager's letter, that on the reopening date, the majority of the workers signed an undertaking, offered by the management, and objected to these employees taken in, as they refused to sign. These employees refused to sign the undertaking and worked for a short time elsewhere in the neighbouring gardens during the period of their long non-employment. It has not been proved in this case that any of them stayed out on the inducement of the Union Officials in the hope of getting handsome compensation from this Tribunal for the period of their non-employment. Any such suggestion appears to be childish and devoid of merit. It is too much to expect that these poor workers would be staying out on anybody's advice in the hope of getting something in future from the Tribunal.

Two principal points arise in this connection, namely, (1) whether these employees forfeited their claim to the employment on their refusal to sign the

undertaking offered by the Management on the reopening day. This takes us once more to the undertaking itself. It is in the form of a resolution adopted at a meeting of the workers (*vide* Ext. G.) English translation of which is admitted by the Head Clerk to be correct (*vide* Ext. G.I.). All the terms and conditions of this undertaking appear to be very harsh and objectionable, particularly clause 7 which refers to the payment of wages and clause 8 which relates to the newly imposed duty to spy on others' activities and to report to the Company. The Company, is entitled, in certain circumstances, to get a signed undertaking from their employees. But then, the conditions of service must be those laid down in the Standing Orders. The Standing Orders applicable to Tea Gardens including this one is Ext. 5. The objectionable clause do not appear in the Standing Orders. Therefore, the employees did nothing wrong in refusing to sign this objectionable undertaking. One other point, though not raised in the Company's written statement, is that the services of these employees were terminated by a notice when the garden was closed. And that was according to the Standing Orders. The notice in this case is Ext. E. The Union challenges it. Their contention is that no such notice was issued to the employees or given effect to by payment of proper wages mentioned therein. In this connection, the accounts are the most relevant evidence to show that in fact, on the day the garden was closed *sine die*, according to this notice, all the employees including the monthly paid staff were paid their wages and notice pay. Nothing like that was even attempted in this case. The accounts have been withheld. The employees, who deposed in this case, were not asked in cross-examination that they were paid their wages when the garden was closed and their services were terminated. All the employees are resident of the estate and according to the Standing Orders, are permanent employees. It is only reasonable that on the re-opening day of the garden, when some outsiders were taken in, the permanent employees should be offered employment. The management, who is the final authority to employ its labour force, adopted an abnormal course in the case of these employees. They did listen to the objection of the majority of the workers to their re-employment and their otherwise claim to work. The Management, it seems, was anxious at the early stage of this dispute, for a settlement and accordingly on the very day the garden reopened, the Manager wrote to the local Assistant Labour Commissioner for his intervention in the matter. The Assistant Labour Commissioner intervened and the Management agreed to take all the employees but subsequently backed out. They should not have done so. An employee, when out of employment, for no fault of his own, must live with his family. It is only natural that he should try to earn a living to make both ends meet. He would not certainly forfeit his claim to re-employment by doing so, particularly when the Management was not making any provision for him during the period of his unemployment, which in this case is pretty long. The Management has failed to establish that these employees were in continuous service of the neighbouring gardens throughout the period of their non-employment here. Casual or temporary employment, as stated above, for earning a livelihood will not disentitle any one to compensation otherwise payable to him. The case of one employee is different. P. W. 4 Dawa Tshering was a school teacher (No. 9.) mentioned in the schedule to the order of reference. The management refused him employment when the garden reopened. He is out of employment even now. But then, it is the Union's case, and his evidence is that the school did not reopen with the reopening of the garden. When he approached the Manager, he told him that the Management had decided to close the school. In these circumstances, he cannot be taken into service of the Company till the school is not reopened. After all, a school teacher's work is confined to teaching the students in the school. He cannot be paid by the Company for doing nothing now. The Company will of course employ him, or offer employment to him, when it reopens the school. He has suffered much along with other 11 employees

in this case. In my judgment, all these employees except Dawa Tshering (No. 9) are entitled to reinstatement in their former or equivalent posts. All of them including Dawa Tshering (No. 9) are, however, entitled to get a compensation for the period of unemployment for having improper refusal of employment to them. In the facts and circumstances, and in view of the present financial position of the Company, they will be paid 45 days' wages only to each of them, at the rate last drawn, within one month from the date of the operation of the award. They will present themselves to the Manager in the garden for re-employment under this award within a week from the date of the operation of this Award. I answer the issue and make my award accordingly.

ANNEXURE.

Industrial dispute between Messrs. Bejoy Press, 12, Netaji Subhas Road, Howrah, and one of their employees Shri Baidya Nath Chakraborty, 16, Karar Pukur Lane, Howrah, as represented by himself, referred under Government Order No. 4777Dis./D/13L-40/53, dated the 16th December 1953 (Case No. 289/53).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union workman : Shri Indu Bhusan Sarker.

For the Company : Shri Debi Prosad Bose.

By Government order No. 4777Dis./D/13L-40/53, dated the 16th December, 1953, the aforesaid dispute was referred to this Tribunal for adjudication.

The issue framed by the Government was the same and as the issue framed by this Tribunal and it was as follows :—

If the discharge of Shri Baidya Nath Chakraborty was justified and to what relief he is entitled as a result.

Notice of the aforesaid dispute having been served on the parties the Union filed its written statement on 14th January 1954 and the Company filed its written statement on 1st March 1954.

The Union's case is that the employee had been in service of the Company for not less than 7 years, that the Company was a very irregular paymaster and had left dues to the employee to a large extent in July 1952, that the employee having represented the fact to the employer, the latter took a sullen and vindictive attitude towards him, that on 7th of July 1952 the employer suddenly asked the employee to leave the Press and intimated that his services were no longer required, and that the discharge is wrongful and the employee wants reinstatement with back pay.

The Company, on the other hand, contended that the complainant out of his own accord and without any notice whatsoever absented himself from duty since 24th of Ashar 1359 B.S. and that in the circumstances the employee has no cause of action against the employer.

AWARD.

At the time of trial, however, the parties came to terms and filed a joint petition of compromise. The terms are acceptable and fair. I, therefore, accept the same and make award in terms of the petition of compromise which will form a part of my Award.

DECISION.

The subject matter of this appeal relates to the question of retrenchment of 24 clerks and to some other matters referred for adjudication. These clerks are the employees of the Garden Reach Workshop, Ltd. (hereafter called the Company). The Company has a workshop doing the business of painting and repairs of inland and deep-sea cargo and passenger vessels calling at the Port of Calcutta. Its workshop was originally at Howrah and was removed to Garden Reach (Kidderpore) sometime in 1925-26 Messrs. Macneill & Barry, Ltd., are the Managing Agents of this Company, having their head office at No. 2, Fairlie Place, Calcutta. Most of the clerical staff of the Company are stationed at its workshop office at Garden Reach and some 40 or 50 clerks were stationed at the head office of the Managing Agents at No. 2, Fairlie Place, Calcutta. Between the years 1940-45, the Company had a strength of about 5,000 workmen under their direct employment and about 2,000 workmen under the contractors. In 1949, the strength of the labour force was about 7,500. But by reason of the fall in the volume of business the labour force was reduced to 4,000, sometime in the beginning of 1951. This led the Company to reduce the strength of the clerical staff as well, and on or about the 27th January 1951, four clerks working at the Garden Reach Workshop were served with notices terminating their services by way of retrenchment and in the month of February, these four clerks were retrenched. Later on, towards the end of May following, the Company retrenched 20 more clerks working at Garden Reach Workshop on the ground that they were surplus to their requirements and paid four months basic wages with one month's full

pay in lieu of notice to everyone of these 24 retrenched clerks. The Union representing the clerical staff questioned the propriety of those retrenchments and also put forward demands for adjustment of salaries of the clerical staff according to their length of service, retrenchment benefits, etc. The Campany not having acceded to the demands, an industrial dispute was raised and the Government of West Bengal in the Department of Labour by order No. 222-Dis./10L-18/51, dated the 8th November 1951, referred for adjudication 10 items of dispute between the Company and Messrs. Macneill & Barry, Ltd., and their workmen to the 4th Industrial Tribunal, West Bengal. We are concerned in this appeal only with the award relating to the following issues which were decided against the workmen :—

(1) Whether the retrenchment of four permanent clerks in February 1951 and 20 permanent clerks in May 1951 was justified? What redress, if any, should they be entitled to?

(3) Whether the clerical staff are entitled to adjustment of salaries according to their length of service as effected in respect of clerical staff in the head office of Messrs. Macneill & Barry, Ltd? If so, under what conditions?

(4) Whether the clerical staff are entitled to similar benefits of pension as those enjoyed by the clerical staff in the head office of Messrs. Macneill & Barry, Ltd.? If so, whether the present scheme of pension should be changed accordingly?

(7) Working hours for day duty and night duty clerks;

(8) Tiffin;

(9) Travelling allowance and ferry pass; and

(10) Public Holidays.

It may be stated at the outset that issue No. 5 which was the subject matter of a separate appeal being No. Cal-183/1953, was heard and finally decided by another Bench of this Tribunal on the 11th September 1953. We now propose to deal with each of these issues separately.

Issue No. 1.—This issue relates to the question of retrenchment of 24 permanent clerks. The Tribunal has held that the retrenchment of these 24 clerks was made for genuine trade reasons and was fully justified. This finding of the Tribunal has been challenged by Mr. D. L. Sen Gupta on behalf of the workmen. His argument is (1) that the Management has failed to make out a case for retrenchment and (2) that in making the retrenchments it did not act in a *bona fide* manner. There is no substance in either of these contentions. It is conceded that the strength of labour was reduced from 7,500 to 4,000 in the beginning of 1951. Shri Harihar Chakravorty (P.W. 1) examined by the workmen admits that the number of workmen in 1945 was 7,000 and now the number is less than 5,000, Shri Nripen Das (P.W. 2) states that about 650 workmen were retrenched in 1951 and about 1,000 workmen left the services of the Company voluntarily in 1950. The reduction of labour force to almost half of the original number is thus admitted by the workmen themselves. The question is whether the retrenchment of such a large number of workmen in the workshop was due to shrinkage of work. The evidence of Mr. C. P. Davis, the Chief Accountant of the Garden Reach Workshop, is that steel, timber and paintare the main materials used by the Company to carry out repair works. He has stated that the Company maintains figures showing the amount of steel and timber consumed in the various years and that these figures show that the volume of work done in the workshop had very considerably dropped in 1950. Ext. "B" is a copy of the report forwarded by Mr. Davis to Mr. Boyes on the 4th October 1950 showing the consumption of steel and timber during different periods in 1950. Similarly Ext. "G" shows shrinkage of repair works but they do not indicate whether there was any reduction of paint work. Mr. Davis admits that the Company has no figures showing the amount of paint used. Mr. D. L. Sen Gupta contends that even if there was decrease in repair works, there might have been increase in the work of painting. There is no force in this speculative argument, for Nripen Das admits that a large number of workmen had to be kept on enforced leave in 1950/51, before the date of retrenchment. The balance-sheets of the Company (C-C9) for the half year ending 30th September 1949, 30th September 1950 and 31st March 1951 also show losses and downward trend in the business of the workshop though the balance-sheet for the half year ending 30th September 1951 discloses some profit. Thus on an examination of the evidence to which we have referred, there is no escape from the conclusion that there was shrinkage of work and the surplus labour had to be retrenched on grounds of economy. Now the question is whether there was any justification in retrenching these 24 clerks. The Company's case is that owing to shrinkage of manual work and heavy loss incurred, by the Company, during the previous years, retrenchment of the clerks, was necessitated on grounds of economy and that the Company acted *bona fide* in reducing the strength of the clerical staff. The contention of Shri Sen Gupta is that even if the retrenchment of labour be justified there

was no justification for retrenching these 24 clerks, and in support of this contention he has relied upon the evidence of Haribar Chakravorty who has stated that the work in the office has not diminished and there is no justification for retrenching any clerk, in any way since 1947. We do not see any force in this contention for Haribar Chakravarty's evidence is contradicted by the evidence of Mr. C. P. Davis and the balance-sheets (C-C9) of the Company. Mr. C. P. Davis in his evidence states that the bulk of the work of the clerks in the Garden Reach Workshop is of a routine nature, such as requisitioning materials required for the technicians, booking of labour in accordance with information given by the foreman of the departments, recording attendance, collecting costs and so on. He further states that so far as the number of the workmen has decreased during the last 2 or 3 years, there has been a reduction in the work of the clerks, though not in the same proportion. According to him retrenchment of the clerks became a pressing necessity to reduce the overhead establishment by reason of the reduction of the workload in the factory. We may observe that the retrenchment has not been made in a haphazard manner. A preliminary departmental investigation of the workload in the departments was made. This preliminary investigation was made according to the evidence of Mr C P. Davis, by a firm of efficient experts. The result of the expert survey indicated that over 100 clerks were surplus. The Company however, did not make drastic retrenchment. Only 24 clerks were retrenched after a thorough investigation. The Management cannot, therefore, be said to have been actuated by ulterior motives in making the retrenchment As the management acted fairly and in a *bona fide* manner, after making full departmental enquiries as to the Company's needs, its action was fully justified. The Management in such circumstances had a right to determine the number to be retrenched We cannot, therefore, interfere with the award of the Tribunal on this issue and it is, therefore, affirmed

Issue No. 3.—This issue relates to the question as to whether or not the clerical staff of the Company are entitled to the benefit given by the Managing Agents, namely, Messrs Macneill & Barry, Ltd., to their own clerks. In respect of adjustments of salaries according to their length of service In order to appreciate the arguments, we may shortly state here the relevant facts In 1948, a dispute arose between the mercantile firms in Calcutta including Messrs Macneill & Barry, Ltd . and the other members of the Bengal Chamber of Commerce on the one hand and their clerical and subordinate staff on the other The Major Mercantile Tribunal was accordingly constituted by the Government of West Bengal for adjudicating the disputes which were referred by an order dated the 17th January 1948 The Tribunal gave its award governing Messrs Macneill & Barry, Ltd , which was published in the *Calcutta Gazette*, dated the 9th June 1949 By that award the basic wages and other terms of employment of the clerical staff were revised and the clerks were classified into three grades with incremental scales, namely,—

(1) Grade A—Rs 150—10—260.

(2) Grade B—Rs 110—7—180.

(3) Grade C—Rs 70—4—134.

A flat increment of Rs 10 was also given to all the members of the clerical staff Soon after the publication of the Major Mercantile Tribunal's award, the General Manager of Messrs. Macneill & Barry, Ltd., by a letter, dated the 5th July 1949, notified to all the clerks of the Company that they would get a basic salary increase of Rs. 10 per month with effect from the 1st April 1949, that is retrospectively, although they were not entitled to the benefit of that award. It appears from Annexure "B" to the Union's written statement, that the Joint Secretary, Shri Ajit Kumar Ghose, representing the clerical staff of Messrs Macneill & Barry, Ltd., wrote a letter to Messrs. Macneill & Barry, Ltd., on the 6th July 1949, suggesting adjustment of scales of basic pay of their clerical staff and other employees. Mr. A. W. Taylor, representing Messrs. Macneill & Barry, Ltd., after discussions with the Union's representative, amalgamated grades B and C and fixed the minimum scales of salary for their own clerical staff at Rs. 70—4—134—7—180, and a circular was accordingly issued by him on the 29th August 1950 setting forth the amalgamated scale and other conditions of service. The benefit of the combined scale of pay with proper adjustments was given to their own clerical staff at the head office and also to the Company's clerks stationed at the Managing Agents head office at Fairlie Place although the latter were not a party to the Major Mercantile Tribunal's award. So far as the clerical staff of the Company stationed at their own Garden Reach Workshop office were concerned, they were given salaries in accordance with the grades fixed by the Major Mercantile Tribunal but they were not given the benefit of the combined grade. The contention of Shri D. L. Sen Gupta is that the clerical staff of the Company stationed at their workshop office at Garden Reach are entitled to the benefit of the combined scale and other benefits given to the clerks in direct employment of Messrs. Macneill & Barry, Ltd., and extended to the Company's clerks stationed at the Managing Agents' head office in Calcutta and in support of the contention he has relied upon the second paragraph of Ext, H which according to him embodies an agreement relating to the terms and conditions of service of the clerical staff

of the Company. We do not think that there is any substance in this contention. Ext. H is a circular issued by Mr. H. C. Bannerman, one of the Directors of Messrs. Macneill & Barry on the 28th August 1947. It is in these words :—

G. R. W. clerical staff.

While G. R. W. remains under our management, the clerical staff employed in this office and paid by G. R. W. will continue to be paid the same scale of salaries and dearness allowance as paid by Messrs. Macneill & Co., to their clerks. Similarly, the leave attendance rules will also continue to apply.

In regard to the clerical staffs at G. R. W, it must be understood that conditions cannot be identical in a Workshop and main office. So far, however, as is practicable, the same scales of salaries and dearness allowance will apply, and the leave rules will be amended to give the workshop clerks the same privilege casual and sick leave as head office clerks. There must, however, be a difference between the gazetted holidays enjoyed by the Workshops' staff and those enjoyed by the head office staff.

The scale of pensions applicable to G. R. W. staff is different from that applicable to Macneill & Co., staff. This difference is under review by the Directors.

H. C. BANNERMAN.
Dated 28-8-47.

The first paragraph of this circular shows that it was agreed by the Managing Agents that while the Company remains under their Management, the clerical staff of the company stationed at their head office at Fairlie Place will be paid the same salaries and dearness allowance as are paid to their own clerks and that they would be entitled to the benfit of leave attendance rules. The Managing Agents gave effect to this by extending the benefit of the combined grade to the clerks of the Company stationed at the head office—obviously in compliance with the terms of the first paragraph of Ext. H. The second paragraph clearly shows that there was a conditional promise, the fulfilment of which depended upon the feasibility of extending the benefit and not an agreement laying down conditions of service. This paragraph clearly shows that the nature of the clerical work in the workshop and in the main office was not considered identical. In view of the distinction maintained by the Managing Agents in the nature of work at the workshop and in the head office, they simply promised to give the same scales of salary and dearness allowance, it practicable. A distinction is made in clear and unambiguous terms between the first and second paragraphs ; as a matter of construction, therefore, it is a contingent promise and not a contract embodying the conditions of service. Whether or not it was feasible to extend the benefit of the combined grade to the clerks stationed at the workshop depended entirely upon the decision not to extend of the Managing Agents and if they have ultimately decided not to extend the benefit of the combined grade to the clerical staff at the workshop, the latter cannot claim the benefit as a matter of right on the basis of Ext. H. The award on this issue must, therefore, be affirmed.

Issue No. 4.—This issue relates to the Pension Scheme of the clerical staff of the Company. At one time, the clerks of the workshop used to receive the same retiring benefits as the clerks of Messrs. Macneill & Company. It appears from Ext. D, that from May 1945, a new pension scheme relating to the Indian clerical staff of the Garden Reach Workshops Ltd., was introduced and under that scheme the clerks with more than 15 years' service and less than 20 years' service became entitled by way of pension to 1/6th of their salary ; 2/6th of their salary if their service was over 20 years and below 25 years ; 3/6th of their salary if their service was over 25 years and below 30 years and 4/6th of their salary if their service was over 30 years. In or about March 1947, Messrs. Macneill & Company revised the Pension Scheme relating to their own clerical staff slightly improving the benefit and their revised Pension Scheme was adopted by the Major Mercantile Tribunal in its award. The revised scheme of Messrs. Macneill & Co., is slightly better than the Company's Pension Scheme in that the denominator is 5 in place of six but in other respects there is no substantial difference in the two schemes. The Pension Schemes of Messrs. Macneill & Co., and of the Garden Reach Workshops, Ltd., are fully set out in the award under appeal. The contention of Shri Sen Gupta is that the clerical staff of the Company are entitled to the same retiring benefits as are given to the clerical staff of the Managing Agents. There is no force in this contention. For, it appears from the statement in the last paragraph of Ext. H. That the scale of pensions applicable to the Garden Reach Workshop staff was different from that applicable to the Macneill & Co.'s staff and that the question of difference was under review by the Directors. Appendix A to the written statement of the Company, dated the 16th January 1950, shows that the position was actually reviewed by the Managing Agents and on an examination of the whole position, they express their inability to alter the Garden Reach Workshop's Pensions Scheme and bring it, in line with their own. In view of the fact that the Company has got its own scheme and the scale authorised by the Company is liberal, we do not think that any change is warranted. The award on this issue must, therefore, be upheld.

Issue No. 8.—This issue relates to tiffin allowance. Admittedly, the Managing Agents, Messrs. Macneill & Barry, Ltd., pay annas 9 per day to every clerk employed by them at their head office and also to the Company's clerks stationed at their head office, but no such allowance is given by the Company to their clerks stationed at their Garden Reach Workshop. The Union demanded the same amenity for them also but the Tribunal has rejected the claim. Shri D. L. Sen Gupta has challenged this award and his contention is that the Tribunal should have made no distinction in the matter of tiffin allowance between the Company's clerks stationed at the Managing Agents' head office and their clerical staff stationed at the Garden Reach Workshop. We do not think that there is any force in this contention. According to Nripen Das (P.W. 2) no tiffin allowance had been given by Messrs. Macneill & Barry, Ltd., to their clerks employed at their Head Office up to 1949 ; but it appears that from 1950, they started giving annas 9 per day to every clerk employed by them at the head offie and this arrangement was confirmed by the Major Mercantile Tribunal's award and is still continuing. Although the Company does not give any tiffin allowance to its employees at the Garden Reach Workshop, it maintains a canteen on non-profit basis since 1948. It supplies food at cheap rates and for running this canteen, the Company spends about Rs. 12,000 per year. Having got the benefit of the canteen, the clerical staff stationed at the Garden Reach Workshop cannot, in our opinion, claim a further benefit in the shape of tiffin allowance simply by the reason of the fact that the Managing Agents' clerical staff or the Company's clerks stationed at the head office get the benefit of such allowance, when there is no cheap canteen maintained for those clerks. The conditions of service of the two companies are not the same. If the Managing Agents have extended the benefit of tiffin allowance to the Company's clerks, stationed at the head office they have done so not in recognition of any rights of the Company's clerical staff at the head office, but simply to maintain uniformity of treatment and to avoid heart burning and discontent. The Tribunal has rightly rejected the claim and the award is accordingly affirmed.

Issue No. 9.—This issue relates to travelling allowance and ferry pass. Originally the Company's workshop was at Howrah. After the workshop was transferred to Garden Reach the Company allowed Ferry Pass to those clerks only who had been working at the Howrah workshop office, and who were in the Company's books at the time of the transfer of the workshop. In 1950, the ferry pass system was discontinued owing to breakdowns in the Public Ferry

Services and this caused inconvenience to some of the clerical staff. Therefore, by a notice dated the 2nd May 1950, the Company, intimated to those old clerks that they would be given equivalent cash payment in lieu of ferry pass and this was given effect to from 1st June 1950. It was clearly stated in the notice that no clerk appointed thereafter and not holding a ferry pass, would be entitled to this concession. The Union claimed that all clerks who do not reside in the locality should be given travelling allowance of annas twelve per day. The Tribunal has rejected this claim, and in our opinion, rightly. The clerks who were employed at the Howrah Workshop were given free passes when the office was transferred to Garden Reach and later on they got money equivalent in the shape of travelling allowance because there was change in the conditions of their service. But the new entrants appointed after the Company's transfer of the workshop to the Garden Reach had no right under the terms of their appointment to claim travelling allowance which were granted to old clerks in lieu of the ferry pass. If they accepted the appointment, it is a condition of their service that they should attend the office and for any expense incurred by them for attending their duty, they cannot claim to be recouped. The Tribunal has, therefore, rightly rejected the claim. We accordingly uphold the decision of the Tribunal on this issue also.

We may notice here that it was faintly contended that the travelling allowance to old entrants at annas 9 per day is insufficient. It was conceded that the point was not raised in the written statement nor is there any evidence to support their contention. It must, therefore, be rejected.

Issues Nos. 7 and 10.—These issues may be taken up together. Issue No. 7 relates to "working hours for day duty and night duty clerks" and Issue No. 10 relates to "public holidays". The Tribunal has negatived the claim of the Union in respect of both these matters. The decision of the Tribunal is based on the appreciation of evidence in the case and is concluded by findings of fact. It is conceded that an appeal can lie on these issues only if there be a substantial question of law involved. Shri D. L. Sen Gupta was unable to formulate any question of law, much less a substantial one. The appeal on those issues must, therefore, be held to be incompetent and dismissed as such.

For the foregoing reasons the whole appeal is dismissed and the award on he issues discussed above is affirmed. We make no order as to costs.

STATEMENT OF OBJECTS AND REASONS.

The Dentists Act, 1948 (XVI of 1948,) came into force with effect from the 29th March, 1948, in all the then Provinces of India. It has also been extended to the newly created Part C States, *e.g.*, Himachal Pradesh, Vindhya Pradesh, and Bhopal. In consultation with the Government of Part B States, it is now proposed to extend it to all Part B States except Jammu and Kashmir.

2. Under the existing Act Indian citizens who did not possess any recognised dental qualifications, but had been engaged in practice as dentists as their principal means of livelihood for a period of not less than 5 years prior to the commencement of the Act, had been allowed registration under the Act at the

time of first preparation of registers in States. Certain displaced persons who had migrated to India from Pakistan after the first preparation of the Registers and who did not possess any recognised dental qualifications but who had been engaged in the profession of dentistry for their livelihood in Pakistan claimed similar facilities for registration as were given to Indian citizens. Since it is not possible to accede to their request without amending the Act, it is proposed to amend the Act for the purpose.

3. Under section 33(2) temporary registration was allowed for a period of 5 years if one had been engaged in practice as a dentist as his principal means of livelihood for a period of not less than 2 years during the five years prior to the commencement of the Act, but permananet registration to such persons is admissible only if they could pass within a period of 5 years after the commencement of the Act an examination which satisfies the requirements of the Council. Since enough training facilities for the dentists do not exist in the country many dentists who were temporarily registered under the Act could not qualify for permanent registration. In order to enable them to pass an examination, it is proposed to give them more time to pass the examination. For this purpose the five year period is intended to be extended to 10 years.

4. Under section 3(*c*) of the existing Act, 4 seats are available on the Dental Council of India to be filled by election from among themselves by the heads of dental colleges in States which *grant* recognised dental qualification. Since there is only one dental college in India which grants dental qualifications the other 3 seats meant for the heads of Dental Colleges on the Dental Council of India have remained vacant. It is now proposed to fill the vacancies by throwing open the election to heads of dental colleges which train students for recognised dental qualifications.

5. Under the existing Act a foreign national is not entitled to registration even if he possesses a recognised dental qualification unless by the law and practice of the State or country to which such person belongs, persons of Indian origin holding dental qualifications registrable in that State or country are permitted to enter and practise the profession of dentistry in such a State or country. It is therefore, proposed on grounds of expediency and propriety to permit, irrespective of considerations of reciprocity, foreigners holding reputable dental qualifications who are employed for teaching or research in dental institutions in the country, to have temporary registration for the period of their employment or for a period of five years, whichever is shorter, provided that such foreigners do not practise dentistry for personal gain.

This opportunity is also being taken to make some other minor and consequential amendments in the Act which have been found necessary during the past 6 years since its enactment.

AMRIT KAUR.

NEW DELHI :

Dated the 27th April, 1954.

FINANCIAL MEMORANDUM.

The extension of the Act to Part B States would involve expenditure from the Consolidated Fund of India and from the revenues of the Governments of

Part B States to which the Act is proposed to be extended. The additional expenditure that is likely to be incurred from the Consolidated Fund of India is indicated in the following paragraphs.

2. After the Dentists Act, 1948, is extended to Part B States, these States will become entitled to send two representatives each (one elected and one nominated) as members of the Dental Council of India. Assuming that the State Governments will agree to bear the expenditure on the Travelling Allowance and Daily Allowance of the 7 members to be nominated by them under clause (c) of section 3 of the Act, as is being done by the Governments of Part A States except Bihar, the estimated expenditure on the Travelling Allowance of the remaining 7 elected members from the Part B States would amount to Rs. 2,740 per annum as detailed below :—

	Rs.	Rs
Mysore .. .. / Travancore-Cochin ..	670×2	=1,340/-
Rajasthan, Pepsu and Madhya Bharat.	200×3	=600/-
Hyderabad..	300×1	=300/-
Saurashtra	500×1	=500/-
	Total ..	=2,740/- per annum.

This expenditure is on the assumption that the Dental Council of India will meet once in a year at New Delhi.

3. In addition to the expenditure on the Travelling Allowance and Daily Allowance, the Central Government will be responsible for meeting the expenditure on the election of one member from each Part B State under clause (a) of section 3 of the Dentists Act, 1948. In view of the fact that the amount of expenditure on such elections in the States will depend on the size of the electoral roll and other local conditions in each State and must vary from State to State, any estimate of such expenditure can only be tentative. In connection with a recent election to the Dental Council of India from the State of Madras, the actual expenditure amounted to Rs. 1,145. If we base our estimate on this figure, the cost of 7 elections in the Part B States may amount to Rs. 7,000 every five years.

4. The total estimated expenditure involved on account of the extension to all Part B States of the Dentists Act, 1948, will, therefore, be as follows :—

Recurring.

(i) Travelling Allowance of 7 members from Part B States. .. Rs. 2,740 per annum.

The expenditure will, however, amount to Rs. 5,480 or approximately Rs. 5,500 if the Council holds two meetings during a financial year.

(ii) Expenditure on elections to the Council .. Rs. 7,000 every 5 years.

In this connection it may also be mentioned that after the Dentists Act, 1948 is extended to the Part B States, the income of the Dental Council of India will also increase as the Council is entitled, under section 53 of the Act, to 25 per cent. of the registration fees realised by the States Dental Councils during a year.

AWARD.

The proceeding in connection with which this complaint under section 33A of the Industrial Disputes Act, 1947, was filed was based upon Government order of reference No. 4055Dis./D/8L-20/52, dated 22nd December 1952.

On 16th February 1953 Shri Anil Choudhury, a workman of the Manindra Cotton Mills, filed an application under section 33A of the Industrial Disputes Act, 1947, complaining that he was discharged verbally on 22nd January 1953 while a proceeding between the Company and its workmen was pending before the Tribunal and without the permission of the Tribunal. It is further pleaded that the applicant was an active member of the Manindra Mills Sramik Sangha and that he has been wrongfully dismissed by way of victimisation and unfair labour practice for his trade union activities. The applicant, therefore, prays for reinstatement with full compensation.

The Company in its written statement stated that for some time before 22nd January 1953 and during the pendency of the proceedings before the Tribunal the applicant was attempting to instigate loyal workers of the Mill to take part in

a strike and other subversive activities in spite of repeated warnings and that his superior having reported his aforesaid conduct to the Manager of the Mill, while he was doing the same act on 22nd January 1953 he left the Mill premises and did not join his duties in spite of repeated notices. The applicant thus voluntarily terminated the contract of service with the Company.

On 6th February 1954 the applicant filed a petition praying for leave to withdraw his application. The applicant is permitted to withdraw his application under section 33A of the Industrial Disputes Act, 1947, as prayed for.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Nagendra Sarkar in connection with Government order No. 4055-Dis./D/8L-20/52, dated 22nd December 1952 (Case No. 64/53).

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI M. C. BANERJEE, *District Judge (Retd.), Judge First Industrial Tribunal.*

For the applicant : Shri H. Banerji, Vice-President of the Union.

For the Company : Shri S. P. Choudhury, Managing Director.

The proceeding in connection with which this complaint under section 33A of the Industrial Disputes Act, 1947, was filed was based upon Government order of reference No. 4055Dis./D/8L-20/52, dated 22nd December 1952.

On 28th January 1953 Nagendra Sarkar, a workman of the Manindra Cotton Mills, Ltd., filed a complaint under section 33A of the Industrial Disputes Act, 1947, stating that he was discharged on 17th January 1953 while a proceeding was pending before the Tribunal between the Company and its workmen and that no permission was taken from the Tribunal for his discharge. It is further pleaded that this action of the Management was by way of victimisation and unfair labour practice, inasmuch as, the applicant was an active member of the Manindra Mills Sramik Sangha being a member of its executive committee. The applicant prays that he should be reinstated to his job with full compensation.

The Company in its written statement opposed the application and denied that the action of the Management was by way of unfair labour practice or victimisation for trade union activities of the applicant. Through inadvertence an order of dismissal was served on the petitioner but the mistake was soon detected and before the filing of this application the petitioner was informed that he was suspended and not dismissed on the grounds as mentioned in the notice of discharge dated 17th January 1953. It is further pleaded that for some time past before 17th January 1953 the applicant was attempting to instigate the loyal workers of the Mill to take part in a strike and other subversive activities during the pendency of proceedings before the Tribunal. In addition, the applicant was also guilty of wilful insubordination and disobedience to the reasonable orders of the superior and other misconduct. The Company, therefore, prays that the application should be rejected.

On the date of hearing on 4th June 1954 the parties filed a joint petition of compromise which appears as Appendix A to this award. On a perusal of the petition of compromise it appears that the terms thereof are reasonable and should be accepted. I, therefore, accept the petition of compromise in Appendix A and award accordingly. The petition of compromise in Appendix A shall form a part of this award.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Amulya Roy in connection with Government order No. 4055-Dis./D/8L-20/52, dated 22nd December 1952 (Case No. 63/53).

PRESENT :

SHRI M. C. BANERJEE, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the applicant : Shri H. Banerji, Vice-President of the Union.

For the Company : Shri S. P. Choudhury, Managing Director.

The proceeding in connection with which this complaint under section 33A of the Industrial Disputes Act, 1947, was filed was based upon Government order of reference No. 4055Dis./D/8L-20/52, dated 22nd December 1952.

On 28th January 1953 Shri Amulya Roy, a workman of the Manindra Cotton Mills, Ltd., filed this complaint under section 33A of the Industrial Disputes Act, 1947, stating that he was discharged on 16th January 1953 while a proceeding was pending before the Tribunal and without the permission of the Tribunal. It is stated that the applicant was served with a notice of discharge on 16th January 1953 without any previous charge-sheet or scope of defence. The applicant is an active member of the Manindra Mill Sramik Sangha, being a member of its executive committee. The applicant States that the action of the Management in dismissing him was unfair and that he was victimised for trade union activities.

The Company in its written statement states as follows :—

Through inadvertence an order of dismissal was served on the applicant but soon thereafter the said mistake was detected and before the filing of this application the petitioner was informed that he was suspended but not dismissed or discharged. The Company denies that the action of the Management was unfair or by way of victimisation or unfair labour practice. For some time past before he was placed under suspension on 16th January 1953, the applicant was attempting to instigate and incite the loyal workers of the Mill to take part in a strike, and other subversive activities while the proceeding before the Tribunal was pending. In addition to the aforesaid misconduct the petitioner was guilty of other misconduct also, namely, wilful insubordination and disobedience of the lawful and reasonable order of a superior, wilful damage to the Company's property by making false entries about damaged cloth, etc. In the circumstances the Company prays that this application should be dismissed.

The parties were partly heard on 5th June 1954. Then the parties filed a petition of compromise. This petition of compromise appears as Appendix A to this Award. On a perusal of the petition of compromise it appears that the terms thereof are reasonable and should be accepted. I, therefore, accept the petition of compromise in Appendix A and award accordingly. The petition of compromise in Appendix A shall form a part of this award.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri Suprasanna Pal, a workman of Messrs. Hall & Anderson, Ltd., post office Baidyabati, village Kumarpara, district Hooghly, against the aforesaid Company (Case No. 11 under section 33A of 1954).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT :

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances :

For the workman : Shri Suprasanna Pal himself.

For the Company : Shri Daga, Secretary, Messrs. Hall & Anderson, Ltd.

This application under section 33A of the Industrial Disputes Act made by a discharged workman Shri Suprasanna Pal, whose contention is that he served the Company for about 32 years and that he was unreasonably discharged on notice, dated 26th March 1952, and that he was not paid any gratuity although workmen who were discharged later on were paid such gratuity.

The original references out of which this present case has arisen were made under Government Nos. 2119Dis./D/11L-43(A)/52, dated 7th August 1952 and subsequent Nos. 4391Dis./D/11L-246/53, dated 19th November 1953 and 2498Dis./D/11L-43(A)/52, dated 5th September 1952 and subsequent No. 4392Dis./D/11L-246/53, dated 19th November 1953.

AWARD.

The petitioner fails to explain how the Company could be said to have violated section 33 of the Industrial Disputes Act by discharging him by notice without paying gratuity. It is apparent that the petitioner's termination of service fell in April 1952, whereas the Government made references—one in August 1952 and the other in September 1952. So there had been no contravention of section 33 of the Industrial Disputes Act during the pendency of either of the reference cases. Therefore I find that the petition under section 33A is not maintainable and it is therefore rejected.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Tarapada Ghose against Manindra Cotton Mills of Cossimbazar in connection with Government order No. 4055Dis./D/81-20/52, dated 22nd December 1952 (Case No. 72/53).

For the applicant : Shri Hrishikesh Banerjee, Vice-President of the Union.

For the Company : Shri S. P. Chowdhury, Managing Director.

AWARD.

The proceeding in connection with which the present application under section 33A has been filed was based on Government order of reference No. 4055Dis./D/8L-20/52, dated 22nd December 1952. On 16th February 1953 Shri Tarapada Ghose, a workman of the Manindra Cotton Mills, Ltd., filed an application under section 33A of the Industrial Disputes Act complaining that he was discharged verbally on 27th January 1953 during the pendency, before this Tribunal, of a proceeding between the Company and its workmen and without the sanction of this Tribunal. It is stated that the petitioner is an active member of the Manindra Cotton Mills Sramik Sangha, that he was wrongfully dismissed on account of his union activities and that the dismissal was unfair and was made with an ulterior motive. The petitioner prays for reinstatement with full compensation.

The Company in its written statement opposed the application. It is pleaded that on or about January 27, 1953, during the pendency of the proceedings before this Tribunal, the petitioner along with others illegally left the Mill premises and went on strike in breach of contract and did not join his duties in spite of notices issued by the Company in that behalf. The petitioner

voluntarily terminated his service. The present application should be dismissed.

After several adjournments the case was fixed for hearing on 3rd March 1954. On that date the applicant was absent although the Vice-President of the Union Shri Hrishikesh Banerji was present. The representative of the Company was present and he informed the Tribunal that the applicant had been re-employed by the Company. The Union Vice-President also informed me that the application will not be pressed. In the circumstances, the application under section 33A be struck off.

SHRI M. C. BANERJEE, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the applicant : Shri Hrishikesh Banerjee, Vice-President of the Union.

For the Company : Shri S. P. Chowdhury, Managing Director.

AWARD.

The proceeding in respect of which this application under section 33A was filed was based on the Government order of reference No. 4055Dis./D/8L-20/52, dated 22nd December 1952.

Shri Ram Gopal Ghosh, a workman of the Manindra Cotton Mills, filed an application under section 33A of the Industrial Disputes Act complaining that he was discharged on 17th January 1953 while a case before this Tribunal was pending between the Company and the workmen and that the discharge was made by the Company without the permission of the Tribunal. It is stated that he was an active member of the Union of the workmen of the Mills named as Manindra Mill Sramik Sangha and a member of the executive committee of the Union. The applicant prays for an order directing the Company to reinstate him with full compensation.

The Company filed a written statement opposing the application and stated that the applicant was placed under suspension as he was attempting to instigate or incite loyal workers of the Mill to take part in and act in furtherance of a strike. In addition to the aforesaid misconduct the petitioner was also guilty of other misconduct and that he was a habitual breaker of law, habitually negligent of work, and he committed wilful insubordination and disobedience to the lawful and reasonable orders of the superior and criminally intimidated the loyal workers of the Mill.

The case was fixed for hearing after 2 adjournments on 3rd March 1954. On that date the applicant was absent and the representative of the Company was present. The representative of the Company informs the Tribunal that the applicant has been re-employed by the Company. The Vice-President of the Union, Shri Hrishikesh Banerji who was present also agreed that the applicant had been re-employed by the Company. It is, therefore, ordered that the application under section 33A be struck off.

The proceeding in connection with which this complaint under section 33A of the Industrial Disputes Act, 1947, was filed was based upon Government order of reference No. 4055Dis./D/8L-20/52, dated 22nd December 1952.

On 28th January 1953 Shri Ananda Gopal Ghose, a workman of the Manindra Cotton Mills, Ltd., filed an application under section 33A of the Industrial Disputes Act stating that he was discharged on 17th January 1953 while the proceeding was pending before the Tribunal between the Company and its workmen, and that no permission was taken from the Tribunal for the discharge of the applicant. It is further pleaded that the applicant was an active member of the Manindra Mills Sramik Sangha, being a member of its executive committee and that he was dismissed by the Company by way of victimisation and unfair labour practice for his trade union activities. The applicant, therefore, prays that he should be reinstated with full compensation.

The Company opposed the application on various grounds.

On 6th February 1954 the applicant filed a petition to the Tribunal stating that he has been re-employed by the Company and that he prays for withdrawing his case from the Tribunal. It is, therefore, ordered that the applicant be permitted to withdraw the application as prayed for.

The proceeding in connection with which this application under section 33A of the Industrial Disputes Act, 1947, has been filed was based on Government order of reference No. 4055Dis./D/8L-20/52, dated 22nd December 1952.

On 16th February 1953, Kisto Sardar, a workman of the Manindra Cotton Mills, applied under section 33A of the Industrial Disputes Act, 1947, compaining that he had been discharged verbally on 27th January 1953 when a case was pending before the Tribunal between the Company and its workmen and without the permission of the Tribunal. It is stated that he is an active member of the Manindra Cotton Mills Sramik Sangha and he has been wrongfully dismissed for his Union activities. The applicant prays for re-instatement with full compensation.

The Comany in its written statement states that on or about 27th January 1953, during the pendency of proceedings and before the Tribunal, the petitioner along with others illegally left the Mill premises and went on strike and did not join duties in spite of notices issued by the Company in that behalf. The petitioner, therefore, voluntarily terminated. his service and his claim for re-instatement should be rejected.

After several adjournments, the case was fixed for hearing on 3rd March 1954. On this day the applicant was absent. The Company's representative was present. The Vice-President of the Union was also present. The Company's representative informed the Tribunal that the applicant has been re-employed by the Company. The Vice-President informed the Tribunal that the application will not be pressed. In the circumstances, the application under section 33A of the Industial Disputes Act is struck off.

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Anil Kumar Sarkar and others against their employers Messrs. Manindra Cotton Mills of Cossimbazar in connection with Government order No. 4055Dis./D/8L-20/52, dated 22nd December 1952 (Case No. 79/53).

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the applicants. Shri H. Banerji, Vice-President of the Union.

For the Company: Shri S. P. Chowdhury, Managing Director.

AWARD.

The proceeding in connection with which this complaint under section 33A of the Industrial Disputes Act, 1947, was filed was based upon Government order of reference No. 4055Dis./D/8L-20/52, dated 22nd December 1952.

Shri Anil Kumar Sarkar and 115 other workmen of the Manindra Cotton Mills, Ltd., filed an application under section 33A of the Industrial Disputes Act on 19th February 1953. It is pleaded by these workmen that the Company all on a sudden and without any previous notice or taking previous sanction of the Tribunal locked out the applicants from work since 27th January 1953 and that this act of the Company was illegal and was in contravention of section 33 of the Industrial Disputes Act. The applicants prayed for being taken back to work and for full wages for the period of their unemployment.

The Company in its written statement states as follows: On 27th January 1953 when a proceeding before the Tribunal was pending between the Company and its workmen, the workmen applicants along with others all on a sudden left the Mill premises and went on strike illegally for reasons best known to them. The same workmen did not call at the time office or join their duties in spite of notices, dated 28th January 1953 and 12th February 1953, given by the Company to that effect. In consequence of the said illegal strike and the refusal of the workmen to join their respective duties in spite of notice the Company had to recruit new workmen and has been running the Mill since then with great difficulty. The Company further states that on diverse dates in the month of March 1953 when some of the strikers amongst the petitioners expressed their regret for the said illegal strike, they were allowed to join their respective duties after a warning. The act of the Company is not illegal nor in violation of section 33 of the Industrial Disputes Act. The petitioners are not entitled to any relief as prayed for.

It appears that 22 workers out of the applicants were re-employed by the Company and 33 other workers withdrew their case before the Tribunal. None of the workers appeared before the Tribunal on the date of hearing on 3rd March 1954. On 4th June 1954 Shri H. Banerji, the Vice-President of the Manindra Mills Sramik Sangha, appeared for the applicants and Shri S. P. Choudhury, Managing Director, appeared for the Company and both the parties stated that the case had been amicably settled. A petition was filed by Shri H. Banerji on behalf of the workmen stating that the matter had been amicably settled and the workers did not press their application under section 33A of the Act.

It may also be mentioned that a "lock out" does not come within the ambit of section 33 of the Industrial Disputes Act and so no permission under section 33 is required for a lock out. The present application under section 33A of the Industrial Disputes Act is, therefore, not maintainable [*vide* 1952 L.A.C., page 219 at page 223, 1951(2) L.L.J., page 344]. The present application under section 33A of the Industrial Disputes Act is, therefore, rejected.

In the matter of an industrial dispute existing between the Calcutta Rangers Club, 13/1A, Government Place (East), Calcutta-1 and their employees represented by the Calcutta Rangers Club Employees' Association, 48, Indian Mirror Street, Calcutta-13.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Second Industrial Tribunal.*

For the Employees' Association: Shri Bimal Ch. Chatterjee, advocate.

For the Club: Shri K. B. Bose, Counsel and Shri D. Basu Thakurta, Solicitor, Orr Dignam & Co., Solicitors instructed by Mr. Smith, President of the Club.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 2843Dis/D/11L-90/53, dated 1st August 1953, referred an industrial dispute existing between Messrs. Calcutta Rangers Club, 13/1A, Government Place (East), Calcutta-1, and their employees represented by the Calcutta Rangers Club Employees' Association, 48, Indian Mirror Street, Calcutta-13, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

The reference was received in the office of this Tribunal on 6th August 1953 and notices were issued to both parties for appearances and written statements. Both parties filed their written statements and the case was heard on 26th May 1954, the day fixed for its hearing.

The Employees' Association in its written statement stated that the management of the Calcutta Rangers Club (hereinafter called the Club) introduced all on a sudden written standing orders on 15th October 1952. Previously there was no standing orders and the present orders were contrary to what prevailed before. Under the present orders, the working hours which were 10 a.m. to 5 p.m. with one hour's lunch recess from 12 a.m. to 1 p.m. on weekdays and 10 a.m. to 1 p.m. on Saturdays were changed to 9 a.m. to 5 p.m. with half an hour lunch recess between 12-30 p.m. to 1 p.m.

on weekdays and 9 a.m. to 1 p.m. on Saturdays. Formerly, the grace period for the late attendance was 10 minutes per day, i.e., 60 minutes in a week, now it is limited to only 10 minutes a week. Casual leave with pay was granted in extension of holidays and now it is considered as leave without pay. Casual leave for three days at a time were formerly allowed. Now it is reduced to two days only. The Association claimed that there should be a reversion to the old order. It further stated that Provident Fund rules were changed to the disadvantage of the employees. There was Provident Fund only for the clerical staff before 1943. It was discontinued from 1943 and reintroduced from October 1946 and since October 1948, the Fund was made applicable to the subordinate staff. The Provident Fund rules were framed for the employees only on 9th March 1953 and it was found that there had been a great departure from the original rules particularly on the following points:—

1. Formerly the members could nominate persons for receiving full value of the Provident Fund dues after his death; the nomination system was abolished under the new rules. It is now made compulsory for the heirs of the deceased employee to produce succession certificate within two months in order to enable them to receive payment where the money exceeds Rs. 500;
2. Formerly, members were entitled to have full contribution from the Club on completion of two years' service and now no contribution for five years and 50 per cent. on the completion of the fifth year, 60 per cent. on the completion of the sixth year and so on and full contribution on completion of the tenth year of service;
3. There is no representative of the employees in the Board of Trustees for the Fund. The Association suggested that the rules be suitably amended restoring the previous conditions. It also suggested that the expenses of the Trust Board should be borne by the Club.

The Association further alleged that Padma Bahadur, a Durwan who was appointed in November 1952 against a permanent vacancy, was discharged all on a sudden on 25th March 1953. This was not only unfair but illegal and against principles of natural justice. The Association, therefore, claimed that Padma Bahadur be reinstated on a permanent basis with his arrear wages and allowances.

The Calcutta Rangers Club (hereinafter called the Club), in a written statement, denied that there was any change in the standing orders and submitted that the working hours were fixed according to the requirements of the Club. The hours were reasonable and fair. It denied that formerly the grace period was 10 minutes per day as alleged and submitted that normally there should not be grace period at all. Any increase will put a premium on unpunctuality and indolence. Regarding casual leave, it submitted that the provisions were just and fair and that it could not be taken as a matter of right. Regarding the Provident Fund Rules it stated that the Provident Fund existing prior to 1943 was closed. It was restarted in 1946. There was no rule of the Fund and the Club was in charge of it. All questions of payments, etc., were always considered on the merits of each case. By the award of Shri G. Palit, the Club was directed to frame proper rules for the Provident Fund. Accordingly, the Provident Fund Trust Deed with rules for the administration of the Fund have been prepared and duly registered and certified by the Commissioner of Income-tax. It submitted that in the absence of the Trustees, who are not parties to this case, the Tribunal has no jurisdiction to give any direction in

changing the existing rules. It also submitted that it was justified in asking for a succession certificate where the amount payable exceeded Rs. 500 to avoid conflicting claims. It does not admit that there was any previous rules that on completion of two years' service, employees would get full contributions of the Club. All questions regarding rate of payment of employers' contribution were considered on the merits of each case and decisions taken thereon. It submitted that an employee was only entitled to the employers' contribution after long and faithful service and for that reason, a limitation was necessary. As to the discharge of Padma Bahadur, it stated that the employee was engaged as a durwan on a casual basis on Rs. 2 per day, liable to be discharged without notice. His services were required till 28th March 1953, and the Club discharged him with effect from 29th March 1953. It denied that Padma Bahadur was employed to fill up a permanent vacancy or that he was about to be confirmed or that the Club discharged him with motive alleged or any other motive at all.

The issues are:—

1. Is the Club's action in changing the Standing Orders and Rules of the Provident Fund justifiable?
2. What relief are the employees entitled to?
3. The formation of the Trust Board of the Provident Fund.
4. Is the discharge of Padma Bahadur justified? To what relief is he entitled to?

FINDINGS

Issue No. 4. The Association claimed reinstatement of Padma Bahadur with all arrear wages and allowances on the allegation that he was appointed as a Durwan against a permanent vacancy and that he was dismissed by a letter, dated 25th March 1953, without assigning any reason whatsoever. It stated that the discharge was unfair and illegal and against the principles of natural justice. The Club denied this allegation and stated that he was employed on a casual basis, liable to be discharged without notice. His services were required till 28th March 1953 and he was discharged with effect from the next day.

Padma Bahadur is absent. He has not taken any oath in this case. There is no oral evidence on either side on the point of issue. The Association put in ext. 1, a letter addressed to the Secretary of the Association, dated 10th May 1953. It appears from this letter that one Lalbahadur was appointed in his place on and from 20th April last. It has accordingly been urged on behalf of the Association that the discharge of Padma Bahadur is unjustified for there was no ground for it. The device of discharging employees shortly before the expiry of the period of probation is adopted by the Club to avoid making them permanent, and Padma Bahadur was discharged with ulterior motive. The Club put in ext. "A", a letter of appointment of Padma Bahadur, dated 30th October 1952. This is signed by Padma Bahadur himself. It shows that he was appointed on a daily basis of Rs. 2 per day from 1st November 1952. The appointment is casual in nature liable to be terminated without notice. It has been urged on behalf of the Club that the appointment was purely casual and that in terms of the letter of appointment, the services were terminated. Accordingly, no question of reinstatement with or without arrear wages, etc., can arise. I have found that this contention of the Club is sound. In the absence of any materials which substantiate the contention raised by the Association it cannot be said that Padma Bahadur was discharged for any ulterior motive. The whereabouts of Padma Bahadur

are not known. It is also not known whether he was at all agreeable to continue in service or that he offered himself for reappointment when the Club required a fresh Durwan. It is also not proved that a fresh Durwan was appointed in place of Padma Bahadur as alleged in ext. 1. Accordingly, I find that the discharge of Padma Bahadur is justified and that in the circumstances of the case, he is not entitled to any compensation. I answer this issue accordingly.

Issue No. 3. This relates to the formation of the Trust Board of the Provident Fund. The Association stated in its written statement that there is no representative of the members (i.e., employees) in the Trust Board of the Fund which is composed of the President, Honorary Secretary and Honorary Treasurer (*vide* rule No. 5). Ext. "C" is the Trust Deed containing rules of the Provident Fund. Rule No. 5 lays down that the number of trustees of the Fund shall not be less than three and not more than five. The first trustees shall be (1) President, (2) Honorary Secretary and (3) Honorary Treasurer. Admittedly, the said three persons are continuing on the Board. The Association suggests that the Board shall be composed of two members of the Club and two members of the Association on behalf of the employees and that every decision of the Board must be ratified by all or at least majority of the members. It has been argued on behalf of the Association that it is desirable in the interest of the employees that there should be two of their representatives on the Board. This has been resisted on behalf of the Club. The reasons are that the Board is already formed and in the absence of any allegation of maladministration, etc., of the Fund by the trustees of the Board, the question of reconstruction of the Board or removal of the present trustees does not arise. It must be conceded that the issue is not properly worded. It should have been one for the reconstruction or reformation of the Trust Board of the Provident Fund. In any case, the dispute undoubtedly is regarding some representation of the employees on the Trust Board. It has been further contended on behalf of the Club that in the absence of the trustees, the Provident Fund rules cannot be changed, and that it is not practicable to have any representative of the employees in view of the ever changing Unions of Workers of the Club. The Club's contention that this Tribunal will not have any jurisdiction to change the rules of the Fund in the absence of the trustees requires scrutiny. The trustees as stated above are (1) the President, (2) Honorary Secretary, and (3) Honorary Treasurer. But then they are different persons in the eye of law. So, it will not do to say that since the Club is a party, and since it is represented by the President himself (who was present at the hearing), the trustees may be considered to be present in the proceeding. No such inference is permissible in law.

Question now is whether the rules can be added or altered in this case. This takes us once more to the deed of trust constituting the Provident Fund (ext. C), Rule 30 provides, "The employer may in its discretion with the written concent of the Trustees by writing under their hands add to, alter or repeal any of the provisions of these presents but so that no such additions or alterations shall affect the right of any member of the Fund then accrued with respect to any funds then in the hands of the Trustees or result in the employer acquiring any beneficial interest whatsoever in the funds of the Fund. All such additions and/or alterations shall during such time as the Fund shall continue to be recognised as a recognised Fund within the meaning of the Indian Income Tax Act, be subject to the prior approval of the Commissioner of Income-tax having jurisdiction over the Fund." It is suggested on behalf of the Association that since the employer who has the right to add to, alter or repeal any of the provisions of the Deed under the aforesaid rule is party to this reference, this Tribunal is competent to give proper directions in the matter, for any

additions or alterations of the rule. This would in the nature of recommendation to the employer who will in due course, give effect to the same in accordance with the provisions of the said rule with the consent of the Trustees and with the prior approval of the Commissioner of Income-tax. To my mind, this appears to be sound. This Tribunal has jurisdiction to adjudicate the dispute between the parties on this point. Rule 5 already provides that the number of the Trustees shall be not less than three and not more than five. At present, the Trustees are three. Question is whether it is desirable in the circumstances to raise the number of trustees up to five by including representatives of the subscribers to the Fund. Since the Fund consists mainly of the contributions made by the subscribers to it, i.e., by the employees of the Club, it is desirable that there should be some representative of the subscribers on the Board of Trustees. His presence on the Board is likely to remove all apprehensions regarding any mis-application or improper investment of the Fund. Rule 7 provides for appointment of anyone of the members of the Fund as Manager. This shows that the management of the Club at the time of framing all these rules, desired the close association of the members with the administration of the Fund. Any such association of a member or members of the Fund for its administration at once removes all mis-apprehensions as to the improper use of the Fund. The Tribunal, therefore, thinks that there should be one representative of the subscribers on the Board of Trustees and the Board be reconstituted with such representative as one of the Trustees. The subscribers shall elect one of the members as their representative within a month from the date of the operation of the award to the Board at a general meeting to be held specially for the purpose and they shall elect the representative every three year. Such Trustee shall hold office for a period of three years from the date of the constitution of the Board provided that the representative of the subscribers shall cease to be a Trustee to the Board on ceasing to be a subscriber and he may resign his office by a notice in writing to the Board. The Tribunal recommends to the Club to take effective steps in the matter of necessary addition and/or alteration of the rules with the consent of the Trustees and the approval of the Commissioner of Income-tax, West Bengal Circle, within a month from the date of the operation of this award. I decide this issue accordingly.

Issues Nos. 1 and 2. These two issues relate to (i) Standing Orders and (ii) Provident Fund Rules. The Standing Orders (ext. B) were certified on the 10th September 1952 after due formalities. These orders came into force from 17th October 1952. The Association alleged that the Standing Orders have introduced a change in the (i) working hours, (ii) grace period, (iii) casual leave with pay and (iv) casual leave and claimed that the working conditions, in connection wth these items, which existed before the introduction of the Standing Orders, be restored. The Club denied that there was any change in the Standing Orders but admitted that the working hours were fixed according to the requirements of the Club. Regarding the disputed items in the Standing Orders, the defence is only a denial of the allegation made by the Association. It has been urged on behalf of the Club that since there was no change made in the Standing Orders, the issue becomes infructuous and redundant. It is admitted in paragraph 4 of the written statement of the Association that previously there were no written Standing Orders of the Club and the Club Authorities all on a sudden passed a written Standing Order on 15th October 1952 and enforced them from 16th October 1952. It would, however, appear from the Standing Orders (ext. B) that they were certified on 10th September 1952 and brought into force from 17th September 1952. It is incorrect to say that the Club all on a sudden passed those orders and thrust them upon the employees. In fact,

it is gathered that the Authorities of the Club were asked by the Labour Commissioner to have written Standing Orders at an early date. The Management, pursuant to the request, got the Standing Orders drafted for the first time in the history of the Club and presented them to the Labour Commissioner for favour of cerification. This was in due course discussed with the Association and was duly certified by the proper authorities. It would, therefore, be absolutely wrong to say that these orders were brought into existence all on a sudden and were imposed upon the employees without their knowledge. But it is now admitted that the working hours were changed in the Standing Orders. Formerly working hours were—weekdays, 10 a.m. to 5 p.m. with one hour's lunch recess from 12 to 1 p.m. Saturdays, 10 a.m. to 1 p.m. Under rule 8 of the Standing Orders, these hours have been changed as follows:—

Weekdays: 9 a.m. to 5 p.m. with half an hour's lunch recess from 12-30 p.m. to 1 p.m.; Saturdays: 9 a.m. to 1 p.m.

The Club contends that this change was made to suit its requirements. Naturally, the Tribunal enquired the reasons for this change. No oral evidence was forthcoming on either side. During discussions, it was ascertained that formerly there was absolutely chaos in the working of the Club and that for the first time, the President has made a very strong endeavour to regularise the whole matter and proceeded in a businesslike way. As the work has increased, the working hours have been increased, but not to the extent of putting any undue strain on any member of the clerical staff. I could gather this much that the employees were satisfied with the recess now enjoyed by them under the Standing Orders. They want to revert to the old hour of attendance, namely, at 10 in the morning. The Club, of course, stands by the new hour of attendance at 9 a.m., but it was prepared at the time of argument to concede half an hour to the employees. I have fully considered the view points of both parties and find that the working hours should be—Weekdays, 9-30 a.m. to 12-30 p.m. and from 1 p.m. to 5 p.m. Saturdays, 9-30 a.m. to 1 p.m. These hours appear to be fair and reasonable. The Tribunal directs that necessary changes in the Standing Orders be made at once Regarding the objections of the Association to changes made by the Standing Orders namely that grace period for late attendance which was 10 minutes per day, i.e., 60 minutes in a week was changed to 10 minutes in a week (*vide* rule 9 of the Standing Orders), the Association complained that this change was unnecessary and very harsh in effect, whereas the Club contents that any increase in the grace period will put a premium on unpunctuality and indolence. It is gathered that no employee is punished for exceeding this grace period under the Standing Orders, i.e., no employee was either shut out from work for being late in coming to office or even lost his day's pay for that. I think the grace period now allowed under the Standing Orders is not unduly harsh. Therefore, it does not call for any change. Regarding Casual Leave, the Association claims that it should be granted in addition to holidays and other leave and that it should be with pay. Further, at present such leave is granted for two days at a time in place of three days before the Standing Orders were introduced. Casual leave is intended to be casual in nature and accordingly, there cannot be ordinarily any occasion for an application for any such leave for more than two days at a time. Casual leave is never allowed in extension of holidays or other regular leave. Accordingly, the Standing Orders in this connection do not call for any revision or change. It has been urged on behalf of the Club that since there was no previous Standing Orders, there could not be any 'Change' in them when the present Standing Orders were certified and brought into force. Strictly speaking, no such change was introduced in the present Standing

Orders in the sense that they differ from the previous one. But admittedly, the present Standing Orders introduced changes in the conditions of service and accordingly this can legitimately form the subject matter of an issue under the Industrial Disputes Act. The Club's contention on this point therefore fails.

Regarding the change in the rules of the Provident Fund the Association stated that the Provident Fund which existed before 1943 was discontinued between 1943 and 1946. It was reintroduced on 1st October 1946 for the clerical staff only and on 1st October 1948, the Provident Fund has been for the subordinate staff also. There were previously no rules and the present rules are departed from the previous ones (where they existed) in certain matters to a large extent. The Association has objections to such rules under three heads: (1) Regarding the formation of the Trust Board; This has been dealt with in connection with issue No. 3, (2) Regarding nomination: The employees shall be at liberty to nominate persons for receiving full value of their Provident Fund dues after their death and the system of production of succession certificate should be abolished. (3) The employees shall be entitled to receive full contribution of the Provident Fund from the Club on completion of two years' service. This claim has been resisted by the Club mainly on the following grounds: (1) Rules cannot be altered in the absence of the Trustees who are not before this Tribunal. (2) The staff consists mostly of the Anglo-Indians. The introduction of nomination system will prejudicially affect their interest; they are likely to make improvident nomination in favour of strangers in preference to their family members. (3) Club's full contribution should only be earned by long and faithful service. It is, accordingly, undesirable that an employee leaving after completion of two years of service should receive full Club's contribution. I have discussed the first objection in connection with issue No. 3. For the very same reasons, I find that the rules can be changed although the Trustees have not been brought on records of this case. It is extremely unfortunate that this matter of the absence of the Trustees was not brought to the notice of the Tribunal at an early stage of the proceeding. The objections could have been easily met if it was pressed, as it is always desirable that all questions affecting defect in jurisdiction should be pressed, at a very early stage of the proceeding. Regarding the Club's objection to adopt the system of nomination in the Provident Fund Rules, it does not appear to be very convincing. Nomination system is a common feature of all Provident Fund rules. It is learnt on enquiry that the permanent clerical staff consists of 28 members and the temporary or casual staff, which varies from time to time, consists of 80 to 200 members. The latter is appointed purely on temporary basis. It is not known how many of the permanent staff out of this 28, are Anglo-Indians but a demand is forthcoming on behalf of all that the rules be changed by adopting the nomination system so that in the event of an employee's death before his retirement, his successors may get all the Provident Fund money without incurring any cost whatsoever. The demand does not appear to be an unreasonable one. The system of nomination can be made optional if in the opinion of the management of the Club, the Anglo-Indian staff requires any special protection. Their nomination may be entirely optional. All subscribers will not have to make nomination at the time of joining the Fund. It would be left entirely to their discretion to make nomination or not. Under the existing rules, an amount up to Rs. 500 can be withdrawn without the production of a succession certificate. But any amount in execess of that can only be withdrawn on the production of a succession certificate. It is accordingly recommended to the management of the Club that they should take effective steps for alteration of the

existing rules particularly rule 20 of the Provident Fund rules making provisions for the subscribers of the fund to nominate their successors in the event of their death before retirement, so that their nominees may withdraw the accumulation of the Fund where they exceed Rs. 500 without the production of a succession certificate. The provision for nomination may be as follows:—

1. Every subscriber to the Fund may make a nomination confering the right to receive the amount that may stand to his credit in the event of his death occurring before the amount has become payable, provided that a subscriber may modify a nomination once after giving written notice of his intention of doing so.

2. Nomination shall save as hereinafter provided be in favour of one or more of the subscriber's family and shall be made in the prescribed form. If a subscriber nominates more nominees than one, he may apportion the amount that may stand to his credit in the Fund amongst his nominees at his own discretion. If at the time of making nomination, the subscriber has no family, the nomination may be in favour of any other person or persons, but if the subscriber subsequently acquires a family, such nomination shall forthwith stand cancelled. The above provision should be inserted in the Club's Provident Fund rules. The Club is to prescribe the form for such nomination and it is advised that the form of the Government Contributory Provident Fund be adopted in this case.

As to the third objection regarding the Provident Fund rules, namely, the employees would be entitled to receive full contribution of Provident Fund from the Club on completion of two years' service, I have carefully considered the view points of both sides. The provision in rule 22(b) of the Club's rules is reasonable and fair. It is not that the Club had any set of rules before the present rules came into force which allowed the employees to have full contributions on the completion of two years' service. The Association could not show any such rule. The payment of the Club's contribution was entirely in the discretion of the management and therefore it is idle to contend on behalf of the Association that the present rules had departed from the previous ones to a large extent. The employers' contributions are usually paid for long and faithful service and the provision in the existing rules has given recognition to that well-established practice. The Tribunal finds nothing in favour of a change in the existing rules as desired by the Association. That objection, therefore, fails. The Tribunal has indicated the relief which the employees are entitled to in this case in discussing issues above. I make my award accordingly.

ORDER.

No. 3095Dis./D/8L-31/54.—23rd June 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 4055-Dis./D/8L-20/52, dated the 22nd December 1952, the industrial dispute between Messrs. Manindra Cotton Mills of Cossimbazar, Murshidabad and their workers represented by the Manindra Mill Sramik Sangha of Cossimbazar, Murshidabad, regarding the matters specified in the schedule thereto was referred for adjudication to the First Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it by Shri Suren Das, Shri Anil Kumar Ganguly and Shri Nani Gopal Singh, the workers of the said Company alleging that the said Company had discharged the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Suren Das, Shri Anil Kumar Ganguly and Shri Nani Gopal Singh, in connection with Government order No. 4055Dis./D/8L-20/52, dated 22nd December 1952 (Case No. 74).

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the Company : Shri S. P. Chowdhury, Managing Director.

For the applicant : Shri Hrishikesh Banerjee, Vice-President of the Union.

These three applications under section 33A of the Industrial Disputes Act, 1947, are taken up together for decision as they are based on the same facts. These applications arose out of the proceedings based on Government order of reference No. 4055Dis./D/8L-20/52, dated 22nd December 1952. Shri Suren Das, Shri Anil Kumar Ganguly and Shri Nani Gopal Singh filed these three applications under section 33A of the Act on 16th February 1953. They were all workers of the Manindra Cotton Mills. Shri Suren Das and Shri Anil Kumar Ganguly state that in their petitions that they were discharged verbally on 27th January 1953 while a case before the Tribunal between the Company and its workmen was pending and without the permission of the Tribunal. Shri Nani Gopal Singh states in his petition that he was suspended verbally for an indefinite period on 22nd January 1953 while a case was pending before the Tribunal between the Company and its workmen, and without the permission of the Tribunal. All the three state that they were active members of the Manindra Mills Sramik Sangha and that they were discharged by way of victimisation and unfair labour practice. They claim reinstatement with full compensation.

The Company in its written statement state that Shri Suren Das and Shri Anil Kumar Ganguly took part in an illegal strike on 27th January 1953, during the pendency of proceedings before the Tribunal, and did not join their duties in spite of notices issued by the Company, in that behalf. These employees, therefore, wilfully terminated their service with the Company and are not entitled to any relief. As for Shri Nani Gopal Singh, the Company pleads that for sometime past before 22nd January 1953, the petitioner was attempting to instigate loyal workers of the Mill to take part in a strike, and other subversive acts in spite of repeated warnings by his immediate superiors and that his superior officer having reported his aforesaid conduct, to the Manager of the Mill while he was doing so on or about 22nd January 1953, he left the Mill premises and did not join his duties in spite of notices issued by the Company in that behalf. Shri Nani Gopal Singh, therefore, voluntarily terminated his service with the Company.

On 6th February 1952, the Company filed a petition stating that an agreement has been effected between the Manindra Mills, Ltd., and their workers represented by Manindra Mills Sramik Sangha on 28th January 1954 in settlement of industrial disputes pending before the Tribunal. A copy of the agreement was also filed with this petition. It appears that Shri Suren Das, Shri Anil Kumar Ganguly and Shri Nani Gopal Singh and several other workmen were re-employed by the Company. The applicants did not thereafter appear and press their petitions. It is, therefore, awarded that there are no outstanding disputes between the Company and the applicants and the applications are, therefore, struck off.

This award shall govern all the three cases.

(1) Dearness allowance.

(2) Increment.

(3) Half-day work on Saturdays.

On receipt of the reference, the notices were sent to both parties. Union filed its written statement on 16th June 1953 and the Company filed its written statement on 17th August 1953 and the case was taken up for hearing on 24th April 1954.

This increment in dearness allowance is given as a good will gesture, on the assurance of giving better production though circumstances do not justify any such enhancement.

AWARD.

1. By order No. 2124Dis./D/13L-16/53, dated the 11th June 1953, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Shri Gobardhan Paul, 37/1, Canal West Road, Calcutta, Managing Director, Howrah Press, Ltd., and his employee Shri Jitendra Nath Pathak, 45/8, Muraripukur Road, Calcutta-11, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties entered appearance. Shri Jitendra Nath Pathak filed his written statement of claim on 30th July 1953 and the Managing Director, Shri Gobardhan Paul, filed written statement on 26-11-53, and then Shri Jitendra Nath Pathak filed supplementary written statement on 26th December 1953. Thereafter the parties were asked to file their lists of documents. The case was then fixed for hearing on 15th April 1954. As the employer was absent, the case could not be taken up for hearing on that day and the case was adjourned to 8th May 1954. On 8th May 1954, the employer obtained adjournment on the ground of death of a relation. The case was adjourned to 14th June 1954. The employer did not turn up on that date and accordingly the matter was proceeded *ex-parte*.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

(1) Is Shri Jitendra Nath Pathak entitled to arrear wages amounting to Rs. 382-6-6 from Shri Gobardhan Paul, Managing Director, Howrah Press, Ltd.?

DECISION.

In support of his claim Shri Jitendra Nath Pathak has deposed before this Tribunal. He served in the Howrah Press, Ltd., for 6 years or so till January 1952 as an Accountant on a slary of Rs. 35 per month. According to his case in the written statements, his employer, the Howrah Press, Ltd., had closed down its business; he had left service of his own accord at the end of January 1952, and then applied before the Labour Commissioner on 26th December 1952 complaining non-payment of arrears of salary amounting to Rs. 382-6-6 pies for the period ending January 1952. It further appears that during the conciliation proceedings which followed on such complaint, the present Managing Director Shri Gobardhan Paul did not appear and thus the matter came to be referred for adjudication to this Tribunal.

Under the present reference, an individual workman simply wants his arrear dues and seeks no other relief. In a case reported in 1952, L.L.J. (Volume I), page 550, it has been held that such a claim by a workman for recovery of arrears of salary due to him would be appropriate under the payment of Wages Act. But as section 15 of the Payment of Wages Act appears to be no bar to investigation of such a claim by an Industrial Tribunal, the Tribunal not being a Court and the proceeding before it not being a suit, the matter is taken up for decision as it has been referred by the Government.

On the evidence which is *ex-parte*, I find that a sum of Rs. 382-6-6 pies is due to Shri Jitendra Nath Pathak on account of arrears of salary up to January 1952 from Howrah Press, Ltd., and not from Shri Gobardhan Paul personally. The Managing Director, Shri Gobardhan Paul, is to pay the said amount out of

assets of Howrah Press, Ltd., in his hands, if any, to the workman within 2 months from the date the award becomes enforceable.

I award accordingly.

Dear Sirs,

With reference to our conversation with your Director Mr. Pannalal Jajodia, we confirm that all our disputes with you have been mutually settled and we have agreed to make a joint application to Shri S. K. Neyogy, 6th Industrial Tribunal, praying that these terms be given as the Tribunal's award and that all our cases be treated as withdrawn. We have also agreed to the following principles on which the retrenchment of staff can take place whenever you think necessary.

1. That you would give us one month's notice or one month's salary in lieu of notice.

2. That you would give us salary for the unutilised privilege leave earned by us calculated on the basis of a maximum of 52 days.

3. As regards gratuity, it has been agreed that the services of the employees will be deemed to have commenced from the formation of the New Company, *i.e.,* 1st December 1946, and one month's salary per year of completed service would be given to us. The gratuity will be calculated proportionately for the part of the year.

In addition to these, you would pay Rs. 300 (Rupees three hundred) each to the persons shown in the list "A" and Rs. 150 (Rupees one hundred and fifty) each to the persons shown in list "B". (Both lists attached.) We assure you that other members of the staff will have no grudge against your granting these special rewards to these persons. The daily wage employees will also be treated on the same basis as regards gratuity only.

4. The Provident Fund will be disbursed to us as under:—

"Employees' own contribution plus equal amount of Company's contribution together with the interest and profits as accrued thereon in cases of retrenchment. Benefits from Provident Fund will be allowed to cases of future retirement and dismissal also according to the existing Provident Fund rules so far as this benefit is concerned.

5. The cases of Mr. A. S. Moni and Mr. Gopal Chakravarty will also be treated on the same principles as stated above.

Our Union will take no objection if the above principles are adhered to.

7. Any dispute arising between us will be referred to arbitration. One of the arbitrators will be appointed by the Directors and one by the Union. If there is a difference of opinion among the arbitrators the dispute will be referred to an umpire who will be selected by the arbitrators before entering into arbitration.

Present for the Company: Shri D. Basu Thakur of Orr Dignam & Co., Solicitors.

1. By order No. 1226Dis /D/11L-133/53, dated the 10th April 1953, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. McGregor and Balfour, Ltd., 18, Netaji Subhas Road, Calcutta and their workmen as represented by McGregor and Balfour Employees' Union, C/o Association of Employees' Union, 23, Netaji Subhas Road, Calcutta, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592-Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties entered appearance and submitted their written statements after taking adjournments. The pleadings were completed on 29th June 1953. The parties were thereafter directed to file their lists of documents. The hearing was concluded after adjournments on 7th May 1954 and the award was reserved.

3. The matters of dispute as stated in the schedule to the order of reference are as below :—

(1) Acting allowance.

(2) Tiffin or tiffin allowance.

(3) Medical aid

(4) Employees' representatives in Provident Fund Trust.

(5) Gratuity.

(6) Bonus.

DECISION.

Issue No. 1—Acting allowance.

The Union demands that when an employee is to officiate in a superior post for more than fortnight, he should be paid 50 per cent. of the difference in pay and allowance between his post and superior post. The Company resists the claim. It is said that the demand for an acting allowance is incompatible, when a senior employee may likewise claim additional emoluments for performing the work of an absent junior. The Company further alleges that by temporarily taking over senior position, a junior employee obtains excellent opportunities to gain experience, undertake responsibility and show his ability thus enhancing his chances of promotion.

Giving careful consideration to the matter I find nothing to resist claim for acting allowance. There seems to be no reason why in fairness an employee who officiate in a higher grade or post and thereby discharges duties of a more responsible nature or of a different character from those attached to his own post should not receive an acting allowance. The principle of payment of officiating allowance to an employee when he acts in a higher and more responsible post is well established. In a case like this it is the usual practice that where an employee acts in a higher appointment he takes the minimum of the higher scale and if his present pay is higher, he takes his present pay plus one stage in the higher grade. The acting allowance will be available only in case the period of acting is more than 14 days and not otherwise. In accordance with the said usual practice, I direct payment of acting allowance when the acting is for a period more than 14 days. No acting allowance will however be payable if the period of acting is not more than 14 days.

Issue No. 2—Tiffin or tiffiin allowance.

The Union demands that the employees should be provided with tiffin or tiffin allowance at the rate of Re. 1 and annas 12 to the clerical and subordinate staff, respectively. The Union alleges that before the Mercantile Tribunal the Manager of the said Company assured to give due consideration to such demand but nothing has been done in this respect since then. It is further said that the wages do not leave any margin for expenses towards the tiffin during office hours, and that unlike this Company, tiffin is being granted to employees by a good number of commercial establishments from both before and after the Mercantile Award. The Company opposes the claim. It denies having made any promise to the Tribunal in this respect. It is said that a reference to the award will show that provision for tiffin was entirely discretionary. The Company gave due consideration to the matter and found that there was no justification for making any provision for such an allowance. The Company, however, admits in its written statement that tiffin or an allowance in lieu is provided by some large concerns.

After giving careful consideration to the matters, I think time has come when something should be done for the employees in this respect. The matter came up for consideration before the Omnibus Tribunal under issue number 5 headed "Canteen and Tiffin" (*vide* award published in the *Calcutta Gazette*, dated 4th August 1949). It was provided in the said award, "According to the scheme of our award, these are in the nature of ex-gratia concession. A request was made to the Company by the employees to make a grant and the Manager assured to give due consideration to it." When, however, it is admitted that some firms have been giving tiffin or tiffin allowance to their employees, it is meet and proper that this Company should do likewise. The firms which have been giving tiffin or tiffin allowance may be large concerns but this Company too is not small and has not pleaded incapacity to pay. When admittedly it has been

making profit every year, I think the Company should not grudge small payment in the shape of tiffin allowance to their employees, more so when there is no canteen arrangement. Considering what other concerns have been paying in this respect and the financial position of the Company, I allow annas 6 to the clerical staff and annas 4 to the subordinate staff as tiffin allowance for each working day.

Issue No. 3—Medical aid.

The Union demands that the employees shall be allowed effective and adequate medical assistance including doctor's fees, cost of medicines, injections, patent medicines and charges for beds in the hospital and for operations. The Company alleges that it grants to the employees one month sick leave on full pay and further two months' sick leave on half pay and further concessions for continued sick leave with proportionate pay. It pleads further that the Company is and has always been sympathetic towards its employees and has assisted financially when genuine cases of hardship have arisen due to sickness. In the circumstances it says that no direction should be given under this head. I agree that in view of the existing facilities, no further provision is warranted or called for. P.W. 2 Shri Jyotirmoy Samaddar admitted that no distinction is made between Anglo-Indian assistants and Indian employees who are given same medical aid. He also admitted that they get medical leave with full pay for one month and with half pay for two months. In the case of Caltex (India), Ltd., and their workmen reported in 1952 L.A.C., page 402, the Hon'ble Labour Appellate Tribunal held that the maximum limit regarding the cost of medical assistance should not exceed one month's salary including allowances in any one year. As this Company allows sick leave for 3 months of which one month with full pay and two mopths on half pay unlike Caltex (India), Ltd., which was granting 14 days' sick leave with full pay, it appears that the employees of this concern are better treated in this respect. I, therefore, make no direction under this issue.

Issue No. 4—Employees' representatives in Provident Fund Trust.

The Union has abandoned its claim under this issue as the trustees of the Provident Fund have not been made parties. No direction is accordingly made under this issue.

Issue No. 5—Gratuity.

It is agreed on all hands that this Company started Provident Fund for its employees in 1939 when the rate of contribution on either side was 4 per cent. The said rate of contribution, it is agreed, lasted up to 1945 and thereafter from 1946 to 1949, the rate of contribution was 5 per cent. on either side. The matter at this stage came up for consideration before the Mercantile Tribunal under issue No. 3 headed "Retiring benefits and benefits on termination of service". The award published on 4th August 1949, raised 5 per cent. contribution to 10 per cent. for the clerks and to 6¼ per cent. for the subordinate staff. The award also provided gratuity for uncovered period since 1939. The award in this respect laid down as below:—

> "The Provident Fund was started in 1939. To make up for the deficiencies for the past period, we award for the clerks a retiring gratuity at the rate of half month's salary for each year of service up to the raising of the contribution to 10 per cent. calculated on the pay drawn just before the introduction of the award.
>
> Similarly for the subordinate staff we award 7 days' pay for each year of service up to the stage of raising the contribution to 6¼ per cent. calculated on the basis of pay drawn just before the enforcement of the award. The gratuities in both the cases shall be paid when provident fund money shall become payable."

Before this background the Union now demands that when employees of a good number of firms are being given double retiral benefits, there should be in addition to the contributory provident fund the following scheme of gratuity for the employees of this Company:—

(1) In case of death of an employee while in service, or termination of service for reasons of illness, or old age or some other cause beyond control, or retrenchment or termination of service by the Company, gratuity shall be paid at the rate of one month's salary for each year of service.

(2) On resignation of an employee after 5 years of service or more gratuity should be paid at the rate of one month's salary for each year of service.

The Company resists the claim. It is said that these are long term schemes and should not be changed with every rise and fall in the fortune of the employer.

On giving careful consideration to the matter, it seems that the Company's contention is well-founded. In the present case not only the system of provident fund has been in vogue since 1939, but also the rates of contribution have been increased and there has been provision for the uncovered period by grant of gratuity under the award. In the case reported in 1951, L.A.C., page 402, it has been held that contribution at 10 per cent. to the provident fund is liberal. In the circumstances, I do not think that I would be justified to grant dual benefit of gratuity as claimed by the Union so soon after the award. The Company may not have pleaded want of financial capacity to bear the burden, but this does not alone afford justification for adding to the scheme provided under the award in 1949 by grant of dual benefit of gratuity. In this view of the matter Union's claim for double benefit of gratuity is refused.

Issue No. 6.—Bonus.

The claim relates to the year 1952. The Union demands three months' salary as bonus to be paid out of profit of the year to all clerical and sub-staff of the Company. The Company opposes the claim. It is said that there would be no available surplus for such payment after meeting the prior charges on account of taxation, rehabilitation and replacement, fair return on working capital, etc.

The Company is a British Company registered in England. At the hearing it has filed its balance-sheet and trading and profit and loss account for the year ended 31st October 1952, only in respect of the Calcutta Branch along with Auditors' letter (Exts. B and B1). These account papers (Ext. B) have been filed by the Company as confidential information under section 21 of the Industrial Disputes Act. In the Auditors' report appended to the balance-sheet there is mention about a separate report, dated 30th January 1953. This latter report has not been produced and in its place the Company has produced a letter, dated 3rd May 1954 (Ext. B1), from the Auditors to the Company to show that the report in question which was addressed to the Managing Director of the Company in Dundee contained "particulars of additions to assets, depreciation being written off, comments on work carried out by us (meaning Auditors), details of commission and bonus to staff, and information with regard to foreign exchange contracts but does not contain any statement or remark which, in any way, affects the correctness of the figures in the accounts". From this it is contended on behalf of the Company that the accounts submitted by it (Ext. B) are full and complete for the purpose of calculation of bonus. It is on the contrary contended on behalf of the Union that without the separate report which has been withheld by the Company, the document is not complete for the purpose and should, therefore, be taken with a grain of salt. In view of the

Auditors' letter, Ext. B1, the balance-sheet, Ext. B, has been accepted in evidence, though the separate report has not been filed. As there has been, however, controversy between the parties as to whether the amount shown as commission and bonus to staff in the balance-sheet should be included in the profit of the year or not—the Union contending that it should be included in the profit of the year while the Company urging that it should be excluded from the profit as has been done in the balance-sheet, the Company was directed to furnish details of the commission and bonus to the staff which it has done. The said statement has been marked Ext. E (confidential).

Before entering into the controversy, it is necessary to state certain facts as are admitted or established in evidence. The establishment with which we are concerned consists of 32 clerks and 10 sub-staff. Their total monthly bills on account of salary amount to Rs. 4,902 (*vide* Ext. D). The Company has been paying one month's salary as Puja bonus all along and it has paid such bonus to the staff for the year 1952. In addition to Puja bonus the Company paid in past few years a bonus called closing bonus after the close of the accounts of the Company's business of a year not to all employees but to some according to its discretion. Such closing bonus was paid to all the employees for the first time for the year 1951 on the basis of ⅛th of their basic salaries. At the time each employee signed a statement to the effect that the payment was ex-gratia and would not form a term or condition of service. Be that as it may, the bonus paid as closing bonus, it appears, is nothing other than a bonus paid out of profit. In the present case too, the employees claim the bonus out of profit and it has been held by the Full Bench of the Hon'ble Appellate Tribunal that, if there be available surplus after making provision for prior charges, the employees are entitled to get bonus out of such available surplus. So the claim of the employees cannot be defeated merely because they made a signed statement that they would not claim bonus while receiving payment of closing bonus for the year 1951. If there be available surplus, they are entitled to have it distributed as bonus as of right. The statement, Ext. E, shows that the amount under head "Commission and Bonus to the Staff" as noted in the balance-sheet, Ext. B, includes among others closing bonus for the year 1952 being a little more than a month's salary of the entire clerical and subordinate staff. This would show that the Company was also cognizant of the fact that it could not avoid liability to pay bonus out of profit which it described as closing bonus when it made provision for more than one month's salary in this respect.

Now, let us turn to the controversies. As the Company has claimed the account papers, Exts. B and E, to be confidential information under Section 21 of the Industrial Disputes Act, I have to refer to them in a general manner without disclosing any of the figures shown in them. This puts me to some handicap in dealing with the subject. The Company filed its own calculations in Ext. C showing that there would be no available surplus after meeting prior charges for distribution as bonus but a huge deficit to the extent of Rs. 56,225-10-3 pies. The Union on the other hand contends that if calculations be made on correct data and properly, there would be no deficit but a sufficient surplus left for payment of 3 months' salary as bonus for the year 1952 to all clerical and subordinate staff.

Firstly, the parties are at variance regarding the amount of profit earned by the Company during the year 1952 under discussion. The Company contends that what amount was shown in the balance-sheet against head "Balance as per balance-sheet" is the profit of the year. It accordingly took the said figure in item No. (1) of Ext. C as constituting the profit. The Union on the other hand contends that the profit of the year would be the total of the two amounts shown in Ext. B, respectively, against the heads (1) "Balance as per balance-sheet" and (2) "Commission and bonus to staff". On giving careful consideration to the matter, it seems that Union's contention must prevail to a large extent. The

details of the commission and bonus to staff are to be found in the statement (Ext. E) filed by the Company. The first item in it is a very big sum said to be U.K. Office purchasing commission (more than enough to wipe out the deficit shown in Ext C). Nothing has been shown by the Company how it could be taken away to reduce the profit of the year. In my opinion this is clearly a case in which the Company cannot be allowed to reduce its profit by exclusion of the aforesaid commission. Then again the statement (Ext. E) shows that except three, commission was paid to European Officers though there was no contractual obligation to do so. The amount so paid without service agreement should not in my opinion be excluded from the profit to the prejudice of the workmen for the purpose of calculation of bonus. Only the amount of commission said to have been paid to three European Officers on the basis of service agreements may with some justification be excluded from the profit and nothing else. Then the statement (Ext. E) reveals that the amount under head "Commission and bonus to staff" as shown in the balance-sheet (Ext. B) includes Puja bonus being a little less than 2 months' salary of the entire clerical and subordinate staff besides closing bonus for the year 1952 being a little more than one month's salary of the entire clerical and subordinate staff. Though the evidence does not show that Puja bonus was paid beyond one month's salary for the year 1952, I think, that in the absence of evidence that whole of it was not spent, the Company should be permitted to exclude from the profit the whole of the amount shown as Puja bonus. So it comes to this that out of the amount shown as commission and bonus to staff, a sum more than Rs. 85 thousand would be available for inclusion in the profit. If this figure be added to the amount of item (1) of Ext. C, it will appear that even on the basis of Company's calculation of prior charges as in items (2) to (7), there would be no deficit but sufficient surplus left for distribution as bonus corresponding to 3 months' salary. Then again the Union contends that the Company's figures regarding prior charges are inflated and Company's calculations faulty and that even if no portion of commission and bonus to staff be included in the profit, the Company's position will not improve materially and that there will be sufficient surplus left for distribution as bonus as claimed. It appears that there is good deal of substance in this contention except with respect to items (2) and (3) in Ext. C.

As regards provision for income tax both in India and in U.K. as shown in items (2) and (3) in Ext. C, the Union's contention cannot be upheld. The demand notice produced, supports that the amount shown as payable as income tax in India in item No. (2) of Ext. C was so really payable. As regards income tax in U.K., the amount has been claimed at 18 per cent. in item No. (3) of Ext. C. When the Company is an English Company registered in England, it is obvious that it has got to pay tax out of its profit earned in India to the Government in England. So when the profit to that extent will not be available, I find no reason why the Company should not get allowance for the income tax payable in U.K. Company's claim under these two heads is, therefore, justified.

As regards provision for rehabilitation of plant and machinery as claimed in item (4) of Ext. C, the Union's contention must prevail. It appears that the Company has claimed the values of plant and machinery not in accordance with those shown in the balance-sheet but on the basis of the Insurance figures. I think that the values of the plant and machinery as shown in the balance-sheet should have been taken for the purpose of calculating rehabilitation charges. If these values are multiplied by 2·7 and then divided by 15 as the Company did, the allowance permissible on this head would come to Rs. 23,752-4-3 pies. If the values of the plant and machinery on the contrary be accepted at the Insurance figures as shown in Ext. C, it is obvious that it would be appreciated value and so there can be no question of multiplying the said figure by 2·7 as the Company did. If without multiplying, the said value is divided by 15, the allowance under

this head would come to Rs. 24,333-5-4 pies in place of Rs. 65,700 as shown in Ext. C.

Likewise, as regards provision for rehabilitation and reconstruction of the buildings as in item (5) of Ext. C, the Company has not taken the value of the buildings as shown in the balance-sheet but has taken a highly inflated value on the basis said to be the market value. I, however, find no justification for discarding the value shown in the balance-sheet. If the values of the buildings as shown in the balance-sheet are multiplied by 2·25 and then divided by 27 as the Company did, the allowance permissible on this head would come to Rs. 6,287-6-6 2/3 pies. If the values of the buildings on the contrary be accepted as shown in Ext. C, there would be no justification for multiplying the same by 2·25, the said value being market value. If this value without being multiplied be divided by 27, the allowance under this head would come to Rs. 18,583-5-4 pies in place of Rs. 41,812-0-0 pies as shown in Ext. C. In my opinion the life of the buildings should have been taken to be 30 years in place of 27 years as in Ext C.

Lastly, as to claim for interest under items (6) and (7) of Ext. C, I find no justification for such separate claim under different heads when the balance-sheet discloses no capital other than the one shown against item No. (6). So allowance can be had only on the amount of the capital as shown in item No. (6) and not in item No. (7) of Ext. C. Nothing has been shown by the Company to support the claim laid in item No. (7).

If the prior charges be calculated on the lines as indicated above it will be found that there would be no deficit but sufficient surplus left for distribution as bonus corresponding to 3 months' salary to all the clerical and subordinate staff as claimed by the Union. Union's claim for bonus is accordingly allowed. The Company is directed to pay the amount within one month from the date the award becomes enforceable.

It may be added here that the fact that the Company paid one month's salary as Puja bonus for the year 1952 makes no difference in this respect when the present claim is for bonus out of profit.

The provisions regarding acting allowance and tiffin allowance will be effective from the date the award becomes enforceable.

Now, therefore, in terms as aforesaid, I make my award in respect of all the issues.

Dunbar Cotton Mills, Shyamnagore, 24-Parganas, and their workers as represented by the Joint Secretary, Works Committee, C/o Messrs. Dunbar Cotton Mills,

Shyamnagore, 24-Parganas, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial dispute between Messrs. Dunbar Cotton Mills, Shyamnagore, 24-Parganas and their workers as represented by the Joint Secretary, Works Committee, C/o. Dunbar Cotton Mills, Shyamnagore, 24-Parganas, referred under Government order No. 4307Dis./D/8L-2/53, dated the 12th November 1953 (Case No. 271/53).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union : Shri Arun Prokash Chatterji, Advocate.

For the Company : Shri K. B. Bâsu, Counsel, instructed by Shri D. Basu Thakur, Solicitor of Messrs. Orr, Dignam & Co., Solicitors.

By Government order No. 4307Dis./D/8L-2/53, dated the 12th November 1953, the aforesaid dispute was referred to this Tribunal for adjudication. The issues framed by the Government were the same as the issues framed by this Tribunal and they were as follows:—

(1) Should the Dunbar Mills appoint cleaners for the purpose of getting the machines cleaned? If not, what should be the conditions and circumstances under which the workmen themselves should clean the machines?

(2) Are the workmen entitled to receive any wages or compensation for the period during which the Mill remained closed on account of the workmen's refusing to clean the machines?

On receipt of the aforesaid reference, notices were issued on the parties. The Union filed its written statement on 12th January 1954 and the Company filed its written statement on 28th January 1954, and the case was heard on 31st May 1954 and on the following dates.

The case for the Union is that the workers were compelled to clean machines while in motion, that this involves a risk and is against the Factory Rules, that the Company should appoint special cleaners for the purpose, that the Company, locked out the factory from 14th September 1953 to 18th September 1953 without any reference to the Works Committee, that the lock-out is illegal and unjustified and that the workers should be entitled to full pay and allowances for the period.

The Company, on the other hand, contended that on 25th August 1953, the workers of the Mill surrounded the Manager's office over their demand for Puja Bonus and kept the Management confined from 9 a.m. to 2 a.m., that on the 7th of September 1953 Company gave notice to the employees that no bonus was payable in 1953, that in order to coerce the Management in paying bonus the workers adopted a go slow policy and the workers of the entire Mill stopped cleaning machinery, that on 9th September 1953, Company gave notice

informing the workers of the said condition, that on 12th September 1953 the Management was compelled to close the Mill until such time as it was assured of resumption of normal work by the workmen, that on 18th of September 1953 Management received satisfactory assurance from the workmen for resumption of normal work and opened the Mill from 19th September 1953, and that in the circumstances, the closure was justified and the workers are not entitled to pay for the period.

AWARD.

Issue No. 1.—At present there is no dispute as regards cleaning machine. The Assistant Manager said that the present practice is that the blow room is actually stopped before half an hour of the closing time and the waste droppings are actually removed and the machines are cleaned fully, that this is done by the tenters who work on the machine. As regards carding department he said that the cards are cleaned while they are for grinding, *i.e.*, the cleaning of the gearing and everything is done according to the number of cards we have to allot for grinding, say 2 or 3 cards per day and gearing and all that is cleaned at that time. Further he said that it is done daily according to programme when the gearing, the bottom box, the top box, the rollers, etc., are thoroughly cleaned and the machine is restarted. In the Ring Frame also the machine is stopped for about 4 hours and the gearing is cleaned. The top rollers and the spindles are also cleaned. Then in the Winding, this is cleaned when one complete beam is removed. In Warping when the beam is complete the cleaning is done. In Weaving also when the beam is complete and the new beam is being brought and tied on the loom, the cleaning of the gearing and the complete cleaning of the loom is done. Apart from this the machines are also daily cleaned once or twice according to the convenience of the workers as regards non-moving parts. Again on Saturday the general cleaning for about 10 minutes is done throughout the Mill at the close of the shift. During argument the learned Lawyer for the workers accepted this method of cleaning and hence I direct that the machine will be cleaned according to this programme in future.

The Management contended that no machine is cleaned while in motion. Labour Officer and the Assistant Manager stated this on oath and I believe them. There is no substance in the allegation that the workers are made to clean the machine while in motion. There is also no substance in the contention that the employers should accordingly engage special cleaners for the purpose. The learned Lawyer for the workers contended that there is a provision for cleaner in the Textile Award and so cleaners should be appointed. But I agree with the Assistant Manager's explanation that this cleaner means "bobbin cleaners." Workers have not been able to examine a single witness to show that the cleaners are appointed in any mill for the purpose of cleaning the machine. I accordingly turn down the claim of the workers.

Issue No. 2.—It is clear that the Management's contention that they do not compel the workers to clean the machine while in motion is right. They have also proved that cleaning is generally done by stopping the machine by turn on each day. The Union is not very sure of its position as to when and in what circumstances they stopped the cleaning. They even complained during trial that they have not been paid for the work of cleaning and hence they have stopped cleaning the machine. But there is no such case in the written statement and there is no proof that they have ever been paid anything extra for the purpose of cleaning. The Labour Officer has said that he has examined all the past records and was satisfied that there was no such payment. Mr. Prodhan has said that for such cleaning after stopping the machine the time-raters' pay is not deducted and the piece-raters are given average wage for the period the machine is stopped. The contention of the Management is that

the workers stopped cleaning prior to lock-out not because they were compelled to work with the machine while in motion but because they retaliated due to the refusal of the grant of Puja Bonus. It appears from the Management's notice, dated 9th of September, that during the "past week" the workers were not cleaning their machines. Each party tried to interpret the word "past week" in its own way. But obviously in my opinion this means the week from 4th to 9th of September. I do not agree with the contention of the learned Lawyer for the Union that the words "past week" mean Monday to Saturday of the previous week when the notice is dated 9th of September which is a Wednesday. It is clear that there was a strong fight going on over the bonus issue and the leaflets were being issued out and the preparations were being made and on 25th the Management was actually kept detained. On 28th the Conciliation Officer wrote to the Management asking for their views on the question of bonus. It is stated on this document that on 26th he met the representatives of the Company and on 27th he met the Works Committee representatives and he is now seeking the views of the Company on the subject. The Company by its letter, dated 3rd September, denied its liability to pay bonus. This is the exact point of time from which the production in the Mill showed a decrease and till 12th it went on like that. That shows that the refusal to clean the machine started on the point when Company refused to pay bonus. It is also the evidence of the Labour Officer that the question of cleaners were never raised during these conciliation meetings and it was only raised for the first time and on the last moment on 12th, when production had fallen a great deal. The workers also deliberately commenced working on half pulley and thereby production was day to day reduced. The Company gave sufficient warning to the workers but even after this warning there was no improvement up to 5 p.m. on 10th. There was risk of the machine taking fire at any moment. So the Company was forced to close the Mill on 12th by notice, Ext. K. Thereafter there was conciliation meetings. On 18th there was a provisional agreement. The workers undertook to clean the machine as usual. This also shows that the demands for cleaner or for extra payment are an afterthought and there is no ground on which these new claims can be founded. In the circumstances the lock-out was justified and the workers are not entitled to pay for the period of "no work". There is no reason why the employers will be compelled to pay in spite of "no work", which was occasioned due to the fault of the workers. This issue is answered in the negative.

ORDER.

No. 3134Dis./D/13L-2(A)/54. 25th June 1954. Whereas under the Government of West Bengal, Labour Department, order No. 116Dis./D/13L-7(A)/53, dated the 6th April 1954, the industrial dispute between Messrs. AWARD.

1. By order No. 1116Dis./D/13L-7(A)/53, dated the 6th April 1953, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Newman's Printing Works, 21, Meredith Street, Calcutta, and one of their employees Shri Bimal Kanta Mukherji as represented by Press Employees' Association, 249B, Bowbazar Street, Calcutta-12, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties entered appearance and filed their written statements. The pleadings were completed on 30th May 1953. The parties were thereafter directed to file lists of documents. After adjournments the hearing was concluded on 18th May 1954 and the award was reserved.

3. The matters of dispute as stated in the schedule to the order of reference are as follows :—

(1) Whether the Company was justified in terminating the service of Shri Bimal Kanta Mukherji on charge of theft ?

(2) Is he entitled to reinstatement on being acquitted by the law court? Is he entitled to any other relief?

4. The case of the Press Employees' Association representing the workman, briefly stated, is as follows :—Shri Bimal Kanta Mukherjee joined this Company as a compositor and ultimately rose to the position of a section-holder. He was at the time of dismissal and for a long period prior thereto, a member of the executive committee of the Press Employees' Association. The majority of the employees of the Company were and are still members of the said Association. Shri Bimal Kanta Mukherjee in his capacity as a leading Trade Unionist in the said establishment was called upon on various occasions to represent the grievances and demands of the members of the said Association before the Company. For sometime prior to the incident referred to hereinafter the relation between Shri Bimal Kanta Mukherjee and the Company and in particular the Manager thereof, namely, Mr. Marquis was greatly strained as

a result of the former having had to protest several times to the said Mr. Marquis against the latter's attempts to speed up work in the said establishment.

On 8th May 1952 after the tiffin break at about 1 p.m., said Shri Bimal Kanta Mukherjee had left the establishment and was proceeding towards Chandni Chawk when he was seized bodily by two Durwans of the said Company near the New Cinema and was told by the said Durwans that they had orders to bring him back to the said establishment and that he must go with them. The said Shri Bimal Kanta Mukherjee protested against such high-handedness but the Durwans would not listen to him. In order to avoid creating a scene as well as out of curiosity, the said Shri Bimal Kanta Mukherjee did not resist further and allowed himself to be taken back to the said establishment.

Upon his arrival at the said establishment, the said Shri Bimal Kanta Mukherjee was taken to the said Manager and one of the Durwans produced a packet of types and declared that the said packet was found on the said Shri Bimal Kanta Mukherjee and that the said types were Company's property. The said Shri Bimal Kanta Mukherji vehemently protested his innocence and denied that he had anything to do with the said packet or that the said packet had been found on him but nevertheless he was ordered by the said Manager to go to the Head Office of the said Company and shortly after his arrival there he was handed over by the Managing Director to the Police.

Thereafter, on the basis of the Company's complaint a prosecution was launched against the said Shri Bimal Kanta Mukherjee under section 381 of the Indian Penal Code and he was tried before Shri B. Banerjee, Presidency Magistrate, Calcutta. The said Magistrate found that the prosecution story was "destitute of truth" and honourably acquitted the said Shri Bimal Kanta Mukherjee by the order, dated 6th September 1952.

On or about 13th May 1952 when proceedings against the said Shri Bimal Kanta Mukherjee were still pending before the said Magistrate, the said Mr. Marquis served a charge-sheet on the former accusing him of theft and asking him to show cause why he should not be dismissed from his employment for the said alleged misconduct.

The allegation of theft is utterly false and there was no reasonable basis for the Management's suspicion that any theft as alleged had been committed. The order of dismissal was *mala fide*, arbitrary, unjust and was against all principles of natural justice.

The Association accordingly prays for reinstatement of the workman Shri Bimal Kanta Mukherjee and for payment of compensation to him for the period of forced unemployment.

In reply the Company submits as below :—

The workman Shri Bimal Kanta Mukherjee was not promoted to the position of section-holder but was a senior compositor at the time of dismissal. The employer denies that the workman was a member of the executive committee of any Union or that he ever was a leading trade unionist or that he ever represented to the employer grievances and demands of the workers or that this employer was ever aware of any union activity of the workman and further denies that due to attempt of Mr. Marquis, the Manager, to speed up work or for any other cause there was any strained feeling between the aforesaid workman and the Company or Mr. Marquis, the Manager, or there was ever any such occasion for the same.

The employer denies the length of service as alleged and further denies that he was ever an assistant section-holder or that he was promoted about

five years ago to the post of section-holder and submits that he was last working as senior compositor.

The employer denies that the workman was going towards Chandni Chawk and also denies that the Durwans ever told the workman that they had orders to bring him back to the Company. It is also denied that the workman allowed himself to be taken back just to avoid creating a scene and that the workman ever pleaded his innocence regarding theft of a packet of types as untruly alleged.

On 8th May 1952 at about 1-05 p.m. workers were going out of the gate for tiffin as it was recess period from 1 p.m. to 1-30 p.m. and the Durwan at the gate was conducting the usual search of the workers at the time of their exit. The workman Shri Bimal Kanta Mukherjee was going out when the Durwan placed his hand on the hip as the Durwan suspected something to have been concealed there. The Durwan, who was busy in carrying out search of other workers rushing out of the gate, asked Shri Bimal Kanta Mukherjee to wait for thorough search. Before the said Durwan was free Shri Bimal Kanta Mukherjee slipped out of the gate and started walking faster in spite of being called by the Durwan. The Durwan finding the said workman going away ignoring his request, he asked two peons, Satyanarain Singh and Raja Ram Singh, who happened to be present there to bring back Shri Bimal Kanta Mukherjee, to enable him to make a thorough search inside his *dhoti*.

The aforesaid two peons followed Shri Bimal Kanta Mukherjee who began to run but he was overtaken by the two peons and on his refusal to come back the said workman wanted to drop something tied in a piece of cloth from under his *dhoti* but it was found out by the said two peons and brought along with the workman to the office of this employer. The bundle tied in a piece of cloth was opened in presence of the said workman as also in presence of the Manager and other workers and it was found to contain lead types which belonged to the employer. Suspecting this to be a case of theft, committed by the workman Shri Bimal Kanta Mukherjee of the employer's property, police was informed and the said workman was taken into custody.

On 13th May 1952 a charge-sheet (Annexure "A" to the written statement) was issued by the employer to the said workman who failed to submit any explanation within 19th May 1952 and again on 20th May 1952 another charge-sheet (Annexure "B" to the written statement) was issued to the workman through his advocate calling for explanation within 27th May 1952, but no explanation was submitted by the said workman. Thereafter on 2nd June 1952 another notice (Annexure "C" to the written statement) was issued to the workman fixing 7th June 1952 for investigation into the charges and he was directed to remain present at the enquiry to take part in the proceedings. But the said workmen ignored the said notice and failed and neglected to appear. The employer thereupon held the enquiry, examined witnesses and decided to dismiss him for his misconduct on being fully satisfied about the reasonableness of their suspicion regarding theft of lead types committed by Shri Bimal Kanta Mukherjee and he was accordingly dismissed with effect from 8th May 1952 which order was duly communicated to the workman on 9th June 1952 (Annexures "D" and "E" to the written statement).

The employer denies that there has been any violation of the principles of natural justice or there was any malice or unfair labour practice or victimisation in the step taken and in view of the reasonable suspicion of the offence committed by the said workman, the employer was perfectly justified in dismissing the said workman from service in the interest of the industry and discipline.

The employer is aware of a criminal case which was prosecuted by the State against the aforesaid workman and besides arranging production of certain employees as witnesses in the court of the Magistrate this employer had no carriage of proceedings in his hands and had no responsibility in the matter of prosecution. In view of the above, failure or success of prosecution by the State is no concern of this employer as failure or success depended on variety of materials and reasons with which this employer had no connection or responsibility.

In the circumstances, the Company submits that the claim of the Association should be dismissed.

DECISION.

In support of the case the Association has examined the workman concerned Shri Bimal Kanta Mukherjee besides proving document, Ext. 1. The Company on the other hand has examined its Manager, D.W.1 Mr. J. H. Marquis, its Legal Adviser, D.W. 2 Shri D. M. Lahiri, the Durwan, D.W. 3 Shri Sitla Sahay Singh, the office peons, D. W. 4 Shri Satyanarayan Singh and D.W.5 Shri Raja Ram Singh, besides proving documents, Exts. A to H.

The workman concerned Shri Bimal Kanta Mukherjee, the evidence shows, was a senior compositor in this Company and did not hold the position of a section-holder as claimed by him. His own evidence in cross-examination that his salary at the time of dismissal was Rs. 87 while the minimum pay of the section holder was Rs. 120, shows that he was not holding the position of section holder but was a senior compositor. The evidence shows that as such compositor he had to handle lead types. He was dismissed for theft of a packet of lead types and for refusing and avoiding search on 8th May 1952. The evidence shows that on 8th May 1952 during recess hours commencing at 1 p.m. when the workers were going out of the gate, the Durwan, D.W. 3, Shri Sitla Sahay Singh was conducting usual search of the workers at the time of their exit and when Shri Bimal Kanta Mukherjee was going out, the said Durwan while passing his hand over his body during the course of search felt a hard substance on his hip and thus suspected something to have been concealed there underneath the *dhoti*. As the Durwan was busy in carrying out search of other workers rushing out of the gate and as the Standing Orders required formal search to be made in the presence of a witness, he asked the workman Shri Bimal Kanta Mukherjee to wait for thorough search. The Durwan became busy in searching other workers when Shri Bimal Kanta Mukherjee slipped out of the gate unnoticed and started walking faster. The Durwan finding him going away called him back but Shri Bimal Kanta Mukherjee ignoring the call of the Durwan continued walking faster. At that time two peons, D.W. 4 Shri Satyanarayan Singh and D.W. 5 Shri Raja Ram Singh happened to come to that place and the Durwan who was alone at the gate requested them to follow and bring back Shri Bimal Kanta Mukherjee and of them D.W. 4 Shri Satyanarayan Singh, who was going ahead caught Shri Bimal Kanta Mukherjee on the Madan Street and then D.W. 5 also reached the place and seized him. It is admitted by Shri Bimal Kanta Mukherjee in the written statement as also in evidence that two peons caught him and brought him back. The evidence of these peons reveals that after Shri Bimal Kanta Mukherjee was caught, they requested him to accompany them to the gate and when he was unwilling to do so, they brought him back by force to the gate. Their evidence also reveals that after being caught, Shri Bimal Kanta Mukherjee attempted to drop a packet containing lead types from the hip underneath his *dhoti*. Shri Bimal Kanta Mukherjee admitted that he was forcibly brought by the two office peons to the gate of the Press and there they held out a packet containing lead types as having been recovered from him. He deposed, "On 8th May 1952 while going out during recess hours at about 1-5 p.m. or so, the

gate Durwan Shri Sitla Sahay searched my body, found nothing and let me go. Accordingly I proceeded and came up to the Madan Street. It was near about the junction of Dharamtalla and Madan Street. I was going to purchase medicine for my ailing wife from the Drug Shop of one Mukherjee. I was caught near about the junction of Dharamtalla and Madan Street by Shri Satyanarayan Singh while another bearer named Raja Ram was coming towards me. After they caught me they told me that Saheb wanted me to go to the office. I said that I would be going after purchasing medicine. They did not listen to me and insisted on my coming forthwith. They then dragged me to the office on holding my right arm. I was brought to the office near the gate. There a row was created and it was given out holding out the packet containing the lead types that this was recovered from me. I was not given any opportunity to disown such allegation. I, therefore, kept silent." His own statement as above lends support to the case of the Company. Unless he was asked by the Durwan to stop for thorough search and unless he slipped off contrary to the said direction, there would be no meaning for the two peons to chase him, to catch him and to bring him back by force. This fits with the case of the Company that he was asked by the Durwan to stop for a thorough search and as he slipped off the other office peons who happened to come that side were asked by the Durwan to follow and bring him back. As regards the recovery of the packet containing the lead types, according to his own showing, it was there and the office peons who caught him and brought him held it out and claimed it to have been recovered from him. The fact that he did not protest and disown such allegation but on the contrary he kept silent would belie his suggestion that this was not recovered from him. The production of the lead types packet being contemporaneous with his production at the gate, it is highly probable that it was recovered from him. In view of the evidence given by the workman himself as also the circumstances, the suggestion of planting must be ruled out. No animus has been suggested or proved against either the Durwan or the two office peons. Only thing which was suggested during trial is against the Durwan that, he used to lend money to Shri Bimal Kanta Mukherjee and that there was disagreement over such transaction. The allegations are afterthought, unconvincing and unreliable. The Durwan denied having ever lent money to Shri Bimal Kanta Mukherjee. It is, therefore, not probable and natural that for nothing these people would plant the packet of lead types on his person and haul him up on a charge of theft falsely. They have no axe to grind. As regards the Manager, no doubt a strained relation between him and the workman has been pleaded and even if it is correct, it is not natural and probable that a man of his position would ask the Durwans and the office peons to incriminate Shri Bimal Kanta Mukherjee for theft by planting a packet of lead types. The witnesses may lie but not the circumstances. The fact that the packet was claimed to have been recovered from his person at the same time he was brought to the gate together with the fact that Shri Bimal Kanta Mukherjee remained silent and did not protest can leave no room for doubt that it was not planted but was recovered from his person. No doubt there has been discrepancy as to the exact situation where and how the packet had been kept concealed and where it was recovered, but these are minor matters which do not materially affect the broad case of recovery of lead types packet from him. The fact of acquittal of Shri Bimal Kanta Mukherjee by the Criminal Court does not necessarily mean that Management's decision to the contrary is without basis. The scopes of enquiries by the Management and the Criminal Court are entirely different. The evidence of the Lawyer, D.W. 2 Shri D. M. Lahiri, shows that when Shri Bimal Kanta Mukherjee was produced before him, he questioned Bimal Babu about the incident to which he did not reply. This does not suggest in favour of Bimal Babu's innocence. D.W. 2 denied having offered any inducement or promise to the workman to extort confession. In cross-examination the workman Shri Bimal Kanta Mukherjee admitted that he had no

enmity with D.W. 2. So, evidence of D.W. 2 cannot be brushed aside. Then the evidence of workman himself to the effect that from the gate he was not taken to Mr. Marquis but was taken straight to the Head Office at Mango Lane, Calcutta, and there produced first before Shri Lahiri (D.W. 2) and then before the Managing Director Shri A. P. Bhargava, who said forthwith *"Shala,* you shall have to undergo imprisonment for 6 months" suggests in favour of Company's case that Bimal Babu had been caught red-handed with the packet. So, it cannot be said that the findings of the Management regarding the charges were not the possible views on the evidence and circumstances before it.

There is nothing to show want of *bona fides* on the part of the Management. After Bimal Babu was caught with the lead types packet, the evidence shows that he was sent to the Head Office of the Company and from there the complaint was made and he was handed over to the Police. Then on 13th May 1952, a charge-sheet was drawn up against him (Ext. A) and the workman admittedly received the said charge-sheet. Though he was directed to submit explanation to the charges, he did not submit any explanation to the same but wrote through his lawyer (Ext. B) on 19th May 1952 threatening the Company with contempt proceedings for proceeding against him as the matter was before the Police and Criminal Court. After receipt of such letter the Company again wrote to his lawyer on 20th May 1952 (Ext. C) asking for submission of explanation to the charges within the extended time. Notwithstanding this the workman did not submit explanation. Then on 2nd June 1952, the Company sent a notice to the workman (Ext. D) intimating that 7th June 1952 was fixed for hearing of the charges against him in the office of the Company at 11 a.m. In reply to the said notice his lawyer wrote on 5th June 1952 declining to attend the hearing as notified. On 7th June 1952 enquiry was held by the Management when the two office peons as also Abdul Jabbar, Raghunath Prasad were examined and the statements were recorded by the Manager and signed by the witnesses (*vide* Ext. F). Then as a result of the enquiries, the Manager was satisfied and came to the findings in respect of the charges as he did and dismissed him by his order, dated 7th June 1952. The order was duly communicated to the workman. The Manager, it will therefore appear, acted in a perfectly *bona fide* manner and there was strict compliance with the principles of natural justice. The allegation of strained feeling between the Manager and the workman is unreliable. In the written statement the said strained feeling was alleged to have arisen out of the workman's protest against Manager's general order to speed up work, while during trial the workman Shri Bimal Kanta Mukherjee (P.W. 1) stated in examination-in-chief that the said strained feeling arose as the Manager used to ask him to speed up work for 3/4 months before dismissal and as he could not comply with it. In cross-examination he stated that although Mr. Marquis wanted all the compositors to speed up work, neither he nor the Union protested against such direction of Mr. Marquis. The evidence of the Manager reveals that only when emergent orders came, he had to pass direction to complete the work within the specified time and not otherwise. It will, therefore, appear that there could have been no strained feeling out of such direction, if any. As regards alleged Union activities, the evidence of the workman himself does not suggest that he took any leading part in the Union, far less to the knowledge of the Management. The workman when questioned could not say whether there was an award in 1951 between the Printing Presses and their workmen. He also admitted that after 15 workmen were retrenched in 1949, and when the matter relating to them was taken up before the Tribunal he took no step except taking the men to the Union. He might have been a member of the executive committee for about 3 years before dismissal but it does not appear that this had anything to do with the action taken against him by the Management. His claim that he went to the Manager to represent grievances of the workmen has been denied by the Manager. There cannot, therefore, be any

doubt that the action taken against him was not for his Union activities or from spirit of victimisation. Regarding the workman's complaint that the departmental proceedings should not have been started against him before conclusion of the criminal case, I find no substance in it. The Management has unfettered right to proceed against an employee, if it were otherwise, the Management would cease to function (*vide* February 1954, L.A.C., page 79). In the case reported in 1951 L.L.J. (Volume II), page 37, it has been held that the Management was under no duty to await the result of the prosecution in order to discharge its workmen for conduct subversive of discipline or to reinstate them on being discharged or acquitted in any such prosecution. The Company was, therefore, within its right in refusing to reinstate the workman after acquittal by the Criminal Court, for a prosecution may fail for a variety of reasons. Then again the scopes of the proceedings before the Tribunal and the Magistrate are entirely different and have to be judged on different standards of evidence. So, on the evidence and circumstances, I find nothing to upset the decision of the Management. It is accordingly held that the workman is entitled to no relief. I award accordingly.

Kinnison Jute Mills of Titaghur, 24-Parganas and their worker Shri Ramdeo represented by the Kinnison Employees' Association of Matri Mandir, Talpukur, 24-Parganas, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

ANNEXURE.

Industrial dispute between Messrs. Kinnison Jute Mills of Titaghur, 24-Parganas and their worker Shri Ramdeo represented by the Kinnison Employees' Association of Matri Mandir, Talpukur, 24-Parganas, referred under Government order No. 4843Dis./D/7L-36(A)/53, dated 22nd December 1953 (Case No. 292/53).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri J. Pandey instructed by Shri N. K. Banerji, President, and Shri K. B. Chatterji, Secretary of the Union.

For the Company : Shri M. Ghosh, Deputy Labour Adviser, I.J.M.A., instructed by Shri A. Das, Deputy Chief Labour Officer, Birds/Heilgers Group of Jute Mills for the Company.

By Government order No. 4843Dis./D/7L-36(A)/53, dated 22nd December 1953, the aforesaid dispute was referred to this Tribunal for adjudication. The issues framed by the Government were the same as the issues framed by this Tribunal and they were as follows :—

(1) Is the dismissal of Ramdeo justified ?

(2) Is he entitled to reinstatement and/or compensation ?

The notice of the aforesaid dispute having been served on the parties, the Union filed its written statement on 19th February 1954 and the Company filed its written statement on 9th March 1954.

The case for the Union is that the employee Ramdeo was a member of the Kinnison Employees' Association and was subsequently selected as the Organising Secretary of the said Association, that on 10th of September 1953 the Overseer of the Spinning Department stopped Ramdeo's frame and asked him to work on a single frame which entailed immense strain, that there was no justification of stopping the machine on which Ramdeo was working, that Ramdeo informed the Overseer that there was no shortage of yarn, that in the circumstances Ramdeo refused to work in the said machine and for this he was charge-sheeted, but Ramdeo gave his reply, but still the Company dismissed him.

The Company, on the other hand, contended that on 10th September 1953 one sacking weft spinning frame was stopped as there was surplus sacking weft yarn, that Ramdeo along with two others were affected by this closure, that Ramdeo was transferred to work on a 6 inches selvedge frame, and on 10th September 1953 at about 6-45 a.m. Ramdeo accosted the Manager in an insolent manner, that at 7-20 a.m., the Manager was informed by the Overseer that Ramdeo had stopped work, that Manager thereupon gave him charge-sheet and after enquiry Ramdeo was dismissed.

AWARD.

At the time of trial, however, the parties came to terms and the terms contained in the petition of compromise filed by both parties. The terms are fair

and they are accepted. I, therefore, make my award in terms of the petition of compromise which will form a part of my award.

DECISION.

The appellants, the Standard Vacuum Oil Company, Ltd. (hereafter called the Company), has its head office called the Calcutta Territory Office at No. 6, Church Lane, Calcutta. It has besides oil depots called installations at Budge-Budge, Chetla, Narkeldanga and other places in the suburbs of Calcutta. The respondents, Amiya Bhusan Pal and Kamal Kanti Mukherjee, clerks, had been

posted at the Budge Budge installation in February 1949 and had been working there since then. On the 7th July 1953, however, the Superintendent of that installation ordered their transfer to the head office at Calcutta and asked them to report for duty there on the 13th July following. At that time proceedings between the Company and its workmen relating to a claim for bonus in which the aforesaid two clerks were also concerned were pending before the Third Industrial Tribunal, West Bengal, and the said transfers were made without the permission of that Tribunal. On the 28th September 1953 they filed before that Tribunal complaints under section 33A of the Industrial Disputes Act (hereafter called the Act) against their transfer to the head office. The grounds on which their complaints were rested were (1) that by the said transfers the conditions of their service had been altered to their prejudice and (2) that the transfers were by way of victimisation. The Tribunal by its order, dated the 3rd April 1954, upheld the first contention, and so considered it unnecessary to go into the question of alleged victimisation. Against that order the Company has filed the appeal. We may at once say that the transfers to the head office has materially prejudiced them. We need not repeat the findings of the Tribunal on the point which were not challenged before us by Mr. Mullick appearing for the Company. The only point, therefore, to be considered by us is whether the conditions of their service had been changed by those transfers.

2. The Company has no Standing Orders for its workmen employed at the head office but it has Standing Orders governing the conditions of service of its workmen employed at the installations. Paragraph 19 of the said Standing Orders runs as follows :—

> "Employees (meaning thereby the employees working at the installations) may be transferred from one department to another at the discretion of the Installation Superintendent."

The lower Tribunal held that this rule in the Standing Orders only covered the cases of inter-departmental transfers within the same installation but did not authorise a transfer from one installation to another or to the head office at Calcutta. We are of opinion that this interpretation of rule 19 is correct. The Tribunal, however, went on to hold that because of this rule the "inherent power" of an employer to transfer an employee from one place to another could not be invoked by the Company because of the rule of construction that when the terms and conditions had been reduced to the form of a document, those cannot be allowed to be varied, contradicted, added to or substracted from. This part of the judgment of the Tribunal requires close examination. It must however be understood that we are called upon to decide the question of transfers from one establishment of the employer at one place to another establishment of his at *another place* and not with the question of inter-departmental transfers in the same establishment at the same place and so our observations must be taken to be limited to that type of case which we have to consider here.

3. The first observation which we would wish to make is that the existence of a power and its scope and exercise of it are entirely two different questions. Colourable exercise by the employer of his power to transfer a workman from one establishment of his at one place to another at a different place (e.g., when the transfer of a workman is ordered with a view to victimise him) can always be the subject of an industrial dispute, and can be investigated on a reference made under section 10 of the Industrial Disputes Act. It can also be the subject matter of a complaint under section 33A of the Act, if made without the previous permission of the Tribunal where proceedings concerning that workman is pending, for it would be regarded to be by way of punishment and so would amount to a contravention to section 33(b) of the Act. In this case therefore there would be the necessity to remand the case for an enquiry into the workman's case of victimisation if we had not agreed with the view of the Tribunal that by the transfer the conditions of service of these two workmen had been changed.

4. In considering the question whether a transfer from one place to another had effected a change in the conditions of service of a workman the following types of cases have to be considered, namely :—

A. Where there are standing orders, or the conditions of service have been reduced in writing and—

(i) those may either contain provisions dealing with transfers, or

(ii) they may not.

B. Where there are no Standing Orders at all or any other instrument in writing dealing with service conditions.

The cases falling within B or A(ii) are of the same type. In those cases liability to be transferred from one establishment of the employer to another establishment of his at a different place by the employer or at his instance is an incident of service that is to say an implied condition of service and the workman concerned cannot successfully complain unless he can show that the transfer was made by way of punishment, and the element of victimisation would be cogent evidence thereof. The case of Standard Vacuum Employees' Union *versus* The Standard Vacuum Oil Company, Calcutta (1953 L.A.C. 315) was of this type because in that case there was no Standing Orders governing the clerical staff attached to the head office. In cases of the other type, namely, of

the type indicated by A(i) above, two broad questions arise for consideration, namely :—

(1) Whether the rules or provisions dealing with matter of transfer are of the fullest amplitude, that is to say whether they cover the whole field of transfer, or

(2) Whether they are not so.

In the first it is needless to say that those rules or provisions would be the *only governing rules or provisions* on the subject and there would be scope for the rule of construction noticed by the Tribunal.

Thus in cases where there is a rule in the Standing Order governing all employees that no one is to be transferred by the employer or his agent without his consent or notwithstanding his consent beyond a certain radius from the place where he was last posted, or in cases where there is a special provision of a similar import in a written contract of service with a particular workman, that rule or provision would be considered to be of the fullest amplitude and would govern the whole field of transfer. Whether the rules regarding transfer are of the fullest amplitude or not would depend upon the construction of the Standing Order or the particular contract.

We will now proceed to deal with the second type of cases. Where the rules or provisions, as the case may be, are not of the fullest amplitude the question is also a question of construction of the relevant rule or provision. But the correct approach in such cases in our opinion would be to see to what extent the special provision or rules in the Standing Orders have affected or curtailed the general power of transfer of the employer which is implied in every contract of service. In the light of these principles the case before us is to be considered.

5. We have already said that the liability to be transferred from one place to another by the employer is an implied condition of service of every employee. That necessarily implies two things, namely :—

(i) it can be only taken away or curtailed or regulated in express terms and

(ii) that the power *is only in the employer,* which means that only the employer or a person either expressly authorised by him or one who can be said to have that authority impliedly, who can exercise that power.

Thus a manager or a person in general control of the business or of the administration of the undertaking of the employer such as the body of directors, or a managing director, where the employer is a corporate body, would be taken to have the implied authority from the employer, but other officers more so subordinate officers would not be taken to have the implied authority from the employer.

6. The Standing Orders of the Company on the matter of transfer in our opinion is not of the fullest amplitude. They do not deal with or touch the power of the employer on that subject. Rule 19 is limited to the power of the *Superintendent of the particular installation* and is strictly limited to inter-departmental transfers in the particular installation. The case therefore is of the second type mentioned in the first sub-paragraph of paragraph 4 above. Rule 19 of the Standing Orders has to be considered in the light of what we have said in the last sub-paragraph of paragraph 4 above. It has not affected in any way the power of the employer to transfer an employee from one installation to another or from one installation to the head office. Thus the implied condition of service of the workmen concerned making them liable to be transferred by the employer from the Budge Budge installation to the Calcutta head office remain unaffected by the said rule No. 19 of the Standing Orders. That rule only amounts to a delegation by the employer to the Superintendent of the installation to make inter-departmental transfers in the installation under his charge. Whether that express delegation was unnecessary or not need not be decided by us, but it is quite apparent that rule was made to remove all doubts that may be cast upon the Superintendent's power in the matter of inter-departmental transfers in his installation. We do not therefore agree with the reasons given by the Tribunal in that part of his decision. In the case before us however the orders transferring these two workmen from the Budge Budge installation to the Calcutta head office was made by the Superintendent of that installation, and not by the Manager of the Company at the head office or by any other person who could be said to have in him the authority so vested in the employer, but this important fact has not been noticed by the Tribunal. Thus in purporting to transfer them to a place outside the Budge Budge installation, the Superintendent of the Budge Budge installation had acted beyond his powers. Thus an unauthorised change in the condition of service of those two workmen had been made, the condition of service being that only the manager of the Company or a person who could be said to have the authority of the employer in this respect could order their transfer. As the transfers to the head office had, as we have already held, affected them adversely the complaint under section 33A of the Act is maintainable and it must also succeed on the merits and on the ground of want of power in Superintendent. The result is that the order made by the Tribunal is maintained though on different grounds and the appeal is dismissed with costs which we assess at Rs. 50.

The application for stay of implementation of the award under appeal automatically falls to the ground.

Biology as an Elective Subject.

It is assumed that the animal and plant studies will be integrated by frequent cross references and comparisons in the teaching of Biology. Questions may be set on the plants and animals as on biological and ecological sections.

Natural history, structure and physiology are essential but the cellulor structure may be demonstrated, by microscope or projector. Personal observations on living organisms may be made wherever possible but detailed study of cellulor structure is not necessary. Hand lens is sufficient.

Stress should be laid on the common principles and processes of plants and animals.

A.—GENERAL BIOLOGY.

(a) Characteristic of living and non-living objects. Difference between plants and animals, and between living and non-living matters.

(b) Interdependence of plants and animals, carbon and nitrogen cycles in nature. Utilisation of energy by living organisms. Movement and body heat with regard to energy.

(c) Air, Water and Soil in relation to plants and animals.

(d) Food substances—their preparation and utilisation, Enzymes and Vitamins.

(e) A brief treatment of saprophytic and parasitic modes of nutrition.

(f) Classification of plants and animals.

(g) Cell structure of plants and animals. Elementary knowledge of cell, differentiation into tissues and different types of cells in organs or tissues, cell divisions.

(h) Evolution, heredity and general discussions on reproduction should be taught but no questions should be set from these.

B.—PHYSIOLOGY (to be treated in a most elementary way).

(a) Plant physiology—Absorption, transpiration, photo-synthesis, respiration, growth, geotropism, phototropism of primary roots and shoots. Experiment should be included. Ascent of dyes to be demonstrated.

(b) Animal physiology—nutrition, respiration, excretion, regulation of body temperature. Brief account of brain and spinal cord, principal sense organs, their position and formations. Structure of eye and ear—simply treated. Circulation —its main features.

(c) Life history—to be discussed briefly of the following types :—

Spirogyra, mucor, moss, fern, amoeba, monocystis or hydra, cockroach or butterfly (or moth).

(d) The general elementary structure and life history of the following :—

(1) Animals—

(i) External features of a fish (including gills), a toad, a lizard, and a mammal (rat or guinea-pig or cat or dog).

(ii) Development of frog or toad from fertilisation to metamorphosis.

(iii) Economic importance of house fly, mosquito and tapeworm.

(2) Flowering Plants—

(i) Outline of external morphologies of an herbaceous plant-Datura and Mustard. Stem, root and leaf to be treated with reference to their functions.

(ii) Internal structures of these plants members to be studied from diagrams.

(iii) The parts of a flower and their functions, pollination and fertilisation.

(iv) Kinds of fruits—dispersal of seeds and fruits.

(v) Structures and germination of seeds (gram or pea, maize and castor seed).

(vi) Short description with example of herbaceous perennials illustrating vegetative reproduction and storage organs.

(vii) Characteristic features of the following trees and crop plants :—

(i) Jack fruit, (ii) Banyan, (iii) Silk cotton, (iv) Cocoanut, (v) Guava, (vi) Mango, (vii) Paddy, (viii) Maize, and (ix) Jute.

The abovementioned subject matter is to be treated very clearly and briefly (120 pages including illustrations) to the point so that the young students can study them without further reference to higher books.

Special Paper in Persian as an Elective Subject.

The course in the Special Paper in Persian shall comprise selected texts in Prose and Poetry, Composition, Grammar and Translation.

The marks in the Paper shall be distributed as follows :—

	Marks.
Prose text	40
Poetry text	20
Grammar and Composition	20

Questions from texts in prose and poetry shall include translation from Persian into English or any Major Indian Language and explanations. Additional pieces in prose and poetry may be fixed from the text-book prescribed for Compulsory Persian.

Questions on composition shall include letter-writing, substance-writing and amplifications.

Questions on grammar shall be of general nature.

Small stories and narratives shall be set for translation from English into Persian.

PART VI.—Bills introduced in Parliament of India; Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.

HOUSE OF THE PEOPLE.

The following Bill was introduced in the House of the People on 11th December, 1953:—

BILL NO. 126 OF 1952.

A Bill to extend the jurisdiction of a University of any State in India to other State or States linguistically connected or for any other purpose and to provide for matters connected therewith.

BE it enacted by Parliament as follows:—

1. Short title, extent and commencement.—(*1*) This Act may be called the University (Extension of Jurisdiction to other State or States) Act, 19 .

(*2*) It extends to the whole of India except the State of Jammu and Kashmir.

(*3*) It shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint.

2. Definitions.—In this Act, unless the context otherwise requires,—

(*a*) 'appointed day' means the date appointed under sub-section (*3*) of section 1, for coming into force of this Act.

(*b*) 'colleges' includes educational institutions where classes higher than matriculation are conducted.

(*c*) 'jurisdiction' means the University area in which all colleges affiliated to the university are functioning.

(*d*) 'extension' means to extend the jurisdiction of any University beyond its own State jurisdiction.

3. Extension of the jurisdiction of any University to other State or States.—For the purpose of this Act—

(*a*) the jurisdiction of any Indian University shall extend to a part or to the whole of any State or States on the mutual agreement of the concerned people of that part respectively;

(*b*) any University shall extend its jurisdiction to a part of other State having linguistic affinity.

4. Mixed jurisdiction of Universities.—In certain part or bilingual parts of any State more than one University can have or extend their jurisdiction on the basis of the mutual co-operation.

5. Appointment of an advisory committee.—(*1*) The Government may for the purpose of advising and assisting the University authorities in the discharge of their functions with regard to jurisdiction and other matters connected therewith, appoint such an independent or a joint advisory committee as it may think fit for the whole of India or any part thereof.

(*2*) The Education Ministry of the Central Government shall make regulations with respect to the constitution and functions of any of the advisory committees appointed under sub-section (*1*).

6. Non-interference in the jurisdiction of University.—(*1*) No State Government shall have powers to interfere with the extension of the University jurisdiction save as otherwise expressly provided in any other enactment as from the appointed day.

(*2*) No State Government shall have power to settle the jurisdiction of any University within the State except by the Advisory Committee constituted by the Government.

7. Liability of the State Government to give help.—The State Governments concerned are liable to provide all kinds of facilities and aid to the University and to colleges affiliated to any University as long as they are functioning within the jurisdiction of the State.

8. Transfer of some colleges to certain Universities.—Save as otherwise expressly provided in any other enactment the affiliation of all colleges whose managing bodies favourably decide under the jurisdiction of any University shall immediately before the appointed day be transferred to such a University whose jurisdiction is notified by the Advisory Committee.

STATEMENT OF OBJECTS AND REASONS.

Many University authorities are anxious to extend their jurisdiction, other than their own States, in order to keep contact with their own linguistic areas. Moreover if University jurisdiction is settled according to the linguistic areas then the number of the Universities will be reduced than what they are today. This act will provide the best cultural atmosphere among various States. The present Bill gives effect to the proposals of many University Senates.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal in the Department of Labour, by Order No. 3511Dis./D/14L-2/53, dated 17th September 1953 and Order No. 3552Dis./D/14R-2/53, dated 21st September 1953, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Howrah Municipality, Howrah, and its workmen represented by (1) Howrah Municipal Employees' Association, Municipal Office, Howrah, (2) Howrah Municipal Karmachari Sangha, Municipal Office, Howrah, (3) Howrah Jalkal Karmachari Sangha, Dey Ghat Lane, Serampore, Hooghly, (4) Howrah Municipal Free Primary School Teachers' Association, 101, Rajballav Saha Lane, Ramkristopore, Howrah, (5) Howrah Jalkal Mazdoor Union, post office Serampore, Hooghly, and (6) Howrah Municipal Workers' Union, 101/3A, Brindabon Mullick Lane, Kadamtala, Howrah, to this Tribunal for adjudication.

Notices were issued on all parties, who appeared and filed written statements setting forth their respective cases.

The Howrah Municipality, in consideration of its size and importance, is the second municipal corporation in West Bengal with a gross annual receipt of more than rupees fifty lakhs and second only to the Calcutta Corporation. The Municipality has the following total number of employees :—

Employees receiving basic salary less than Rs. 50 per month	3,153
Employees receiving basic salary from Rs. 51 to Rs. 100 per month	431
Employees receiving basic salary between Rs. 101 and Rs. 280 per month	275
Employees receiving basic salary above Rs. 280 per month	21
Total ..	3,880

In this present proceeding, the employees are represented by six separate Unions, as mentioned in the order of reference. The Municipal Employees' Association, which was registered in 1924, represents all the employees. The

conservancy mazdoors are represented only by this Union. The Howrah Municipal Karmachari Sangha, registered in 1949, represents the clerical and the superior staff and also the sub-staff at the central office of the Municipality, and they claim to represent all employees, except the conservancy mazdoors and employees at the Waterworks, not being members of the clerical staff. The Howrah Jalkal Karmachari Sangha, registered in 1944, and the Howrah Jalkal Mazdoor Union, registered in 1950, represent the employees of the Waterworks at Serampore, not being the members of the clerical staff. The Howrah Municipal Free Primary School Teachers' Association, registered in 1949, represents the teachers and the peons of the 19 free primary schools run by the Municipality. The Howrah Municipal Workers' Union, registered in 1953, claims to represent all workers, specially the workers of the Road Department and the Motor Vehicles Department.

Presumably owing to the rise in the cost of living in the country, an upward revision of the wages of all categories of employees was effected by the Municipality on 30th March 1946, to be effective from 1st April 1946. It is well known that at that time revision of wages were being made by all employees, including the Government, to off-set the general economic depression consequent on the rise of the cost of living. On 5th June 1947, the Government of West Bengal referred an industrial dispute between the Howrah Municipality and its employees represented by the Howrah Jalkal Karmachari Sangha to Shri N. C. Chakrabarti, District Judge, for adjudication. The award of this Tribunal was published by notification, dated 25th September 1947. This proceeding related to the dispute between the Municipality and its employees at its Waterworks at Serampore, and the award resulted in a revision of wages and other terms of employment to the advantage of the employees and were mainly based on an agreement between the Municipality and the Union by Order No. 777Lab., dated 7th November 1947, the dispute between the Howrah Municipality and their employees represented by the Howrah Municipal Employees' Association was referred to Shri S. N. Modak, I.C.S. (Retd.), for adjudication. Before 1949, there were only two Unions functioning—one at the Waterworks at Serampore and the other the Howrah Municipal Employees' Association for rest of the employees at Howrah. The dispute referred to Shri S. N. Modak involved all the employees of the Howrah Municipality, except those at the Waterworks at Serampore. The award in this proceeding was published by notification No. 888Lab., dated 23rd March 1948. By this award, the wages and other terms of employment and the conditions of labour of employees of all categories were revised to their advantage. The Howrah Municipal Karmachari Sangha, which claims to represent all clerical and other employees of the Municipality, excepting the conservancy mazdoors and the non-clerical employees of the Waterworks at Serampore, was formed in 1949. This Sangha complained that the award of Shri Modak did not appreciably improve the conditions of service of the clerical and other superior staff and it, therefore, submitted a charter of demands before the Municipal authorities on 8th August 1949 for increased pay scales by upgrading the maximum in respect of the employees who were not benefited by the award of Shri Modak. The Municipality and the Karmachari Sangha entered into an amicable agreement on 12th September 1949 over this charter of demands. This agreement resulted in an upward revision of the basic wages fixed by Shri Modak on condition that no further demands should be made within three years next and these increments were made effective from 1st October 1949. On 7th November 1949 the Government of West Bengal referred another dispute between the Howrah Municipality and all its employees represented by the Unions then in existence, viz., the Howrah Municipal Employees' Association, the Howrah Jalkal Karmachari Sangha and the Howrah Municipal Karmachari Sangha to

Shri P. R. Mukherjee, District Judge. The award of this Tribunal was published in the *Calcutta Gazette, Extraordinary,* dated 27th July 1950. In this award, the increase in basic salaries settled by agreement between the Municipality and the Karmachari Sangha was accepted and awarded by the Tribunal, and decisions on other claims were also made. It was also awarded that similar increase in emoluments should be given to other employees not represented by the Karmachari Sangha, if their Unions undertook not to claim a further increase in the next three years. The employees at the Waterworks at Serampore gave such undertakings in December 1949, and February 1951, and they were allowed amicable increase in their pay in consultation with their Unions.

On 26th May 1952 the Howrah Municipal Karmachari Sangha forwarded a representation of its members to the Municipality for increasing the dearness allowance and for grant of house rent and compensatory allowance at the scales laid down by the State Government. Demands were also preferred by other Unions and all these Unions were advised by the Municipality to submit a consolidated charter of demands for its consideration. A Negotiating Committee was then formed by all the six Unions and this Committee placed before the Municipal authorities a consolidated charter of demands on 9th July 1952, consisting of 18 items, as shown in an appendix to the written statement of the Karmachari Sangha for fulfilment within six weeks. These demands were discussed at several meetings of the Commissioners and finally by resolution No. 105, dated 7th September 1953, the Municipality sanctioned an increase in the dearness allowance of all categories of employees. It appears that this partial increase of the dearness allowance by resolution No. 105, dated 7th September 1953, was not accepted by the Unions and the Howrah Municipal Employees' Association sent a notice of strike of the employees, specially the conservancy mazdoors with effect from 18th September 1953. It also appears that the workers at the Serampore Waterworks gave out a threat of strike with effect from 21st September 1953. The dispute was then referred to this Tribunal for adjudication by an order, dated 17th September 1953.

All the six Unions filed separate written statements and the Municipality filed separate written statements in reply to each of these written statements. There are some common items of demands preferred by the Unions, while there are other demands which are confined to only some categories of employees represented by one or the other of the Unions. The details of the claims and the Municipality's reply will be considered at the time of the decision of the issues.

The appearances for the parties were as follows :—

For the Howrah Municipal Employees' Association : Shri Shib Nath Banerjee, President, Shri Monoshadas De, General Secretary.

For the Howrah Municipal Karmachari Sangha : Shri Anil Kumar Mukherjee and Shri Bhupati Singha, Joint Secretaries.

AWARD.

Decisions.

Most of the issues, viz., Issues Nos. 1, 2, 3, 6, 7, 10, 13, 15 and 17 relate to claims involving financial implications. The claims of dearness allowance as made would involve a recurring expense of about Rs. 4 lakhs only for the employees drawing basic wages of less than Rs. 50 per month. The claim of house-rent allowance and compensatory allowance at 10 per cent. of the pay is another item which would involve a substantial sum. The annual basic wage and dearness allowance of the employees amount to about Rs. 32½ lakhs, *vide* Ext. 1 and the major portion of this sum is basic salary. These and other claims, along with that of the revision of leave facilities imply financial obligations on the part of the Municipality and it is necessary to enquire if the Municipality has the capacity to bear imposition of any terms and conditions of service resulting in fresh pecuniary commitments.

The Howrah Municipality is situated on the western bank of the Hooghly just opposite to the Calcutta Corporation on the eastern bank. The population of the city of Howrah is about 4½ lakhs. The general outlook of the

municipal roads and drains are anything but satisfactory. This means that Howrah Municipality situated so close to the Calcutta Corporation has yet much to do in the matter of improving amenities to its rate-payers.

The award of Shri S. N. Modak, I.C.S. (Retd.), published by a Government notification, dated 23rd March 1948, was characterised before me by all the parties to this proceeding as a document of great learning showing a wise appreciation of problems confronting the Municipality and its employees. In this award, Shri Modak considered the financial condition of the Howrah Municipality in great details and was dismayed at its chronic pecuniary embarrassments. The learned Adjudicator observes as follows :—

> "I have examined the statements of actual receipts and expenditure for the twelve months of the financial year 1946-47, and also for the nine months from April to December 1947. I have also gone into the Budget Estimates for the years concerned. In spite of a subvention of six lakhs of rupees granted by the Government and an advance of Rs. 1,41,000 made by the Government, the position is that at the best the income and the expenditure on the existing scale of wages and allowances are just balanced, and yet several bills of contractors still remain to be paid, and there are practically no resources which can be utilised for meeting at least some of the demands put forward on behalf of the employees for the purpose of improving their conditions."

The learned Adjudicator observes that the demands put forward by the employees should be met partially in the interest of justice and that at the same time the employees should realise and appreciate the position that it was impossible for the Municipality to find adequate fund all at once in order to meet their demands in full. Shri Modak suggested the following remedies for improvement of the financial condition of the Municipality :—

1. The evil of under-valuation and under-assessment is to be eradicated and a proper valuation of holdings and proper assessment of municipal rates should be made.

2. The State Government makes recurring grant of Rs. 6 lakhs every year by way of subvention, and it also advanced Rs. 1,41,000 by way of loan. The learned Adjudicator recommended for increased subvention and more loans for tiding over the crisis.

3. It was also suggested that existing law which imposed fetters on the Municipality relating to realisation of taxes should be amended so as to afford greater freedom to the Municipality to impose taxes and increase revenue. Finally the learned Adjudicator supported the claim of the Chairman of the Municipality made to the Government in the following matters :—

(1) Immediate payment of the accumulated motor vehicles tax fund for seven years amounting to Rs. 2½ lakhs.

(2) Restoration of the motor vehicles tax grant annually.

(3) Immediate payment of compensation for damage to the roads of the Municipality by heavy military traffic out of the subvention received from the Central Government amounting to Rs. 8 lakhs.

(4) Payment of additional subvention for a period of five years, besides the six lakhs already sanctioned.

(5) To make available to the Municipality additional sources of revenue from the following heads of taxes :—

(a) share of amusement tax collected at Howrah,

(b) share of electricity duty tax collected at Howrah,

(c) share of commercial sales tax collected at Howrah,

(d) share of stamp duty on transfer of properties at Howrah,

(e) enhancement of schedules of rates of license fees on trades and professions.

It appears that the revision of emoluments of the employees made on 1st April 1946 involved an extra expense of Rs. 1,49,176. By the intervention of the District Magistrate of Howrah in July 1947, an increase of dearness allowance was made for the employees which involved an extra expenditure of Rs. 2,63,490. These two increases account for a recurring increase of a little over Rs. 4 lakhs in the year. Revision of pay scales of the Waterworks employees made by the award of Shri Chakrabarty, dated 25th September 1947, increased the expenditure by Rs. 13,824. Then came Shri Modak's award which involved a recurring expenditure of Rs. 5,93,460 in the year. As has been stated above, with effect from 1st October 1949, there was a revision of the basic wages of the clerical and the superior grades of employees by agreement with the Howrah Municipal Karmachari Sangha, and this agreement was ratified by the award of Shri P. R. Mukherjee, which was published on 27th July 1950. This revision caused an extra annual additional expenditure of Rs. 1,77,000. The increase in emoluments allowed by the award of Shri P. R. Mukherjee was for the categories of employees who, according to the Karmachari Sangha, did not receive sufficient increase of emoluments in the award of Shri S. N. Modak. The wage structure of the employees, as it appears today before us, is the consolidated result of the award of Shri N. C. Chakravarty in 1947, of Shri S. N. Modak in 1948 and Shri P. R. Mukherjee in 1950. These three awards involved an additional annual recurring expense of Rs. 7,84,284.

It has been mentioned above that the Municipality by its resolution No. 105, dated 7th September 1953, agreed to make a partial increase of the dearness allowance of the various categories of employees, although this increase was not implemented in view of the reference of the dispute to the Tribunal. The learned spokesman for the Municipality admitted that the Municipality stood committed to this resolution. The proposed increments in dearness allowance would involve an extra expenditure of Rs. 1,08,000. The learned spokesman for the Municipality proposed before me that in spite of increases in the current demands of the consolidated rates and increase of income in other directions, it is not possible for the Municipality to bear any further financial burden by way of increase of emoluments or other amenities to its employees. The rise of establishment expenditure including dearness allowance and Provident Fund (actual) of the Municipality from 1943-44 is shown in Ext. F. This table appears to be as follows :—

	Rs.
1943-44	11,63,000
1944-45	12,87,000
1945-46	16,93,900
1946-47	18,73,900
1947-48	21,36,750
1948-49	26,74,550
1949-50	28,09,100

				Rs.
1950-51	..	..	..	29,91,750
1951-52	..	..	..	31,53,377
1952-53	..	..	..	31,11,785
1953-54	..	..	..	32,28,710
1954-55	..	..	..	32,56,427

Exhibit 1 shows the statement of essential expenditure as provided for in the budget of 1954-55. This appears to be Rs. 49,30,856, out of which establishment costs, including dearness allowance is Rs. 32,56,427 and Provident Fund contributions is Rs. 2 lakhs. Exhibit J shows the financial position of the Municipality in brief from 1943-44 to 1952-53. Exhibit H is the statement of outstanding liabilities of the Municipality as on 1st April 1954. It shows total liability of Rs. 44,36,750 and Exhibit G is the statement of outstanding loans showing a total loan of Rs. 29,26,685. Exhibit G shows addition to loan account almost every year since 1943 to 31st May 1953. The condition of the Municipality is, therefore, by no means prosperous.

At the date of the reference, the Municipality was being run by the Commissioners. By an order, dated 20th April 1954, the Government of West Bengal superseded the Municipality for a period of two years and by another order of the same date, appointed Shri R. S. Trivedi, I.C.S., as Administrator to perform the duties of the Chairman and the Commissioners. Exhibit K shows the copy of these orders. The order of the Government shows clearly that the fiancial condition of the Municipality was extremely bad. In paragraph (8) of this order, it appears that at the end of 1951-52, the Municipality's liabilities on account of current bills amounted to Rs. 9,52,170 against the closing balance of Rs. 4,70,740, and at the close of 1952-53, the liabilities on account of current bills appeared to be Rs. 8,76,891 against a closing balance of Rs. 4,30,336. It further states that "not only does the current income of the Municipality fall short of its current expenditure, but its liabilities on current bills alone far exceed its closing balance. It is thus obvious that the finances of the Municipality are in an appalling state."

From what has been discussed above, it is clear that the financial condition of the Municipality in April 1954 was precarious. Paragraph (4) of the Government Order in Exhibit K shows that there has been a steady deterioration in the collection of the outstanding balance of the consolidated rates of the Municipality. Paragraph (7) shows that the Commissioners utilised the Employees' Provident Fund money for other purposes and the Municipality's total debt to the Provident Fund amounted to more than Rs. 7¼ lakhs at the close of 1952-53. It is admitted by all the parties before the Tribunal that since the appointment of the Administrator, there has been an improvement in the collection of the consolidated rates. Even then, in view of what has been stated above, it cannot be denied that the financial condition of the Municipality is unsatisfactory and the Tribunal will have to proceed with caution in imposing an extra burden on it by way of increase of emoluments for the employees. I shall now consider the issues for the decision of this case.

Issue No. 1—Revision of pay for Teachers and Peons in Free Primary Schools and certain categories of workmen in the Howrah Waterworks at Serampore.

This relates to the revision of pay for teachers and peons in the free primary schools, as claimed by the Howrah Municipal Free Primary Teachers' Association and of certain categories of employees in the Howrah Waterworks

at Serampore raised by the Jalkal Karmachari Sangha and Howrah Jalkal Mazdoor Union.

There are 19 primary schools in the Municipality with 92 teachers and 19 peons. There are 398 peons in the Municipality. The basic wage of the peons is Rs. 30—1—45. The Municipal Free Primary School Teachers' Association claimed revision of this wage to Rs. 35—2—75. I do not consider that there is any ground for creating a privileged class of peons for the primary schools and the claim for increase of their pay out of a large number of other peons employed in the Municipality appears to be unjustified. This claim is rejected.

The Teachers' Association claimed for increase of the basic salaries of the Headmasters and the Assistant Teachers. The present pay of the Headmasters and the Assistant Teachers are as follows :—

Headmasters—Rs. 55—5—100—7—170.

Assistant Teachers—Rs. 55—4—75—5—110.

The demanded rates are as follows :—

Headmasters—Rs. 70—7—140—10—200.

Assistant Teachers—Rs. 60—5—100—7—107—9—170.

It may be mentioned that the minimum qualification for the appointment of an Assistant Teacher is passing of the Matriculation Examination and that for the Headmaster is passing of the I.A. Examination. It appears that in this Municipality there is one Headmaster and one Assistant Teacher who are Graduates. Of the rest of the Headmasters, one is a I.A. senior trained, four I.As., three Matriculate Guru-trained, eight Matriculates, one non-Matriculate Guru-trained and one non-Matriculate non-trained. Of the rest of the Assistant Teachers, one is an I.A. trained, seven I.A. non-trained, four Matriculate Guru-trained, 26 Matriculates, 14 non-Matriculate Guru-trained and 24 non-Matriculate and non-trained. It is the custom of the Municipality to pay the same basic salary to the Headmaster or Headmistress as Clerks of Class II. An Assistant Teacher gets a salary which is a little above the salary of a junior grade clerk, which is Rs. 45—3—75—5—110. For a junior grade clerk also, the minimum qualification is passing of the Matriculation Examination. The dearness allowance as available to the employees of the Municipality under the award of Shri S. N. Modak is Rs. 22 for basic wages from Rs. 51 to Rs. 100 and Rs. 25 for basic wages from Rs. 101 to Rs. 250. An Assistant Teacher drawing a basic salary of Rs. 100 or less will get a dearness allowance of Rs. 22. Over and above this dearness allowance, he will get Government dearness allowance of Rs. 4 per month and a Government Development Grant Allowance of Rs. 7 to Rs. 13 according to qualifications. Rupees 7 is available to a non-Matriculate non-trained teacher, Rs. 9 to a Matriculate and Rs. 13 to a Matriculate trained teacher. A Matriculation passed trained Assistant Teacher will get a total allowance of Rs. 39 per month. It appears that in the Calcutta Corporation, a teacher's scale is Rs. 60—4—80—5—120. He gets in addition a dearness allowance of Rs. 35 and house-rent of Rs. 5. In the case of a Headmaster, the Development Grant is Rs. 15 if he is Matriculation passed and trained. The total Government allowance of a Headmaster would be Rs. 19 in addition to the dearness allowance paid by the Municipality. The scale of the Headmaster in the Calcutta Corporation is Rs. 80—5—150. In view of the qualifications of the existing Headmasters and the Assistant Teachers, it cannot be stated that they are more qualified than their compeers in the clerical services. The teachers enjoy more holidays and less period of work than that of the clerks. The working hour of the teacher is from 10-30 a.m. to 3 p.m. on week days and from 10-30 a.m. to 1 p.m. on Saturdays; whereas a clerk has to work from 10-30 a.m. to 5 p.m. on week days and from 10-30 a.m. to 1-30 p.m. on Saturdays. A member of the clerical staff

gets 35 holidays throughout the year excluding Sundays, whereas a teacher will get 85 holidays excluding Sundays. I do not consider that in these circumstances there is any justification for an increase of emoluments of the Headmaster or the Assistant Teacher of the Free Primary Schools of the Municipality, as claimed. I would, however, make an exception in the case of the graduate Headmaster and Assistant Teacher, in view of their qualifications. A Graduate Headmaster will get an extra allowance of Rs. 10 per month and a Graduate Assistant Teacher will get an extra allowance of Rs. 8 per month.

The Howrah Jalkal Karmachari Sangha claimed revision of scales of pay for Shift-in-charges from Rs. 60—5—140 to Rs. 75—5—170 and of the Filter Supervisors from Rs. 55—5—100 to Rs. 60—5—150. The Howrah Jalkal Mazdoor Union demanded the revision of the scale of pay of the Electrician from Rs. 35—2—45—3—60 to Rs. 55—2—63—3—75 and of the Filter Supervisors to Rs. 65—5—150. Exhibit E is a chart filed by the Municipality showing the increase of basic salaries of these categories of employees. It appears that the Electrician was called an Engine Cleaner before 8th February 1951, on which date by resolution No. 192(23) [Ext. M(1)], the designation was changed to Electric Mistri. He is in charge of two dynamos of 110 volts each—one working at night and the other working in the day. Exhibit E shows that in 1946 the Electric Mistri had a fixed pay of Rs. 16 only and in 1949 after the award of Shri Chakrabarty, his pay was increased to the scale of Rs. 18—½—25. In 1947 this was increased to Rs. 30 fixed and on 8th February 1951 by resolution No. 192(23), the pay scale was raised according to the directions of Shri P. R. Mukherjee to Rs. 30—2—45—3—60. The resolution shows that the designation of Cleaner was changed to Electric Mistri. In the same way, increase of salary was allowed to the Shift-in-charges, who were previously called Drivers and the Filter Supervisors who were previously called Filter Attendants. There is no doubt that all these categories of employees, specially the Shift-in-charges and the Filter Supervisors have to do very useful and responsible work in the Waterworks. It is not, however, possible to take up increase of basic salaries of only these categories of employees in view of the fact that these categories also were considered at the time of the general increase of salaries in 1951, following Shri P. R. Mukherjee's award and these increases were based more or less upon an agreed formula. In view of these circumstances, I do not consider that the basic salaries of these three categories of employees should be increased in the present proceeding, as there is no evidence of any special hardship in the matter of basic salaries in the case of these three categories of employees. Issue No. 1 is accordingly answered.

Issue No. 2—Dearness Allowance.

The demand for the increase of dearness allowance was preferred by all the Unions and the demands of all the six Unions on this item is the same and is as follows :—

	Per month. Rs.
For employees drawing pay up to Rs. 50 per month ..	30
For employees drawing pay from Rs. 51 to Rs. 100 per month ..	40
For employees drawing pay from Rs. 101 to Rs. 150 per month ..	45
For employees drawing pay from Rs. 151 to Rs 200 per month	50

	Per month. Rs.
For employees drawing pay from Rs. 201 to Rs. 250 per month ..	55
For employees drawing pay from Rs. 251 to Rs. 300 per month ..	65
For employees drawing pay from Rs. 301 to Rs. 400 per month ..	75
For employees drawing pay from Rs. 401 and above per month ..	17½ per cent. of the pay, subject to a maximum of Rs. 263.

Exhibit E(1) shows the dearness allowance paid by the Municipality on different dates. It appears that on 1st April 1946 the dearness allowance of the conservancy menials was Rs. 14 per month and the other menials Rs. 12 per month. This was increased to Rs. 20 and Rs. 18 respectively on 1st July 1947. In the Waterworks employees receiving basic salary up to Rs. 50 used to get a dearness allowance of Rs. 16 up to 1st April 1946 and those above Rs. 50 used to get Rs. 20 per month till that date. By the award of Shri N. C. Chakravarty, dated 25th September 1947, the dearness allowance of all workers drawing basic pay up to Rs. 50 was increased to Rs. 22, although workers drawing basic pay over Rs. 50 continued to receive the old dearness allowance of Rs. 20. Conditions in the Waterworks as regards dearness allowance was then a little confused. By the award of Shri S. N. Modak published on 23rd March 1948, the dearness allowance of all employees, not being employees of the Waterworks, was revised in the following manner :—

	Rs.
Up to Rs. 50 basic pay ..	20
From Rs. 51 to Rs. 100 ..	22
From Rs. 101 to Rs. 250 ..	25
Above Rs. 250 basic pay ..	10 per cent. of the pay.

It was complained before me by the spokesman for the Jalkal Mazdoor Union that as the award of Shri Modak was not applicable to the workmen of the Waterworks as they were not before the learned Tribunal, there was an unsatisfactory fixation of dearness allowance amongst the employees of the Waterworks. Employees receiving basic pay of Rs. 50 get a dearness allowance of Rs. 22 per month, while employees receiving basic pay from Rs. 50 to Rs. 250 were to get Rs. 20 as their dearness allowance. There have been some instances, I am told, where the scale of dearness allowance in the award of Shri Modak was applied to some of the employees of the Waterworks. Details of those cases were not brought before me and it is not possible to make any decision on those cases. The increase of basic salaries on the demand of the Howrah Municipal Karmachari Sangha, which was effected by an agreement, dated 12th September 1949 and was effective from 1st October 1949 and was further ratified by the award of Shri P. R. Mukherjee, was made on the ground that certain categories of employees did not get the desired benefit under the award of Shri Modak and the increase in the basic pay was, therefore, agreed upon by the Municipality but on condition that no claim of increase of emoluments, as for instance, in the form of dearness allowance, should be made in the following three years. There has, therefore, been no increase in the dearness allowance since the award of Shri S. N. Modak. There was a claim of

increase of dearness allowance by the Employees' Association before Shri P. R. Mukherjee, but that claim was refused. After the submission of the demands for increase of dearness allowance by the Negotiating Committee on 9th July 1952, the demands were discussed at several meetings of the Commissioners from time to time and in the resolution No. 105, dated 7th September 1953, the Commissioners described the demands of the employees for increase of dearness allowance as just and fair, in view of the general economic plight (*vide* Ext. M). The Municipality stated further that in view of the apathy and unwillingness of the Government to increase the subvention it was unable to allow such increase of dearness allowance as it would like but revised the scale of dearness allowance to the following extent, which involved an extra cost of more than Rs. one lakh in the year :—

Scales of dearness allowance to be increased with effect from 1st October 1953 as follows :—

	Rs.
For employees drawing pay up to Rs. 50 per month ..	1
For employees drawing pay from Rs. 51 to Rs. 100 ..	8
For employees drawing pay from Rs. 101 to Rs. 250 ..	10
For employees drawing pay above Rs. 250 ..	2½ per cent. subject to a minimum of Rs. 35.

It may be mentioned here that the Municipality receives an *ad hoc* grant of Rupees seven lakhs in the year from the Government of West Bengal for payment of dearness allowance to its employees and this sum covers about 70 per cent. of the dearness allowance paid by the Municipality. It was complained by Shri Shib Nath Banerjee, President of the Howrah Municipal Employees' Association, that Government pays 80 per cent. of the dearness allowance paid by the Calcutta Corporation, while the dearness allowance paid by the Calcutta Corporation is higher than that paid by the Howrah Municipality, and that in view of the fact that Howrah Municipality is governed mostly by the Calcutta Municipal Act, the Municipality should get a greater subvention from the Government. This claim of a greater subvention from Government is not a matter for consideration by this Tribunal. Shri Banerjee claimed that for the conservancy mazdoors there should be an increase in the dearness allowance to the extent of Rs. 10 at present and another Rs. 10 at a future date and that no increase of less than Rs. 10 per month should be considered reasonable for the conservancy mazdoors by the Tribunal, in view of the fact that their basic wage is very low and they perform a most disagreeable sort of job. The conservancy mazdoors receive pay in the scale of Rs. 30—½—35 as fixed by Shri S. N. Modak and there was no increase of this scale of salary in the award of Shri P. R. Mukherjee. Shri J. Banerjee, the learned spokesman for the Municipality, stated before me that for basic wages up to Rs. 50, the demand of dearness allowance was Rs. 30 and the Municipality was prepared to pay Rs. 21 or in other words, 70 per cent. of the claim had been conceded. In the same way, it was urged that for the salary range from Rs. 51 to Rs. 100, the Municipality had agreed to pay 75 per cent. and for the salary range from Rs. 101 to 250, 70 per cent. of the claim made by the Union, and it should be considered that the Municipality has gone a great way in meeting the claims of the Unions on this item. The representatives of all the Unions claimed that the increase of Re. 1 in the dearness allowance for the basic pay ranges up to Rs. 50 has been unsatisfactory and out of proportion to the other increases allowed for the higher pay

groups, I may observe that I consider that the increases in the dearness allowance allowed by the resolution No. 105, dated 7th September 1953, for pay ranges above Rs. 50 are quite adequate under the circumstances. Shri Modak allowed dearness allowance at the scale of Rs. 20 for basic wages up to Rs. 50, at Rs. 22, for basic wages between Rs. 51 and Rs. 100 and at Rs. 25, for basic wages between Rs. 101 to Rs. 250. At these proportions, the increase of Re. 1 for the lowest group of basic wages does really appear to be somewhat disproportionately low. Shri Banerjee for the Municipality filed the statement, Ext. E(3), showing the rates of dearness allowance paid by the Government, the Calcutta Corporation and the Howrah Municipality with the proposed increase allowed by the Municipality in September 1953. This statement also shows the comparative scales of pay with dearness allowance of the conservancy labour and other menials as paid by the Calcutta Corporation and as proposed to be paid by the Howrah Municipality in accordance with the resolution, dated 7th September 1953. It shows that a conservancy labour in the Calcutta Corporation has a scale of pay with dearness allowance at Rs. 50—1—59, whereas the conservancy mazdoor in Howrah Municipality will get Rs. 51—½—56 with the proposed dearness allowance. It appears, however, from a report of Corporation Employees' Grievances Sub-Committee, dated 1st December 1953 (Ext. 1), that besides Rs. 50 as shown in Ext. E(3), a conservancy mazdoor of the Calcutta Corporation also receives Rs. 1-8 as house-rent per month for whom it has not been possible to provide accommodation and Rs. 3-12 as money value of food concessions. With these two allowances, the minimum monthly emoluments of a conservancy mazdoor in the Calcutta Corporation is Rs. 55-4. This document also shows that the food concessions of Rs. 3-12 may be increased to Rs. 5 by the Corporation, if the Government so permits. In any case, it appears that a conservancy mazdoor gets in the Calcutta Corporation a little more emolument than his compeer in the Howrah Municipality. There is a claim of house-rent allowance and compensatory allowance in Issue No. 3 in this proceeding. I do not propose to award any house-rent or compensatory allowance for the workmen in this proceeding. I do, however, consider that the dearness allowance of the conservancy mazdoor and the other menials receiving basic wage up to Rs. 50 should be allowed a better increase than what the Municipality proposed in its resolution No. 105, dated 7th September 1953. The spokesman for the Municipality reminded me that in view of the fact that there were 3,000 employees receiving basic wages less than Rs. 50, the Tribunal should be very careful in increasing the dearness allowance of this category of workers. Even then, I consider that the dearness allowance of this category of workers should be increased further than what the resolution No. 105, dated 7th September 1953, allowed. In giving my careful consideration to this matter, I award that the dearness allowance for the workmen receiving basic wages up to Rs. 50 shall be increased by Rs. 3 and not Re. 1 and the dearness allowance of the other categories of employees as provided for in the resolution No. 105, dated 7th September 1953. The dearness allowance of the employees shall, therefore, be increased in the following manner :—

	Rs.
For employees drawing basic pay up to Rs. 50 per month ..	3
For employees drawing basic pay from Rs. 51 to Rs. 100 ..	8
For employees drawing basic pay from Rs. 101 to Rs. 250 ..	10
For employees drawing basic pay above Rs. 250 ..	2½ per cent. of basic pay, subject to a minimum of Rs. 35.

The next point for consideration is with effect from which date these increases in the dearness allowance should be effective. The increased rates of dearness allowance as provided for in the resolution No. 105 were to be effective from 1st October 1953 in accordance with the terms of that resolution, but these increases were not given effect to in view of the fact that the dispute between the Municipality and the workmen was referred to this Tribunal on 17th September 1953. It is awarded that the Municipality should grant the increased rates of dearness allowance as provided for in the resolution No. 105, dated 7th September 1953, with effect from 1st October 1953. The extra increase of Rs. 2 as awarded by this Tribunal for the workmen drawing basic wages up to Rs. 50 shall be effective from the date on which this award comes into operation. This issue is accordingly answered.

Issue No. 3—House-rent allowance and compensatory allowance.

The Howrah Municipal Karmachari Sangha demanded that as the Government employees are paid this allowance at the rates of 10 per cent. of the pay, this should also be sanctioned to the members of the Sangha. It is pleaded that in an industrial town like Howrah the rates of house-rent are abnormally high and as such, it is impossible for the middle and lower class employees of the Municipality to pay such high rents. Certain section of the employees of the Municipality are also provided with quarters free of rent or nominal rents.

The claim of house-rent was also made by Howrah Municipal Free Primary School Teachers' Association. The Teachers' Association demanded that the house-rent allowance at the rate of Rs. 12 and Rs. 5 per month should be granted to the teachers and the peons respectively.

The Howrah Municipal Employees' Association complained that in 1946 the Municipality prepared a scheme of construction of workers' quarters, but up till now only 30 *pucca* rooms have been constructed for 30 menials out of a total of 3,000 including engineering mazdoors. The workers are paying Rs. 8 per room per month for these 30 rooms. The house-rent allowance at the rate of 10 per cent. of the basic pay should therefore be granted till quarters are constructed.

The demand for house-rent was also made by the Howrah Municipal Workers' Union.

This demand was not made by the two Unions at the Serampore Waterworks.

A similar demand was made before Shri S. N. Modak, but was refused by that learned Tribunal, as it considered that this innovation was not worthy of support. For the same reasons as mentioned by Shri Modak in his award [paragraphs 4(h) and 4(i)], the claims made on this issue are rejected.

Issue No. 4—Retiring age.

The Howrah Municipal Karmachari Sangha demands that the retiring age of the employees of the Municipality should be fixed at 60 years with the provision of one year's extension at a time up to the age of 65 years. The present age-limit is 55 years with a provision of extension by one year at a time up to the age of 58 years, but this lies at the discretion of the authorities, who use it at their sweet will and which is not always done in a judicious way. According to a Government circular, the retiring age of the school teachers has been fixed at 60 with a provision of extension up to 65 years. Recently the Commissioners of this Municipality have granted this facility to the teachers of the school under its management. The retiring age of the mazdoors and other sub-staff is also 60 years. The Karmachari Sangha also pressed

that this facility should also be extended to the rest of the employees. The claim of the retiring age of all employees irrespective of categories to be fixed at 60 years was also made by the Howrah Municipal Employees' Association. The other Unions did not press for this claim. The Municipality opposed this claim. The present rule is that for employees other than mazdoors and school teachers, the age of retirement is 55, but their services may be extended by the Chairman by one year at a time up to the completion of fifty-eight year. I do not consider that any change in the rule is called for. This claim is rejected.

Issue No. 5—Leave Rules.

At the present time leave and holidays as enjoyed by the teachers of the Municipal Free Primary Schools and the superior staff including the clerical staff of the Head Office are as follows :—

Teachers—

Privilege leave for 15 days in a year cumulative for two months.
Fifteen days' casual leave.
Eighty-five days' holidays including Sundays.

Clerical Staff—

Privilege leave for one month in the year cumulative for four months.

Fifteen days' casual leave.

Thirty-five days' holidays including Sundays.

Superior staff including teachers get three years' leave on medical certificate in the service life under section 94 of the Rules of the Municipality.

The conservancy mazdoors get 15 days' special leave in the year with pay cumulative up to 60 days and there is a proposal for granting them three months' medical leave without pay on medical certificate and short period leave without pay for 15 days at the discretion of the authorities and leave without pay and without medical certificate up to three years in all in the whole service life. But these proposals have not yet been sanctioned by the Government.

The Municipal Free Primary School Teachers' Association claimed that they should be given the same period of privilege leave as the members of the clerical staff, i.e., one month per year cumulative for four months. The teachers work in what is usually called a Vacation Department and they enjoy 50 days' more holidays than the clerical staff. I do not find any substance in the claim and it is rejected.

The Howrah Municipal Karmachari Sangha, the Municipal Jalkal Karmachari Sangha and the Municipal Employees' Union demanded for the abolition of the discrimination in matters of leave between the superior staff and the sub-staff and the conservancy mazdoors as it exists at present. The Municipal Workers' Union also complained of discriminatory attitude in the matter of provision for accumulation of leave of different categories of employees. On a perusal of the awards of the learned Tribunals of the dispute between the Corporation of Calcutta and its employees, published on 21st July 1948 and 31st May 1950, I do not find that the employees of the Howrah Municipality have got to complain in the matter of their leave facilities. It appears that only the conservancy staff can complain of the absence of sick leave as is allowed in the Calcutta Corporation. In the Calcutta Corporation, the conservancy mazdoor and the other labour staff were allowed sick leave on half pay for 15 days in the year. It is awarded that the conservancy mazdoor will get sick leave on half pay for 15 days in the year. There was no claim for alteration of any

other kind of existing leave of the conservancy mazdoor and I do not also consider that any further alteration in the leave facilities is necessary.

As for the employees in the Serampore Waterworks, they are to be guided by the Factories Act. I find that the Municipality is liberal to some of its employees in the Waterworks, in that it allows more leave facilities to them than what is allowed under the Factories Act. The employees of the Waterworks have nothing to complain over the matter. This issue is accordingly answered.

Issues Nos. 6 and 17—Day of rest of outdoor staff, or increased remuneration in lieu thereof, and overtime wages or other privileges for work on Sunday or holidays.

These two issues relate to the same claim and are taken up together for decision.

It was claimed by some of the Unions that there should be a day of rest for the outdoor staff including the conservancy mazdoors, or they should be allowed increased remuneration for work done on holidays. This claim was opposed by the Municipality on the ground that the outdoor staff have been doing their work without any holidays in the week, in view of the nature of their work which admits of no holidays. It is stated that from the very nature of work done by these employees, the work must be performed from day to day without any break. The conservancy mazdoor is one of these groups of employees. If the Municipality is to give them permission to enjoy holidays, it will be required to employ additional hands on holidays and this will entail a great extra cost, which from the financial condition of the Municipality, it is not possible to impose upon it at the present time. Such a claim was also made before the learned Tribunal adjudicating on the dispute between the Calcutta Corporation and its employees in July 1948, as well as in May 1950, and the claim was rejected by both the Tribunals. I also consider that the claims made in the two issues cannot be allowed and it is rejected.

Issue No. 7.—Gratuity.

According to rule 25 of the Provident Fund Rules of the Municipality, the Commissioners may, on the recommendation of the Chairman, grant from the revenues, at the time of retirement, to any servant who has subscribed to the Provident Fund and has rendered continuous good service for not less than 15 years, an additional contribution at the rate of half a month's pay for each completed year of service rendered by such servant, subject to a maximum of 15 months' pay, but not exceeding Rs. 5,000. The amount of the contribution shall be calculated on the pay drawn by him at the time of retirement. This rule applies to members of the superior staff, i.e., those who are not in the labour staff or in the conservancy staff.

Gratuity Rules for inferior service is on a lower scale, and is generally on the following lines :—

After service of not less than five years but less than ten years—Three months' pay.

After service of not less than ten years but less than fifteen years—Four months' pay.

After service of not less than fifteen years but less than twenty years—Five months' pay.

After service of not less than twenty years but less than thirty years—Six months' pay.

In the case of conservancy staff there is a provision for Fidelity Bonus and a conservancy mazdoor who has never taken part in any strike or hartal shall at the end of 15 years' continuous and loyal service, be entitled to a Fidelity Bonus of Rs. 100 on the termination of his service.

The Howrah Municipal Karmachari Sangha claimed that notwithstanding anything contained in the Municipal Rules regarding Provident Fund and additional contribution or gratuity, all employees having 15 years' continuous service at credit should be entitled to additional contribution or gratuity at the rate as laid down by the Municipality irrespective of whether they subscribed to the Provident Fund for 15 years or not. It is further clarified that the period of 15 years' continuous service should only be insisted on for entitling an employee to gratuity, and the question of the period of subscribing to Provident Fund should not be considered at all.

The Howrah Jalkal Karmachari Sangha also claimed that notwithstanding anything contained in the Howrah Municipal Rules regarding additional contribution, all the employees having 15 years' service at their credit should be entitled to the additional contribution or gratuity at the rate of 15 days' pay for each completed year's service at the termination of employment, irrespective of whether they subscribed to the Provident Fund for 15 years or not.

The Primary School Teachers' Association also made a similar claim, and demanded that the clog of subscribing to the Provident Fund for 15 years in entitling one to get the benefit of gratuity or additional contribution should be removed.

The Howrah Municipal Employees' Association claimed that all sub-staffs and mazdoors, including conservancy mazdoors, who have been entitled to contribute to the Provident Fund in 1946, and have put in 15 years' service, should get the additional contribution at the rate of half a month's pay just like the superior staff, whether they have yet subscribed for 15 years or not. It is pressed that there should be one uniform system of gratuity for all categories of employees. At the present time, the superior staff gets the additional contribution at half month's pay for each year of service after completion of 15 years of service with a minimum of 7½ months' pay and maximum of 15 months' pay. The sub-staff gets compensation gratuity with a maximum of six months' pay, and the conservancy mazdoors get Fidelity Bonus with a maximum of Rs. 100 at 8 annas for one month's active service. It is claimed that the award of Shri S. N. Modak directed payment of additional contribution to the inferior staff in the same scale as to the superior staff.

I shall consider the claim of the Employees' Association separately. The claim of the Howrah Municipal Karmachari Sangha, Howrah Jalkal Karmachari Sangha and Howrah Free Primary School Teachers' Association relate to the claim of the superior employees to remove the requirement of contribution to the Provident Fund for 15 years as a condition precedent to an employee being entitled to additional contribution or gratuity. Rule 25, however, imposes other conditions also, as for example, continuious good service for not less than 15 years. The claim of these three Unions that only 15 years' service with the Municipality would be sufficient to entitle an employee to additional contribution or gratuity does not appear to be satisfactory. I do not find any ground for making an award in contravention of rule 25 of the Provident Fund Rules. The claim of these three Unions in this regard is rejected.

As for the claim of the Employees' Association that all sub-staffs and mazdoors including conservancy mazdoors, who have been entitled to contribute to the Provident Fund in 1946 should get additional contribution just like the superior staff, it stands on a different footing. It appears that the Provident Fund for

the sub-staff and the conservancy mazdoors was introduced in 1949 and the rule came into effect from 1st April 1946, and these categories of workers could contribute to the Provident Fund with effect from 1st April 1946. It is contended by the Employees' Association that Shri Modak's award observed that "in the case of those employees who have done service for 15 years or more, the provision regarding additional contribution under rule 25 of the Provident Fund Rules would come into operation, and the rules regarding Fidelity Bonus or the gratuity rules for inferior service would not be applicable". The learned Adjudicator directed the Commissioners of the Municipality to put forward modified proposals and to submit those proposals to the Government for approval. The learned spokesman for the Municipality contended that although rule 25 would be applicable to the members of the sub-staff and the conservancy mazdoors who would contribute to the Provident Fund for not less than 15 years, it is not applicable to persons who have not rendered continuous service for not less than 15 years and there is no question of these categories of employees being entitled to gratuity without making contribution to the Provident Fund for 15 years, as claimed by the Employees' Association. It was further impressed upon me that the financial implication of the payment of gratuity according to rule 25 will be great if employees with 15 years' service are allowed the benefit of gratuity even without contribution to the Provident Fund for 15 years. The argument of the learned spokesman of the Municipality is sound. There is, however, one genuine grievance on the part of the sub-staff and the conservancy mazdoors on this account. They could not contribute to the Provident Fund prior to 1st April 1946, for no fault of theirs. They could not so contribute, because the Provident Fund system was not introduced among them prior to 1st April 1946. Even if a conservancy mazdoor puts in continuous good service for not less than 15 years, and contributes to the Provident Fund from 1st April 1946, he will not get any additional contribution or gratuity only because he could not contribute to the Provident Fund for 15 years. It appears that the justice of the case will be met if the following provision be made by the Municipality in continuation of rule 25 to meet the cases of the sub-staff and the conservancy mazdoors who could not contribute to the Provident Fund before 1st April 1946. The provision should be made on the following lines :—

> If he rendered continuous good service to the Municipality for more than 15 years since a date prior to 1st April 1946, and if he contributes to the Provident Fund since 1st April 1946, then the period of continuous service prior to 1st April 1946 during which he could not contribute to the Provident Fund should be considered for the purpose of additional contribution, as the period wherein the worker contributed to the Provident Fund, and the additional contribution should be paid to him accordingly. The Municipality should take sanction of the Government for the modification of the rule on additional contribution on these lines. No workman whose period of service terminated prior to August 1954 should get the advantage of this rule. The issue is accordingly answered.

Issue No. 8.—Provident Fund.

The Howrah Municipal Karmachari Sangha states in the written statement that the Municipality has by a recent resolution introduced a restriction in the matter of payment of loans to the employees from their own Provident Fund subscriptions. It is further stated that there is no scope for use of discretion by the authorities unless the purposes as specified therein for such advances are questioned. The Sangha, therefore, demands that the payment of advances from the subscription money should be allowed without the imposition of any restriction. The Sangha further states that in spite of several standing resolutions of the Commissioners monthly remittances to Provident Fund are not being made

regularly by the authorities. The Municipality should not be allowed to use the Provident Fund money in any manner, and the authorities should be directed to submit regular account of Provident Fund to the employees as required under the rules. The Municipal Free Primary School Teachers' Association also made both these claims on the Provident Fund, as mentioned above. The Howrah Jalkal Karmachari Sangha stated that the Municipality should immediately give to each employee an up-to-date account of the Provident Fund money, and should in future submit at the end of every year a statement of each individual account. It is further stated by this Union that the Municipality within the course of last six years have failed to submit any Provident Fund account and no general meeting of the Provident Fund has ever been called.

The restriction to the advances of loans to the subscribers has been clarified by the Free Primary School Teachers' Association, which stated that at present temporary advance from the Provident Fund is granted to the employees except that one-fifth of their own contribution is always retained by the Municipality and is kept in reserve. The Association states further that an employee should be entitled to draw his contribution in full at the time of his need, and the Chairman cannot be allowed to have any discretion in this matter.

The point of view of the Municipal Karmachari Sangha and the Free Primary School Teachers' Association on this point appears to be wholly unreasonable. The Provident Fund is created for the purpose of giving relief to the employee after his retirement, or his dependants, if unfortunately he is dead. The employees represented by these two Unions really seem to consider the Provident Fund account with the Municipality as if it were a current account in a bank. This is not so, and the claim of these two Unions is rejected.

As to the other claim in regard to the Provident Fund which is made by the Municipal Karmachari Sangha, Jalkal Sangha and the Teachers' Association, there is no doubt that this claim is wholly justified. The Municipality has got no right to use the employees' Provident Fund money for any purpose other than that for which it is meant. I have mentioned above that the Government also have taken a very serious view of this matter. The utilisation by the Commissioners of the employees' Provident Fund money was one of the causes of the supersession of the Municipality on 20th April 1954. It is awarded that the Municipality should supply, at the end of every year, a statement of the account of the Provident Fund money to each individual employee, and this account should be up-to-date. This issue is accordingly answered.

Issue No. 9.—Consultation with the Unions in the matter of appointment, transfer, promotion and dismissal of employees.

It was claimed by the Municipal Employees' Association, Municipal Karmachari Sangha, Municipal Free Primary School Teachers' Association and the Jalkal Karmachari Sangha that the Municipality should consult the Union in the matter of appointments, dismissals, promotions and transfers. The claim was opposed by the Municipality and it was stated that the question of promotion, punishment, etc., of municipal employees could not be decided in consultation with any Union as a matter of principle, but suggestions, if any, of the various Unions in such matters were always taken into consideration. I find that such a claim by the Unions was rejected by Shri S. N. Modak in his award on 23rd April 1948 and also by Shri P. R. Mukherjee in his award on 27th July 1950. The claim of the Unions is virtually a right for interference with the management functions of the Municipality and cannot be allowed by this Tribunal. In conformity with the awards of Shri Modak and Shri Mukherjee, it is awarded that the Municipality will not be bound to consult any Union in the matter of appointment, promotion, dismissal or transfer of employees, or in any other matter, but

that if any Union make any suggestion to the Municipality on any of these matters, the municipal authorities may consider the suggestion in coming to a decision.

Issue No. 10.—Creation of some Class I posts in the clerical grade according to the award of Shri P. R. Mukherjee.

The Municipal Karmachari Sangha claimed that some Class II posts in the clerical grade should be converted into Class I posts in consideration of the responsibilities attached to such posts. It is also stated that such a recommendation was incorporated in the award of Shri P. R. Mukherjee, but the authorities have not yet implemented the recommendation. It appears that in the terms of settlement between the Municipality and the Karmachari Sangha, there was an agreement that with a view to encourage efficiency and to provide some scope of prospects of higher pay, some of the existing Class II posts should be converted into Class I posts and such promotions should be made in consideration of the responsibility attached and efficiency needed in these posts and that men for these Class I posts shall be selected by means of a competitive test amongst the existing staff who have put in 15 years' service in the Class I grade and are at least Matriculates.

The Municipality in its written statement opposed this claim and stated that such Class I posts could not be created by the Commissioners without Government sanction and the Municipal Commissioners have no powers to create any posts without the sanction of the Government. It is further stated that the maximum salaries payable to the employees have been liberally increased so as to surpass even the previous maximum salaries payable to the employees of the Class I grade. It appears that there are four Class I clerks as against 167 Class II clerks. There are 30 posts carrying salaries higher than Class II and lower than Class I grades. It is not possible for this Tribunal to make any award as to which posts should be converted into Class I posts without a thorough consideration of the work done by all the clerical staff of the Municipality. The Municipality should be the sole authority to decide as to which the Class II posts should be converted into Class I posts and how many of such posts should be so converted. I had the advantage of hearing the arguments of both parties on this matter and from what I heard, I make a recommendation that the Second Clerk of the Assessment Department, the Second Clerk of the Engineering Department, the Second Clerk of the License Department and the Head Clerk of the Serampore Waterworks may be posted in Class I grade. It is for the Municipality to make a final decision on the matter. Any appointment to the newly-created Class I posts should be made in the manner as provided in the terms of agreement between the Karmachari Sangha and the Municipality and mentioned in Appendix B, Clause (V) of the award of Shri P. R. Mukherjee. This issue is accordingly answered.

Issue No. 11.—Supply of uniforms and outfits.

It was complained by some of the Unions that employees who used to get uniforms and outfits did not get such uniforms and outfits in proper time. The learned spokesman for the Municipality stated that those employees who were in receipt of uniforms and outfits should continue to get them. I have nothing more to add.

Issue No. 12.—Repairs of quarters.

The two Unions of the Waterworks complained that the buildings and quarters at the Waterworks at Serampore were out of repairs. The Municipality in its written statement states that repairs to quarters have already been taken up and work order has already been issued. The Municipality has also adduced

evidence on this point. O.P.W. 5 Shri Amulya Chandra Ganguli, Waterworks Overseer at Serampore deposed that repairs to the municipal quarters at Serampore were done by him at a cost of more than Rs. 5,000 and that the repairs to the quarters of the Shift-in-charges will be done this year and the assessment of repairs to the quarters of other officers will also be considered in this year and that the repairs to the engine room are in progress. He also states that cooly and durwans' quarters have already been repairs. It is, therefore, clear that the Municipality is doing its best in the matter of repairs to quarters. This issue is accordingly answered.

Issue No. 13.—Personal allowance for messengers and store durwans of Waterworks at Serampore.

The Jalkal Karmachari Sangha claimed that as the messengers and the store durwans have to work extra time almost every day and as they have to work on Sundays from time to time, they should be paid a personal allowance of Rs. 10 per month. The Municipality states in its written statement that the question of personal allowance raised by the Sangha was never raised previously and as this question could not be considered by the Commissioners, this demand could not be considered as a dispute between the parties, which have been referred to the Tribunal for decision. Appendix B to the written statement of the Howrah Municipal Karmachari Sangha shows the 18 items of demands that were submitted to the Municipality by the Negotiating Committee on 9th July 1952. This charter of demands does not show the claim raised in this issue by the Jalkal Karmachari Sangha. It is, therefore, obvious that the Municipality could not consider this demand and refuse it and this demand should not therefore be construed as the basis of an industrial dispute between the parties.

On merits also this claim is unjustifiable. The messengers at Serampore get monthly tickets to come to the central office at Howrah. The store durwans are only one category of many durwans employed by the Municipality. There is no point in claiming extra remuneration by way of personal allowance for these two categories of employees only. This claim is rejected.

Issue No. 14.—Re-instatement of (1) Upen Das, (2) Jagrup and (3) Garib.

The Howrah Jalkal Mazdoor Union claimed for re-instatement of three dismissed employees, viz., (1) Jagrup, (2) Garib and (3) Upen Das. The Union by its application, dated 24th May 1954, withdrew the case of Jagrup and Garib from the Tribunal. It pressed only the claim for re-instatement of Upen Das before the Tribunal.

It appears from the written statement of the Union that Upen Das was suspended on 25th November 1950 and was dismissed on 6th January 1951. It is also stated that Kanai Lal Chatterjee, Filter Supervisor, was also suspended on 25th November 1950. Both Upen Das and Kanai Lal Chatterjee were asked to explain their conduct which was duly done. On 6th January 1951 Upen Das was dismissed from service, while Kanai Lal Chatterjee was transferred to Howrah from Serampore Waterworks. This dismissal order passed by the Chairman on 6th January 1951 was confirmed by the Commissioners after objection was taken by the Union on the matter on 2nd September 1952. It is claimed that the dismissal of Upen Das was unjust, unfair, illegal and invalid.

In its written statement, the Municipality states that the present Board of Municipal Commissioners only confirmed the order of dismissal of Shri Upen Das by the previous Chairman and hence the allegations against the present Board are not correct. The dismissal orders took effect from 25th November 1950, and cannot be re-opened now under any circumstances and under the existing rules the person appointed in place of Upen Das has been already confirmed.

It appears that by letter, Ext. D(1), the Superintendent of Waterworks asked for explanation of Upen Das and seven other persons including Kanai Lal Chatterjee, Filter Supervisor, why disciplinary action should not be taken against them for holding a meeting with the inferior staff of the Waterworks on the verandah of Aldin House on Friday, the 27th October 1950, in the afternoon without any permission of the authorities and further to show cause within two days why disciplinary action should not be taken against them for leaving their work without permission of their superiors while they were on duty, and thereby breaking the discipline of the factory. This letter was dated 31st October 1950. The explanation of the persons concerned is Ext. D(2). In this letter, all the persons jointly denied having held a meeting as alleged. Exhibit A is the report of the Superintendent to the Engineer on the matter. Exhibit A(1) is the detailed report of the Engineer to the Chairman of the Municipality regarding the holding of the meeting by Upen Das and others on 27th October 1950. This report is dated 11th November 1950, and in this report the Engineer characterises the explanation, Ext. D(2), of the workmen in question as untrue. The report of the Engineer shows that Upen Das, blacksmith, and Filter Supervisor Kanai Babu, took the lead in holding the meeting. Exhibit A(2), dated 22nd November 1950, is the order of the Chairman of the Municipality suspending Upen Das and Kanai Lal Chatterji and calling for their explanations why disciplinary action should not be taken against them for wilful disobedience. This explanation by Upen Das is Ext. B. In this explanation, Upen Das states that the order of the Chairman is vague, that it gives no instance of disobedience which is to be explained, and that there is no charge of any offence against him and the order of suspension was unjustified. He requested the Chairman to withdraw the suspension order and to institute an enquiry on the spot over the matter. Exhibit C is the order of dismissal of Upen Das by the Chairman. This order shows that the explanation of Upen Das was not accepted as satisfactory and he was dismissed. Shri Kanai Lal Chatterjee, Filter Supervisor, was transferred from Serampore Waterworks to Howrah.

Shri Manick Lal Chatterji, the Superintendent of the Waterworks, deposed in this case. He resides within the Waterworks compound. He states in evidence that Upen Das and others held a meeting within the Waterworks without permission, that explanations were called for from Upen Das and others and that the Chairman was not satisfied with the explanation and Upen Das was dismissed. On a consideration of the matter, it appears that the dismissal of Shri Upen Das was made by the Chairman after proper enquiry on the charge on which he was asked to explain. Upen Das, it appears, was found guilty of holding meeting within the compound of the Waterworks without the permission of the authorities and the Chairman in consideration of his past record and the present lapse thought it fit to dismiss him. It appears that there is evidence to support the action of the Chairman of the Municipality and this Tribunal will not therefore interfere with such action. The decision of the Chairman does not come under any of the four exceptions detailed by the Labour Appellate Tribunal in the Buckingham and Carnatic Company's Case (1952 L.A.C., 490).

The claim of re-instatement of Upen Das is, therefore, rejected. The Union is not entitled to any relief in respect of this claim. The issue is accordingly answered.

Issue No. 15.—Revision of existing grades of pay for drivers.

The Howrah Municipal Workers' Union states in its written statement that Overseers and drivers were previously put on similar grades and the employees of these two categories were allowed to enjoy equal benefits in regard to pay scales and other privileges but that the system has been changed and the drivers are now put on lower grades than the Overseers. It is claimed that drivers and Overseers

should be in similar grades and the scale of wages of drivers should be revised accordingly.

The Municipality in its written statement states that Overseers and drivers were used to be in similar grades and they enjoyed equal benefits and privileges a long time ago. Since then grades have been revised several times and the Conservancy Overseers have already received higher grades of salaries than the lorry drivers. The pay structure, dearness allowance, etc., were revised in consultation and agreement with most of the employees and those who objected had the matter decided by the Industrial Tribunal presided over by Shri P. R. Mukherjee. The conditions of service of the Conservancy Overseers are much different from the lorry drivers inasmuch as the Overseers have to attend office from 2-30 p.m. in the afternoon, besides their morning duty when they have to supervise the work of the methors. It is further stated that the wages of the drivers of this Municipality is even higher than what is paid by the Calcutta Corporation and that the demand for increase of wages is absolutely unjustifiable.

It appears that a Conservancy Overseer has to attend the office at 4 a.m. and to supervise the work of the methors. He can leave office at about 11 or 12 in the forenoon and has again to come to the office at about 2-30 p.m. and to work there up to 6 p.m. or as long as the Health Officer is in the office. It was pointed out to me by the learned spokesman for the Municipality that the lorry drivers work only for 6 hours in this Municipality as against 9½ hours in the Calcutta Corporation and that the lorry drivers in this Municipality get the scale of wages of Rs. 60—4—140, whereas the lorry drivers in the Calcutta Corporation get salary in the scale of Rs. 55—5—60—4—80—5—110. Exhibit E shows the scale of wages of drivers and Conservancy Overseers since 1946 and it shows that there have been revision of salaries since then of these categories of employees several times since 1946. The plea that the lorry drivers should have the same salary as the Conservancy Overseer is without any substance, because the job of the lorry drivers cannot be equated to that of a Conservancy Overseer. The wage scale of the lorry driver should rather be compared to that of his compeer in the Calcutta Corporation. At this test, the lorry driver of the Howrah Municipality cannot make out a case for grievance. I do not consider that there is any point in the claim for a revision of the wage scales of the drivers.

Issue No. 16.—Court expenses incurred by the lorry drivers for the Municipal cases.

The Howrah Municipal Workers' Union states in its written statement as follows :

The lorry drivers of the Road Department of the Municipality are to carry rubbish on lorries accumulated on both sides of the road. For that reason, they are to drive the lorries sometimes in such a way that the police authorities do not consider that practice to be in keeping with the traffic rules. Besides that, due to other reasons beyond the control of the driver, the traffic police file cases against them and the drivers are required to spend money for court expenses. Except in special circumstances, the lorry drivers should not be considered liable for such cases. If the authority does not grant any protection to its employees and does not take any responsibilities for the trouble, the result will be that the employees will not be able to spend their full wages for family requirements and a considerable portion of the same will be spent for municipal affairs.

The Municipality in its written statement states as follows :

The lorry drivers of the Municipality are bound by the statutory Motor Vehicles Rules and other laws in the discharge of their duties and if they infringe any law, they are bound to be prosecuted for such infringement. the demand

of the Union cannot be conceded as it would be against public policy. The Commissioners have adopted the practice of making some advances to the accused lorry drivers in the case of accidents if they so think proper after considering the merits of each case and after receiving application from them. If the drivers are acquitted in the criminal court, the expenses are borne by the Municipality, otherwise the same is recovered from the drivers.

The plea of the Union that the drivers have to disobey the Traffic Rules in doing their duty is not acceptable. The drivers are to obey the Traffic Rules without any doubt. In case of any infraction of the Traffic Rules, they will be prosecuted by the police and the Municipality cannot help in the matter. The learned spokesman for the Municipality informs me that the present system followed by the Municipality is that on the application of the driver in individual cases, the Municipality enquires into the matter and if the driver is not found guilty by the court, he is given all court expenses and also reasonable expenses for pleader's cost. Nothing is paid if he is found guilty by the Court. This appears to be a very healthy practice. The Municipality should also follow the following principles in the case of accidents. If the Municipality on enquiry finds that the accident caused by the lorry driver was beyond his control, and the offence of the driver can be condoned, the Municipality will pay him the expenses of the case, being all court expenses and reasonable expenses for the pleader's fees. If it is found by the Court that the accident was on account of any defect in the car, the Municipality should pay the court expenses and reasonable pleader's fees to the lorry driver.

MEDICAL AND PUBLIC HEALTH DEPARTMENT

Medical

NOTIFICATIONS.

No. Medl./4852/2D-49/54.—28th June 1954.—The following draft of amendment which, in exercise of the power conferred by section 33 of the Drugs Act, 1940 (XXIII of 1940), the Governor after consultation with the Board, proposes to make in the Bengal Drugs Rules, 1946, as subsequently amended, is published, as required by the said section, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 28th September 1954 and any objection or suggestion with respect thereto which may be received by the undersigned before that date will be considered:—

Draft amendment.

For Part VIII of Schedule "E" to the said rules, *substitute* the following, namely:—

"Part VIII.—Injection of Adrenaline.

Proper name.—Injection of Adrenaline (Epinephrine) is a sterile solution of adrenaline in water for injection containing in each 100 mills. 0·08 gm. tartaric acid, 0;08 gm. Sodium Chloride and not less than 0;09 gm. and not more than 0·110 gm. $C_9 H_{13} O_3 N$.

Standard preparation.—The standard preparation is a quantity of pure adrenaline, which satisfies all the tests for purity specified in the International Pharmacopoeia. The specific rotation of a 4 per cent. w/v solution of standard adrenaline in N/1 hydrochloric acid, should be between—50 and—53 degree when the angular rotation is observed in the D line of the sodium spectrum at 25°C.

Test for potency.—A suitable solution of adrenaline injected intravenously into a cat or a dog by the methods described below produces a rise in the systolic blood pressure of the animal corresponding to that produced by an equal amount of a solution of standard chemically pure adrenaline.

(i) *Preparation of the solution for the test.*—The following method is suggested:—

Weigh accurately about 0·050 gm. of standard adrenaline, dissolve it in 5 c.c. of N/1 Hydrochloric Acid and dilute this to 50 c.c. by the addition of distilled water, thus making a 1 in 1,000 solution. This solution must be recently prepared, otherwise it deteriorates. It will keep for a short time if preserved in hard glass containers in a refrigerator, but it must be discarded if any signs of deterioration, such as colouration, are observed.

Suitable dilutions of the standard adrenaline solution may then be made in physiological saline for comparison with equivalent dilutions of injection of adrenaline to be tested.

(ii) *Methods of comparison of potency.*—The following methods of assay are suggested:—

(a) For the purpose of the assay a full grown cat, preferably male, should be used. The cat should be anaesthetised with a suitable anaesthetic, the spinal cord should be divided and the brain destroyed, the respiration being maintained artificially. The blood pressure is estimated by inserting a cannula into the carotid artery and connecting the same with a mercury manometer which records on a moving drum. The injections are made into the exposed femoral vein. The blood pressure must be low and must not vary before experiments are started.

Determine the amount of standard solution necessary to cause a sub-maximal rise in blood pressure by injecting intervenously varying doses of the solution at regular intervals and after a satisfactory dose has been ascertained the uniformity of reactions should be tested by the injection of two or more doses of equal size. If these injections produce approximately equal increases in blood pressure, alternate injections of the solution to be tested and of the standard are made varying the amount of the unknown until two or more successive injections raise the blood pressure to the same height, indicating that the amount of active agent is the same in the doses used. From the result thus obtained the strength of the unknown solution may be determined and adjusted.

(b) For the purpose of the assay, a dog of medium size should be used. The animal should be anaesthetised with a suitable anaesthetic and maintained under artificial respiration. It is prepared for blood pressure estimations by inserting a cannula into the carotid artery and connecting the same with a mercury manometer which records on a moving drum. The injections are made into the exposed femoral vein. Before the test is made, in case any muscular movement such as twitching is present, the dog should receive by intravenous injections a sufficient dose of curare, but if the animal is deeply anaesthetised, this is not necessary. The dog should also receive a sufficient dose of atropine sulphate (from 0·001 gm. to 0·002 gm. per kg. of the dog's weight) to paralyse the vagi, this paralysis being proved by electrical stimulation. Injections must be made at regular intervals of approximately 5 minutes.

Determine the amount of standard solution necessary to cause a rise in blood pressure from 30 to 60 mm. of the mercury by injecting intravenously varying dose of the solution and after a satisfactory dose has been ascertained, the uniformity of reaction should be tested by the injection of two or more doses of equal size. If these injections produce approximately equal increases in blood pressure, alternate injections of the solution to be tested and of the standard are made varying the amount of the unknown until two or more successive injections raise the blood pressure to the same height indicating that the amount of active agent is the same in the doses used. From the results thus obtained, the strength of the unknown solution may be determined and adjusted.

Containers.—(1) Ampoules shall be made of resistance glass passing the B.P. tests for limits of alkalinity of glass. Containers other than ampoules shall be made of amber coloured resistance glass passing the B. P. test of alkalinity of glass.

(2) The drug shall be put up only in single-dose containers.

Storage.—Injection of adrenaline shall be kept in ampoules, protected from light. If the solution becomes brown in colour or contains a precipitate, it must be rejected. A suitable preservative may be added to the solution.

Labelling.—The label of the container shall contain the following in addition to any other particulars prescribed in these rules:—

1. Strength of the solution.
2. The word "Sterile" or the words "suitable for parenteral injection."
3. Dose (0·02 to 0·5 ml. by injection).
4. Date of manufacture and date of expiry, the intervening period must not exceed one year.
5. The name and strength of any preservative or anti-oxidant added should be mentioned.

Caution.—If the solution is brown in colour or contains a precipitate it must be rejected."

Calcutta.—No. Medl.4911/DHS/1S-83/54.—1st July 1954.—The Governor was pleased to grant Dr. Sourindra Mohan Chakravorty, M.B., D.G.O. of the West Bengal Medical and Health Service, last employed as Registrar, Midwifery Department, Nilratan Sircar Medical College Hospital, Calcutta, earned leave for the period from the 16th December 1953 to the 9th January 1954, under rule 167(ii) of the West Bengal Service Rules (Part I), in extension of the leave granted to him under notification No. Medl.7833/DHS/1S-84/53, dated the 19th December 1953.

By order of the Governor,

P. M. DATTA, Dy. Secy.

ORDER.

No. Medl. 4953/2D-72/54.—3rd July 1954.—In exercise of the power conferred by clause (d) of sub-section (1) of section 28 of the Dentists Act, 1948 (XVI of 1948), the Governor is pleased to sanction the following rules proposed to be made by the West Bengal Dental Council providing for the creation of a Provident Fund for the benefit of the employees of the said Council and for opening of a Savings Bank Account for depositing the Provident Fund money with the post office and for the control and management of such Fund.

West Bengal Dental Council Provident Fund Rules.

1. Every whole-time permanent employee of the West Bengal Dental Council shall be entitled to the benefit of a Provident Fund.

2. The Fund shall consist of the employees' subscription amounting to 6¼ per cent. of the monthly basic salary, an equal amount as the employers' contribution, and the interest accrued thereon on investment in the Postal Savings Bank hereinafter referred to as the Savings Bank.

3. The President and the Registrar of the Council shall be the Trustees of the Fund. The Registrar shall, on behalf of the Trustees, operate the account in accordance with these rules.

4. The management of the Fund shall be entrusted to a Managing Committee consisting of 3 members, namely, the President, the Registrar and one member nominated by the subscribers.

5. The Managing Committee shall maintain an individual ledger for each of the subscribers in Form "A" (annexed herewith) and shall, when the Savings Bank has credited the account with interest, distribute the interest proportionately to each subscriber at the end of each year. Every subscriber shall satisfy himself as to the correctness of his account and shall sign a certificate in token of his acceptance thereof.

6. *Withdrawal of deposit.*—(a) The total sum at the credit of a subscriber in the Fund shall be payable to him on the termination of his service subject to the right of the employers to deduct therefrom any sum due to themselves, provided that the sum deducted shall not exceed their contributions to the subscriber's account in the Fund:

Provided further that if a subscriber is dismissed or removed from service, the employers' contribution for a period not exceeding two years may be withhold at the discretion of the Managing Committee.

(b) On the death of any subscriber while in service, the amount at the credit in the fund shall be paid to his nominee or nominees in accordance with the nomination made by such subscriber in Form "B" (annexed herewith).

(c) A temporary advance subject to the following conditions may be allowed by the Managing Committee to a subscriber, provided that he has been in service for not less than two years, for expenses in connection with the illness of the subscriber or of any member of his family, marriage or funerals of any member of his family or religious ceremonies to be observed by the subscriber and the like:—

(i) Advances so allowed shall not exceed the aggregate of the subscribers' subscriptions, and shall be recovered in 12 to 24 equal monthly instalments, from the first payment of a full month's salary after the advance is paid, but no recovery shall be made from a subscriber while he is on leave other than leave on full pay.

(ii) When an advance is repayable in 12 instalments or more, an additional instalment representing interest calculated to the nearest anna equivalent to 4 per cent. of the amount of advance shall be paid by the subscriber provided that two such additional instalments shall be paid when the advance is repayable in 24 instalments.

(iii) When an advance has already been granted to a subscriber, a subsequent advance shall not be granted to him, except for strong reasons to be recorded in writing by the Managing Committee, unless at least 12 months have elapsed since the complete repayment of the last advance taken.

7. The employers shall not be bound by, or recognise, any assignment or encumbrance executed or attempted to be created which affects the disposal of the amount to the credit of a subscriber who dies before retirement.

8. The decision of the Managing Committee on all questions arising out of these rules shall be final.

9. These rules may at any time be modified by the employers but not so as to affect prejudicially the interests of the subscribers prior to the date of modification.

COST OF LIVING INDEX.

Asansol-Raniganj Area.

A family budget enquiry was conducted during the period August 1951 to February 1952 at the Raniganj-Asansol industrial area during which 2,145 budgets were collected. Of these 1,638 were family budgets and 507 were singleman's budgets 13 family budgets being rejected for internal discrepancy, 1,625 budgets were accepted for tabulation. The weights used for the preparation of the cost of living index for the area are thus based on the pattern of expenditure of 1,625 families of industrial workers employed in the registered factories in the area.

The weights, *i.e.*, the percentage of expenditure on broad groups of items of an average family for all industries combined and for all expenditure levels taken together are as follows :—

Food	..	..	64·77
Fuel and lighting	..	..	4·01
Clothing	..	..	7·30
Miscellaneous	..	..	21·46
House rent	..	..	2·46

Selection of items.—With a view to make the Cost of Living Index representative of the actual pattern of consumption of the workers employed in the area, it is necessary to utilise as much of the weights as it is possible in the preparation of the index. But the difficulty arises on the subject of availability of price quotations at regular intervals during the whole year. Making a compromise it is necessary to lump the weightages of certain items with those of others. This procedure has the advantage of not ignoring the importance of items which have actually been consumed. There are certain items like interest on loan, postages, sweeper, religious rites, etc., whose weights cannot be utilised for the purpose of preparing the index as the price quotations for such items are not regularly obtained and the weights themselves are very small and have therefore been left out.

Number of items.—In all 55 items have been selected for the purpose of the index representing 87·98 per cent. of the total weightage of a standard budget. These are distributed in groups as (i) Food, (ii) Fuel and Lighting, (iii) Clothing, (iv) Miscellaneous and (v) House Rent. Number of items in each group is shown below :—

Food	..	..	25
Fuel and Lighting	..	..	5
Clothing	..	..	12
Miscellaneous	..	..	15
House Rent	..	..	1

In the above group in general clothing includes footwear, miscellaneous includes conventional necessities and intoxicants. House rent is inclusive of rents, taxes and repairs.

The table below shows the distribution of weights in different groups as taken from the standard budget and the percentage of the cost of these items to the total cost of the items in the groups as shown from the standard budget.

Groups.	Actual weights.	Percentage of cost on items included to total cost in the respective groups.
Food	62·86	97·06
Fuel and Lighting	3·97	99·00
Clothing	6·40	87·67
Miscellaneous	12·31	57·36
House Rent	2·44	99·18
Total	87·98	

Details of lumping :—

(A) FOOD GROUP.

(i) Weights of paddy, chira and muri have been lumped with that of rice as they are different forms of the same item and their prices vary directly.

(ii) Weights of bread and biscuit have been added to the weights of wheat and atta.

(iii) Weights of tomatoes and other vegetables which are available in different seasons have been distributed over the weights of (a) potato, (b) brinjal and (c) onion in the same proportion as the latter items bear to total in the group.

(iv) Weight of curd has been added to the weight of milk and that of butter to ghee.

Items like kitchen garden products, dried fish, pork, fowl have not been considered to be items of wide use as the proportion of expenditure on these items is very small. These are not either priceable nor the price quotations are collected regularly. These items have as such been dropped out.

(B) CLOTHING GROUP.

Besides dhoties and sarees all other cloth sold per yard have been brought under (a) shirting, (b) coatings and (c) Drill. Weights of shoes and sandals consist of footwear for both males and females.

Prices of caps, turbans, woollen articles, umbrella and tailoring are not collected regularly and as such they have been left out.

(C) MISCELLANEOUS GROUP.

Weight of toilet soap includes the weight of other toilet goods and washing soap includes the weight of washing soda.

Liquor includes weight of other liquors.

(D) HOUSE RENT GROUP.

Weight of House Rent is inclusive of weights on account of rent, tax and repairs and other expenses incidental thereto.

The table below gives the details of items included in the index with their original weights after being lumped as explained above and the adjusted weights expressed as percentage of total weights in the respective groups :—

Base Period.—Family Budget Enquiry in the area was conducted in the year 1951-52. As the base period for Cost of Living Index should synchronise as far as possible with the period of Family Budget Enquiry the calendar year 1951 has been selected as the base of the index.

Periodicity.—Index figures will be compiled month by month from January 1952.

Price quotations.—Prices of consumers goods are obtained every week from the appointed price collecting agents from four centres in the area, namely (1) Asansol, (2) Ranigange, (3) Burnpore and (4) Kulti.

The prices are collected from important retail shops and markets in the areas.

Compilation.—Prices of articles entering in the compilation of index have been collected every week from the four centres mentioned above since the beginning of 1951. Average prices of each article have been calculated on the basis of these weekly prices for the different centres separately. Annual average price of different articles in different centres have been calculated and finally the average for all the centres have been further averaged to give annual average prices of the articles in the whole area.

Simple index, *i.e.*, relative increase or decrease of price of each item compared to that of the base price have been calculated. These relatives have then been multiplied by the corresponding weights to find out the group index. Each group index is again multiplied by the corresponding group weight as found in the family budget enquiry. Weighted average of the sum of such products is then calculated to find out the General Cost of Living Index.

4. The 16 workmen as named in the schedule to the order of reference were all employed in the "B" Ticket Department of this Company. They were retrenched on 31st March 1953 on the ground of total absence of Government orders after offering one month's salary in lieu of notice to all of them.

The 14 workmen, who put in appearance, alleged among others by a joint written statement that they had reasons to apprehend that the retrenchment was nothing but a clever device adopted with improper motive and with a view to wean away the workers from trade union activities. In making the retrenchment the Company did not observe the rule of seniority in service and this was an instance of unfair labour practice. In the circumstances, the workmen prayed for reinstatement and for payment of compensation to them for the period of forced unemployment.

In reply the Company denied having acted *mala fide* in the matter or from any extraneous considerations and pleaded that the retrenchment was effected for *bona fide* trade reasons due to total absence of Government orders, and that it had no connection whatsoever with workmen's union activities. Besides, it is said that no question of seniority arose as all those who worked in the "B" Ticket Department were temporary workmen and as the said "B" Department was wholly closed down for want of orders for blank tickets from E. I. Railway for which it was opened. In the circumstances, the Company submitted that the claim of the workmen should be dismissed.

DECISION.

The onus to justify the retrenchment is upon the Company. It has examined its acting Manager, D.W. 1, Mr. C. C. Duncan, its accountant, D.W. 2, Shri Deba Prasad Sen Gupta and the cashier, D. W. 3, Shri Benode

Behari Adak, besides proving documents, exts. A to F. On the other hand none of the workmen have deposed except P.W. 1, Shri Benode Behari Jana.

The Company does printing and binding works. It has a permanent ticket department called "A" Ticket Department in which printed tickets are manufactured. The operations in "A" Department comprise cutting, chopping, printing and packing (vide D. W. 1). This department has been in existence for supply of printed tickets to Messrs. R. S. N. Co., Ltd., I. G. N. & R. Co., Ltd., S. P. R. T. & Co., Ltd., and McLeod & Co., Ltd., and other concerns (vide D. W. 2).

Then an order for blank tickets was received in September 1950, from the E. I. Railway, it (ext. D) being the first order. "B" Ticket Department was so opened in September 1950, to execute the said order for blank tickets from E. I. Railway. The operations in this department (which was to produce blank tickets) were limited to cutting, chopping and packing. The 16 workmen named in the order of reference came to join service of this Company in the "B" Department and admittedly worked only in this Department. The evidence shows that they were the only employees in the said "B" Department.

After receipt of the first order in September 1950, the evidence shows that 4 out of 16 workmen, namely, Shri Binode Behari Jana, Shri Khetrobasi Mohanti, Shri Hrishikesh Mohallik and Shri Provakar Seeain (serials 1 to 4 of the order of reference) were appointed on 11th September 1950 for work in "B" Department for production of blank tickets and packing. P.W. 1, Shri Benode Behari Jana, who deposed in this case admitted in cross-examination that he was so appointed for the first time on 11th September 1950. The second order was received on 31st March 1951 (vide D. W. 2) and it appears that in between May and July 1951 the remaining 12 workmen were appointed for work in "B" Department. D.W. 1, who was then acting in the absence of the permanent Manager on leave, appointed these 12 workmen. Exts. A, A1 and A2 are the chits showing these appointments. These chits recite that the workmen were taken on temporary basis. D.W. 1 also deposed that when he appointed these workmen he distinctly told them that they were being taken on temporary basis and that when they would have no work for blank tickets, their employment would automatically terminate. The remaining workmen were appointed by the permanent Manager, Mr. McKenzie. It is also in evidence that he too appointed the workmen on purely temporary basis in connection with production of blank tickets for E. I. Railway. It is, therefore, apparent that none of the 16 workmen had served the Company for more than 2½ years up to the date of retrenchment on 31st March 1953. In his evidence P.W. 1, Shri Benode Behari Jana in a way admits that they were taken on temporary basis. He also admits that they made petitions to the Company for being made permanent after putting in service for 11 months or so. It is also admitted that when they claimed to be made permanent, the Company replied on 9th November 1951 and 12th December 1951 as in annexures 1 and 2 to the written statement of the Company. The Company reiterated in reply to the claim of the workers that they were recruited on a purely temporary basis for a temporary contract which was to last for a certain period only and as such they could not be confirmed and treated as permanent employees of this Company. The workmen were accordingly informed that they were to continue to be temporary. It appears that after such replies the workmen kept silent for long and then only in January, 1953, when they scented impending retrenchment, they moved the Labour Commissioner for taking the issue regarding permanency with the management. As a result the Labour Commissioner forwarded a copy of their

application on 8th January 1953 to the Company for its comments (vide ext. F). The Company forthwith replied to it on 9th January 1953 refuting the charges as per annexure 6 to the Company's written statement. Thus it will appear that these workmen were not only recruited on temporary basis but also their claim for being made permanent was not acceded to by the Company at any time. The case of the workmen that they had left employment of another Company on a promise of higher pay and permanency by this Company cannot be sustained in view of the facts and circumstances. No doubt the Standing Orders as awarded by the Tribunal for the Printing Presses provide for permanency after continuous service for 12 months, but this has no application to these workmen when they had been recruited expressly on temporary basis to last till duration of production of blank tickets. Besides when the Company up to the date of retrenchment did not concede their claim for permanency, it cannot be said that they automatically became permanent after service of 12 months. So, all these 16 workmen, I agree, were temporary employees.

According to the Company, retrenchment was effected due to total cessation of Government orders for blank tickets. There is no dispute between the parties that the Company had only one sillting machine. It is also not disputed that in one shift work, the said machine can produce 12 lakh tickets a day (vide P.W. 1). So, if there was regular supply of boards from the Government, 50 lakh tickets could be produced in course of 4 days. The evidence shows that for want of regular supply of boards these workmen were on idle time mostly in course of their employment. In this state of affairs the Company came to learn in January 1953, that they would not be given any more order for blank tickets. Then the Company received a letter from Government of India, Stationery Office, on 23rd March 1953, ext. C, saying that the terms of supply as per rate of contract entered into with the Company for the year 1952-53 would last up to the 31st March 1953 and in no circumstances any supply should be made after 31st March 1953. Thus the Company got clear notice that they would have no work in this department after 31st March 1953. Evidence of P.W. 1 that when they were retrenched on 31st March 1953, the Company had an outstanding order for 50 lakh tickets cannot be sustained in view of clear recitals in ext. C. That there would be no further order for blank tickets was confirmed by a letter (ext. C1) which the Company received in May 1953 directing it to take return of security money deposited by it. So when the orders for blank tickets ceased for which "B" Department was opened, it is inevitable that the 16 workmen who were appointed in the said "B" Department became redundant. The Company was therefore justified to abolish the "B" Department and to retrench the 16 workmen. There is nothing to show that in making the retrenchment the management was actuated by any extraneous considerations. If the workmen had formed a new union, there is nothing to show that it had influenced action of the Company. The evidence and circumstances on the contrary clearly indicate that the retrenchment was effected for *bona fide* trade reasons. I accordingly find that the retrenchment was justified. As to the grievance of P. W. 1 that the three workmen,—Haripada, Kalo and another boy who were working in "B" Department have not been retrenched but retained in service, his own evidence in cross-examination shows that these are employees who were working in other departments of this Company before "B" Department was created and that they were transferred to work in "B" Department after it was opened. So when they are permanent and when the evidence reveals that they are senior to the 16 workmen retrenched, no grievance can be made about it.

As to the relief, it appears that the Company offered one month's salary to the workmen retrenched in lieu of notice. As temporary workmen they

are entitled to no compensation. The Tribunal cannot, therefore, interfere in the matter. It is accordingly held that the workmen are entitled to no further relief. I award accordingly.

As to the grievance of P. W. 1 that he did not receive the notice pay and other dues, it appears from the evidence that on his own requisition by postcard dated 30th July 1953, the Company remitted the amount to him by telegraphic money order post on 31st July 1953 (vide postal money order receipt) and received back the acknowledgment due ext. E1. On 1st August 1953 the Company also wrote to P.W. 1 intimating despatch of the money (vide ext. E2). P.W. 1 says that the signature in the acknowledgment, ext. E1, is not his and he had not received the money. If it is so, this is not the proper place to agitate the question. As the Company had sent the money by telegraphic money order according to the instruction of P.W. 1, and as the Company had received back the acknowledgment through post office in due course, the Company cannot *prima facie* be held liable. I am, therefore unable to help P.W. 1 in this respect.

ORDER.

No. 3166Dis./D/15L-8/54.—29th June 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 1807Dis./D/15L-14/52, dated the 4th July 1952, the industrial dispute between Messrs. Sarbamangala Pure Oil Mill, 29/54, Cossipur Road, Calcutta, and their workmen represented by Telkal Mazdoor Congress, 1, Jay Bhattacharjee Lane, Calcutta-3, regarding the matters specified in the schedule to the said order was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Shri Munnar Jeshwara, an employee of the said company, against the said company before the said Tribunal alleging that the said company had punished the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A filed by Shri Munnar Jeshwara against Messrs. Sarbamangala Pure Oil Mills in connection with industrial dispute between Messrs. Sarbamangala Pure Oill Mills versus their workmen under Government order No. 1807Dis., dated 4th July 1952.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Applicant: The workman himself.

For the Company: Shri Gour Mohan Chakraborty, Manager of the Company.

While the aforesaid dispute between Messrs. Sarbamangala Pure Oil Mills and their workmen referred to under Government order No. 1807Dis., dated 4th July 1952, was pending the present application was filed by one Shri Munnar Jeshwara, on the allegation that he has been suspended from work since 27th October 1952 without permission from the Tribunal and he accordingly prayed for reinstatement with compensation. Notice of the application being served, the employer filed a written statement on 27th November 1952, in which they contended that suspension as a security measure is not a punishment, and, therefore, the application under section 33A is not maintainable.

AWARD.

At the time of trial the petitioner did not turn up. Thereafter the petitioner came as a witness for the Company and said on oath that he is now in employ of the Company when no dispute exists with them. In the circumstances, I hold in the first place that suspension by way of security measure is not a punishment and consequently there is no alteration of the service condition. Therefore, petition under section 33A is not maintainable. On merits also there is no dispute as the petitioner has got his dues for the period of non-employment and has also been reinstated to his former post. So, I hold that no dispute exists and I award accordingly that application under section 33A is not maintainable, and on merits also no dispute exists.

ANNEXURE.

In the matter of a Complaint filed by Shri Surendra Nath Sarkar, an employee of Brooke Bond (India) Ltd., under section 33A.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

AWARD.

The Government of West Bengal, in the Department of Labour, referred an industrial dispute between Brooke Bond (India), Ltd., and their workmen by order No. 3241Dis./D/11L-26/52, dated 21st November 1952, to this Tribunal. The award on this reference was published in the *Calcutta Gazette* on 6th August 1953.

On 2nd June 1953, one Surendra Nath Sarkar filed a complaint under section 33A of the Industrial Disputes Act, 1947, stating as follows:—

> The petitioner has been working as a Compounder in the factory dispensary at 3, Hide Road, Kidderpore of Brooke Bond (India), Ltd., Calcutta, since 1st July 1944. The petitioner entered service of the Company on a salary of Rs. 50 per month and by yearly increments is now drawing Rs. 115 per month as basic salary. When the petitioner was first appointed and till about 1947 when a doctor was appointed, the petitioner used to carry on the duties of the dispensary and was in charge of the dispensary. In about 1947 when the said doctor left the service, the petitioner was in charge of the dispensary for one month. On 27th February 1953, the petitioner was charge-sheeted on false charges. An explanation was submitted on 2nd March 1953. The authorities wrongfully held that the charges were proved against the petitioner and on 8th March 1953 by a letter suspended the petitioner from service with effect from 11th May 1953. The petitioner is not being paid any salary or allowance. The Company had no right to suspend the petitioner from service, and by so doing, they contravened section 33 of the Industrial Disputes Act. The petitioner, therefore, prays that the Tribunal may be pleased to adjudicate upon the complaint and pending adjudication, the petitioner may be reinstated on payment of all back arrears of salary and allowances.

The Company, in its written statement, opposed the application and stated as follows:—

It is not a fact that the petitioner was ever entrusted with the duties and responsibilities of a fully qualified doctor, for the simple reason that the petitioner being only a Compounder could never have been found competent to perform the duties of a doctor. The petitioner was not worngfully charge-sheeted. He was given every opportunity to defend himself in the enquiry held against him in connection with the charge of misconduct. The evidence available in the enquiry has been more than satisfactory and sufficient to warrant the finding of guilty. By his gross misconduct, the petitioner has completely forfeited the confidence of the Company, and the Company was justified in its decision to dismiss the petitioner from its service. Pending sanction of the Tribunal for implementation of its decision, the Company has suspended him as a security measure. The Company prays that the petitioner may be dismissed as being incompetent.

On the date of hearing on 25th June 1954, the complainant did not appear. It appears that after the award of the Tribunal was passed on the original reference on 8th July 1953, the Company placed before the Hon'ble Labour Appellate Tribunal an application under section 22 of the Industrial Disputes (Appellate Tribunal) Act, 1950, seeking permission of the appellate court to dismiss the applicant Compounder. Actually the Company had before this Tribunal an application under section 33 of the Industrial Disputes Act in place of which the application under section 22 of the Industrial Disputes (Appellate Tribunal) Act was preferred. The Hon'ble Appellate Court considered the Company's application in Miscellaneous Case No. C-265/53 and passed an order on 4th December 1953 granting permission to dismiss the Compounder. Ext. A is a true copy of that order of the learned Appellate Tribunal. The application under section 33A is not, therefore, competent, as the Company has already received permission from the Hon'ble Appellate Tribunal to dismiss the complainant. The application under section 33A is, therefore, rejected.

Habibpur Hosiery Factory, 6, Marcus Square, Calcutta-7 and their workmen represented by Bengal Hosiery Workers' Union, 356/1, Upper Chitpur Road (Natun Bazar), Calcutta-6, regarding the matters specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

Habibpur Hosiery Factory, 6, Marcus Square, Calcutta-7 and their workmen represented by Bengal Hosiery Workers' Union, 356/1, Upper Chitpur Road (Natun Bazar), Calcutta-6, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.
